JURMERRY Full White Metal Canopy Bed Frame Instruction Manual

Comprehensive guide for assembly, use, and maintenance of your JURMERRY bed frame.

1. INTRODUCTION

This instruction manual provides detailed guidance for the assembly, safe operation, and maintenance of your JURMERRY Full White Metal Canopy Bed Frame. This metal bed frame is designed to be simple and stylish, offering stable support with its sturdy metal steel construction. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

2. IMPORTANT SAFETY INFORMATION

- **Weight Limit:** Do not exceed the maximum weight limit of 660 pounds (approximately 299 kg) for this bed frame. Exceeding this limit may cause structural damage and potential injury.
- **Assembly:** Always follow the assembly instructions carefully. Incorrect assembly can lead to instability or injury. It is recommended to have two adults for assembly.
- **Tools:** Use only the tools provided or recommended in the assembly instructions.
- **Maintenance:** Regularly check all bolts and connections to ensure they remain tight. Loose connections can compromise the bed frame's stability.
- **Placement:** Ensure the bed frame is placed on a flat, level surface to prevent wobbling or tipping.

3. PARTS LIST

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact JURMERRY customer support for assistance.

The assembly video below provides a visual guide to the parts included and their identification. Please note that the video features a black variant of the bed frame, but the assembly process and parts are identical.

Refer to the included physical instruction manual for a detailed diagram and list of all components and hardware.

4. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your JURMERRY Metal Canopy Bed Frame. It is recommended to assemble the bed frame in the room where it will be used.

1. **Unpack and Identify Parts:** Carefully unpack all components from the box. Lay them out on a clean, soft surface to prevent scratches. Refer to the Parts List (Section 3) to identify each component.
2. **Assemble Headboard and Footboard:** Attach the vertical posts to the decorative headboard and footboard sections using the specified bolts. Do not fully tighten bolts until all components are in place.
3. **Connect Side Rails:** Attach the side rails to the assembled headboard and footboard sections. Ensure the connections are secure but do not overtighten.
4. **Install Center Support Legs:** Secure the center support legs to the middle crossbars of the bed frame. These provide crucial support for the mattress.
5. **Place Slats:** Insert the metal slats into the designated slots on the side rails. Ensure each slat is properly seated and secured.
6. **Assemble Canopy Posts:** Attach the upper canopy posts to the main bed frame posts.
7. **Install Canopy Crossbars:** Connect the horizontal canopy crossbars to the top of the canopy posts to complete the canopy structure.
8. **Final Tightening:** Once all components are correctly assembled and aligned, systematically tighten all bolts using the provided tool. Ensure all connections are firm and secure.

5. OPERATING INSTRUCTIONS

The JURMERRY Metal Canopy Bed Frame is designed for use with a Full-sized mattress. No box spring is needed due to the sturdy slatted structure.

- **Mattress Placement:** Carefully place your Full-sized mattress directly onto the assembled metal slats.
- **Weight Distribution:** Ensure weight is distributed evenly across the bed frame. Avoid concentrating heavy loads in one area.
- **Under-bed Storage:** The bed frame offers approximately 12 inches of clearance underneath, providing ample space for storage bins or boxes.

Image 3: Example of under-bed storage.

6. MAINTENANCE AND CARE

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Regular Checks:** Periodically inspect all bolts and connections to ensure they are tight. Re-tighten any loose hardware as needed.
- **Moving the Bed:** If you need to move the bed frame, lift it rather than dragging it to prevent damage to the frame or your flooring. For significant moves, partial disassembly may be required.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bed frame is wobbly or unstable.	Loose bolts or uneven placement.	Ensure all bolts are securely tightened. Verify the bed is on a flat, level surface.
Squeaking noises.	Loose connections or friction between metal parts.	Tighten all bolts. Apply a small amount of lubricant (e.g., silicone spray) to connection points if necessary.
Slats falling out of place.	Improper installation or excessive weight.	Ensure slats are fully seated in their designated slots. Check that the bed's weight limit is not exceeded.

8. SPECIFICATIONS

Brand:	JURMERRY
Model:	FULL (B086WZLNMY)
Size:	Full
Color:	White
Material:	Metal Steel
Form Factor:	Four-Poster Canopy
Product Dimensions:	77.95"L x 53.94"W x 75.6"H
