4. MAINTENANCE

To ensure the longevity and cleanliness of your building bricks, follow these maintenance guidelines:

- **Cleaning:** Blocks can be cleaned with a damp cloth and mild soap. Avoid harsh chemicals or abrasive cleaners. Rinse thoroughly and air dry.
- **Storage:** Store blocks in a clean, dry container away from direct sunlight and extreme temperatures to prevent warping or discoloration.
- **Inspection:** Periodically inspect blocks for any damage or wear. Discard any broken pieces to prevent potential hazards.

5. TROUBLESHOOTING

If you encounter any issues with your building bricks, consider the following:

- **Blocks not fitting tightly:** Ensure blocks are aligned correctly before pressing them together. If a block consistently fits loosely, it may be worn or defective.
