2. PRODUCT FEATURES

The Bburago Maisto 1:24 2020 Chevrolet Corvette Stingray Z51 model includes the following key features:

- **Die-cast metal body:** Provides a realistic weight and feel.
- **Plastic parts:** Enhances detail and functionality.

- **Opening doors:** Allows access to the detailed interior.
- **Opening engine compartment:** Reveals engine details.
- **Detailed chassis:** Replicates the undercarriage of the actual vehicle.

Image 2.2: Front three-quarter view with the driver's door open, highlighting interior details.

3. SETUP

The Bburago Maisto 1:24 2020 Chevrolet Corvette Stingray Z51 model comes fully assembled and ready for display or play. No assembly is required.

3.1 Unboxing

1. Carefully remove the model from its packaging.
2. Inspect the model for any visible damage or loose parts.
3. Retain packaging for future storage or transport if desired.

Image 3.1: The die-cast model as packaged in its retail box.

4. OPERATING THE MODEL

This die-cast model is designed for manual interaction. It does not require batteries or external power. The primary interactive features include:

- **Rolling Wheels:** The wheels are free-rolling, allowing the model to be pushed across smooth surfaces.
- **Opening Doors:** Gently open and close the driver and passenger doors to view the interior. Avoid excessive force to prevent damage to hinges.
- **Opening Engine Compartment:** Carefully lift the engine cover to inspect the detailed engine bay.

Always handle the model with care to preserve its details and finish.

5. MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your die-cast model.

5.1 Cleaning

- Use a soft, dry cloth to gently wipe away dust.
- For stubborn dirt, slightly dampen the cloth with water. Avoid harsh chemicals or abrasive cleaners, as these can damage the paint or plastic components.
- Do not immerse the model in water.

5.2 Storage

- Store the model in a cool, dry place away from direct sunlight to prevent fading of paint and plastic.
- Keep away from extreme temperatures.

6. TROUBLESHOOTING

As a static display model, troubleshooting is generally minimal. However, if you encounter any issues:

- **Stiff Moving Parts:** If doors or the engine compartment are stiff, gently work them open and closed a few times. Do not force them.
- **Loose Parts:** If any small plastic parts become loose, they can often be reattached with a small amount of model-safe adhesive.
- **Damage:** For significant damage, contact the retailer or manufacturer for advice.
