Setup and First Use

1. **Unboxing:** Carefully remove the bracelet from its packaging. Inspect the bracelet for any visible damage or imperfections.
2. **Initial Inspection:** Check the clasp mechanism to ensure it opens and closes smoothly and securely. Examine the links for any signs of weakness or bending.
3. **Sizing:** This bracelet is 18 centimeters in length. Ensure it fits comfortably on your wrist.

Operating Instructions

- **Wearing the Bracelet:**

To wear, open the lobster clasp by gently pressing the lever. Position the bracelet around your wrist and attach the clasp to the small ring at the opposite end of the bracelet. Ensure the clasp is fully closed and secure.

- **Attaching Charms:**

This bracelet is designed to hold Thomas Sabo charms. Charms typically feature a small lobster clasp or a spring ring. To attach a charm, open the charm's clasp and hook it onto any of the large links of the bracelet. Close the charm's clasp securely.

adorned with a charm.

Maintenance and Care

Proper care will help maintain the shine and integrity of your sterling silver bracelet.

- **Cleaning:**

Clean your sterling silver bracelet regularly with a soft, lint-free cloth. For deeper cleaning, use a specialized silver cleaning solution or a mild soap and warm water. Gently rub the bracelet, rinse thoroughly with clean water, and dry immediately with a soft cloth to prevent water spots and tarnishing.

- **Avoiding Tarnishing:**

Sterling silver can tarnish over time due to exposure to air and moisture. To minimize tarnishing, store your bracelet in an airtight bag or jewelry box when not in use. Avoid contact with harsh chemicals, perfumes, lotions, and chlorinated water.

- **Handling:**

Handle the bracelet with care. Avoid pulling or tugging on the links or clasp, which could cause damage. Remove the bracelet before engaging in strenuous activities.

Troubleshooting

| Issue | Possible Cause | Solution |
|--|--|---|
| Bracelet appears dull or discolored. | Tarnishing due to exposure to air, moisture, or chemicals. | Clean with a silver polishing cloth or a specialized silver cleaning solution. Store in an airtight container. |
| Clasp is stiff or difficult to open/close. | Accumulation of dirt or minor misalignment. | Gently clean the clasp area. If misalignment is suspected, avoid forcing it and consider professional inspection. |
| Links appear bent or damaged. | Physical impact or excessive force. | Avoid wearing during strenuous activities. For significant damage, consult a professional jeweler for repair. |
