**Zinus EU-CSPB-C**

# Zinus Dakel Upholstered Platform Bed Frame Instruction Manual

Model: EU-CSPB-C

## 1. INTRODUCTION

Thank you for choosing the Zinus Dakel Upholstered Platform Bed Frame. This manual provides essential information for the safe assembly, proper use, and maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

## 2. SAFETY INFORMATION

---

- **Maximum Weight Capacity:** The bed frame is designed to support a maximum weight of 159 kg (350 lbs) for single sizes and 318 kg (700 lbs) for all other sizes, including the mattress. Do not exceed this weight limit.
- **Proper Assembly:** Ensure all components are correctly assembled and all fasteners are securely tightened according to the instructions to prevent instability or collapse.
- **Pinch Points:** Be aware of potential pinch points or sharp edges during assembly and when making the bed.
- **Tools:** Use appropriate tools for assembly. Do not overtighten screws, as this may damage the components.
- **Children and Pets:** Keep children and pets away from the assembly area to prevent injury.

## 3. PACKAGE CONTENTS

---

All necessary parts, tools, and instructions are efficiently packed within the zippered compartment of the headboard. Before assembly, carefully unpack all items and verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

Image 2: All components and tools included for assembly.

The package typically includes:

- Upholstered Headboard
- Side Rails (Left and Right)
- Footboard
- Wooden Slats
- Center Support Beam and Legs
- Hardware Pack (bolts, washers, nuts)
- Assembly Tools (e.g., Hex Key, Ratchet Hex Key)
- Instruction Manual

#### 4. SETUP & ASSEMBLY INSTRUCTIONS

Assembly typically takes less than an hour with two people. Follow the clear, step-by-step instructions provided in the manual included with your bed frame.

1. **Unpack Components:** Remove all parts from the headboard's zippered compartment and lay them out on a clean, soft surface to prevent scratches.
2. **Attach Side Rails:** Connect the side rails to the headboard and footboard using the provided hardware. Ensure all connections are secure.
3. **Install Center Support:** Assemble and attach the center support beam and its legs to the bed frame.
4. **Place Wooden Slats:** Position the wooden slats across the bed frame. The slats are designed to minimize noise and extend mattress life. Many Zinus bed frames feature a hook-and-loop fastener system to secure the slats in place.

*Image 3: Secure wooden slats with hook-and-loop fasteners for noise-free operation.*

5. **Final Check:** Double-check all bolts and connections to ensure they are tight and the frame is stable before placing your mattress.

## 5. OPERATING INSTRUCTIONS

---

The Zinus Dakel bed frame is designed for straightforward use:

- **Mattress Placement:** Carefully place your mattress directly onto the wooden slats. No box spring is required.
- **Weight Distribution:** Distribute weight evenly across the bed frame. Avoid concentrating heavy loads on a single point.
- **Movement:** When moving the bed frame, lift it rather than dragging it to prevent damage to the frame or your flooring.

## 6. MAINTENANCE

---

To keep your Zinus Dakel bed frame in optimal condition:

- **Cleaning:** Wipe clean with a damp cloth. For upholstered parts, use a mild fabric cleaner if necessary, testing on an inconspicuous area first. Avoid harsh chemicals.
- **Regular Checks:** Periodically check all bolts and connections to ensure they remain tight. Retighten if necessary.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause the fabric to fade.

## 7. TROUBLESHOOTING

- **Squeaking Noises:** If the bed frame develops squeaking noises, first ensure all bolts are securely tightened. The wooden slats are designed to minimize noise, but loose connections can cause sound.
- **Instability:** If the bed frame feels unstable, re-check all assembly steps and ensure all components are correctly installed and tightened.
- **Missing Parts:** If any parts were missing upon delivery, do not attempt to assemble the bed. Contact Zinus customer support immediately for replacement parts.

## 8. SPECIFICATIONS

| Feature                                     | Detail                                                |
