Madison Park MP40-6550

Madison Park Galen Cordless Roman Shade (35"W x 64"H, Sheen Ivory) Instruction Manual

Model: MP40-6550

Brand: Madison Park

Product Overview

The Madison Park Galen Basket Weave Light Filtering Roman Shade offers a simple and convenient update to your home decor. This ivory roman shade features a basket weave texture base fabric that creates a natural look and feel. A thermal foam backing on the reverse provides energy efficiency and enhanced privacy. The cordless retraction mechanism makes it easy to open and close the window shade throughout the day, while the detachable fabric face allows for easier assembly and cleaning by lightly shaking or dusting. Though detachable from the hook and loop fastener, the top face fabric is NOT fully removable. Each shade is also OEKO-TEX certified, meaning it does not contain any harmful substances or chemicals to ensure quality comfort and wellness.

Key Features

- **True to Size:** Refer to the sizing guide for the best fit. For inside mount, order 0.5" narrower than your window; for outside mount, 3" wider.
- **Upgraded Style & Function:** Features an elegant soft sheen basketweave fabric with improved brackets and puller design for smoother operation and long-lasting durability.
- **Room Darkening & Energy Efficient:** Reverse thermal foam backing blocks 40–70% of light, reduces energy costs, and enhances privacy. Note: direct sunlight at certain angles may reduce light-blocking effectiveness.
- **Cordless & Child Safe:** Hassle-free cordless design with weighted hem for smooth operation and a clean look. Safe for homes with children and pets. Oeko-Tex Certified for trusted quality and safety.
- **Easy Care & Matching Options:** Lightweight for simple installation. Velcro-attached front fabric detaches for light cleaning and steaming.

Components Included

The package includes the following components:

- 1 Roman Shade
- Mounting Brackets
- Bracket Screws
- Wall Anchors
- Pull Handle

Setup and Installation

Proper measurement and installation are crucial for optimal performance and appearance of your Roman shade. Please follow these guidelines carefully.

1. Measuring for Mounting

Determine whether you will use an inside mount (within the window frame) or an outside mount (above and around the window frame).

Figure 2: Sizing Guide for Inside and Outside Mounts.

- **Inside Mount:** Measure the exact width inside the window frame. For a proper fit, subtract 0.5 inches

from the total width. The height should be measured from the top to the bottom inside the window frame without any deductions. A minimum depth of 3 inches is required for proper installation.

- **Outside Mount:** Measure the window width and add at least 3 inches total (1.5 inches per side) for better light control and privacy. Install the shade at least 3 inches above the window frame for proper coverage.

2. Step-by-Step Installation

Follow these steps to install your Roman shade:

1. **Measure & Mark:** Measure the desired position for your brackets. For an outside mount, measure 3 inches over your window frame. Mark the screw holes using a pencil.
2. **Drill Holes:** Drill pilot holes at the marked locations. If drilling into drywall without a stud, use the provided wall anchors.
3. **Mount Brackets:** Securely attach the mounting brackets to the wall or ceiling using the provided screws. Ensure they are firmly tightened.
4. **Attach Roman Shade:** For easier fitting, detach the Roman shade fabric face from the headrail. Place the headrail onto the brackets by inserting the back side of the headrail first, then pushing the front side upward until it snaps into place.
5. **Reattach Fabric Face:** Once the headrail is securely mounted, reattach the fabric face to the headrail using the hook and loop fastener.

Operating the Roman Shade

Your Madison Park Galen Roman Shade features a cordless retraction mechanism for smooth and easy operation.

- **To Lower the Shade:** Gently pull down on the bottom rail or the integrated pull handle. The shade will extend downwards and lock into place at your desired height.
- **To Raise the Shade:** Gently push up on the bottom rail or the integrated pull handle. The shade will retract smoothly upwards. You can stop it at any point to achieve your preferred level of light and privacy.

Maintenance

To keep your Roman shade in excellent condition, follow these care instructions:

- **Spot Cleaning:** For minor dust or debris, gently dust the shade or use a soft cloth for spot cleaning.
- **Detachable Fabric Face:** The top face fabric is detachable via hook and loop fasteners for easier cleaning. Gently shake or lightly dust the detached fabric. Note: The top face fabric is detachable but not fully removable.
- **Steaming:** If wrinkles occur, you may lightly steam the fabric face on a low setting.

Troubleshooting

If you encounter any issues with your Roman shade, please consider the following:

- **Shade not retracting/extending smoothly:** Ensure there are no obstructions in the mechanism. Gently guide the shade up or down. If the issue persists, check if the mounting brackets are securely fastened and the headrail is properly seated.
- **Light leakage:** Verify that the shade size is appropriate for your window and that it is installed correctly according to the inside or outside mount instructions. For outside mounts, ensure sufficient overlap (at least 1.5 inches on each side) to minimize light gaps.
- **Fabric wrinkles:** Lightly steam the fabric on a low setting as per maintenance instructions.

Specifications

Material	Face: 100% Polyester Flocking: 100% Rayon
Product Dimensions	64"L x 35"W
Brand	Madison Park
Color	Basketweave Sheen Ivory

Opacity	Room Darkening (blocks 40-70% of light)
Recommended Uses	Indoor, Home Decor, Window
