Hot Wheels GWT35

Hot Wheels City Shark Attack Playset GWT35 Instruction Manual

Model: GWT35

1. PRODUCT OVERVIEW

The Hot Wheels City Shark Attack Playset (Model GWT35) offers an exciting play experience where children can launch Hot Wheels vehicles to save Hot Wheels City from a giant shark. This playset features a car launcher, a track leading to a shark with snapping jaws, and a scoring stand. It is designed for interactive play and can be connected with other Hot Wheels City sets to expand the adventure.

2. SAFETY INFORMATION

WARNING: CHOKING HAZARD – Small parts. Not for children under 3 years.

Always supervise children during play. Ensure all connections are secure before use. Keep the playset away from pets and infants to prevent accidental ingestion of small parts.

3. PACKAGE CONTENTS

Verify that all components are present before assembly.

- 1 x Hot Wheels City Shark Attack Playset (multiple track pieces and shark mechanism)
- 1 x Hot Wheels Vehicle
- Assembly instructions

4. SETUP

Assembly of the Hot Wheels City Shark Attack Playset typically takes approximately 1 hour. Follow the included visual instructions for detailed steps.

4.1 Assembly Steps

1. Unpack all components from the packaging.
2. Identify the base pieces and connect them securely.
3. Attach the track sections to the base, ensuring they click into place.
4. Mount the shark mechanism onto its designated position on the track.
5. Connect the car launcher to the starting point of the track.
6. Ensure all connections are firm and stable before play.

5. OPERATING INSTRUCTIONS

The Hot Wheels City Shark Attack Playset provides an interactive experience for launching cars and engaging with the shark challenge.

5.1 Launching a Vehicle

1. Place a Hot Wheels vehicle onto the launcher mechanism.
2. Press the launcher button or lever firmly to propel the car along the track.

Image: A child preparing to launch a Hot Wheels car from the playset's launcher.

5.2 Engaging the Shark

The primary objective is to avoid or defeat the giant shark. When a car is launched, it travels towards the shark's jaws.

- If the car is caught by the shark, its jaws will snap shut, trapping the vehicle.
- To free a trapped car and defeat the shark, launch another car with precision to hit the designated target on the shark. This action will cause the shark to open its jaws and release any trapped vehicles.

Image: A Hot Wheels car caught within the shark's open jaws, illustrating the playset's action feature.

5.3 Scoring Stand

The playset includes a scoring stand where cars can land after successfully navigating past the shark or hitting specific targets. This allows for competitive play.

5.4 Expanding Your City

This playset is compatible with other Hot Wheels City sets and orange tracks. Connect additional sets to create a larger, more intricate Hot Wheels world for extended play possibilities.

6. MAINTENANCE

To ensure the longevity and proper functioning of your Hot Wheels City Shark Attack Playset, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the playset surfaces with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Do not immerse the playset in water.
- **Storage:** Store the playset in a clean, dry environment away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically check all connections and moving parts for wear or damage. Discontinue use if any part is broken or compromised.

7. TROUBLESHOOTING

If you encounter any issues with your playset, refer to the following common troubleshooting tips:

- **Car not launching effectively:** Ensure the car is correctly positioned on the launcher. Check that the launcher mechanism is not obstructed and is fully depressed.
- **Shark not snapping or releasing:** Verify that the shark mechanism is properly assembled and not jammed. Ensure the car hits the correct target to trigger the release.
- **Track pieces disconnecting:** Re-check all track connections to ensure they are firmly clicked into place. Avoid lifting or moving the playset by individual track sections.

8. SPECIFICATIONS

Feature	Detail
Model Number	GWT35
Brand	Hot Wheels
Dimensions (L x W x H)	9 x 45.3 x 38.4 cm (3.5 x 17.8 x 15.1 inches)
Weight	1.88 kg (4.14 lbs)
Material	Plastic
Power Source	Non-powered
Recommended Age	5 years and up
Number of Pieces	11
Compatibility	Hot Wheels Track Builder System
Assembly Time	Approx. 1 hour
