Harman Kardon Citation Surround Wireless Speaker User Manual

Model: 028292283802

INTRODUCTION

The Harman Kardon Citation Surround is a next-generation wireless surround sound speaker designed to provide an immersive audio experience. This manual provides essential information for setting up, operating, and maintaining your Citation Surround speakers.

For optimal performance, it is recommended to pair these speakers with a Harman Kardon Citation Bar, Citation Sub, and/or Citation Tower to achieve a full 5.1 home theater surround sound experience.

PACKAGE CONTENTS

Upon opening the package, verify that all the following components are present:

- 2 x Harman Kardon Citation Surround Speakers
- 2 x Wall Mount Brackets
- 1 x Quick-start Guide
- 1 x Warranty Sheet
- 1 x Safety Sheet
- 2 x Power Cables (1.8m each)

Image: Two Harman Kardon Citation Surround speakers, shown side-by-side, illustrating the pair included in the package.

SETUP

Speaker Placement

For optimal surround sound, position the Citation Surround speakers behind or to the sides of your primary listening area. Ensure they are equidistant from the listening position and at ear level when seated.

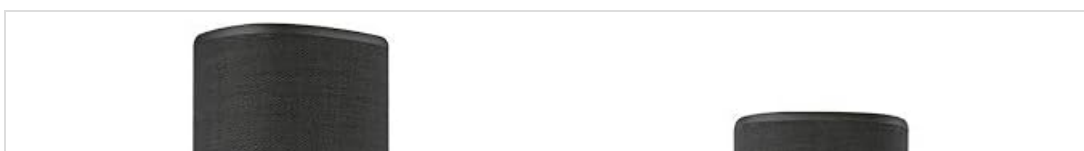

Image: Harman Kardon Citation Surround speakers shown on optional floor stands, demonstrating a typical placement setup.

Power Connection

1. Connect one end of the provided power cable to the power input port on the back of each Citation Surround speaker.
2. Plug the other end of the power cable into a functional wall outlet.
3. The speakers will automatically power on and enter pairing mode.

Wireless Pairing

The Citation Surround speakers are designed for wireless connectivity. To integrate them into your home theater system:

- Ensure your Harman Kardon Citation Bar or Citation Tower is powered on and in pairing mode.
- Follow the instructions in the Quick-start Guide or the main system's manual to wirelessly connect the Citation Surround speakers.
- A successful connection will be indicated by a specific light pattern on the speakers (refer to the Quick-start Guide for details).

OPERATING INSTRUCTIONS

Audio Playback

Once paired with a compatible Harman Kardon Citation soundbar or tower, the Citation Surround speakers will automatically function as part of your 5.1 surround sound system. Audio will be distributed to the speakers as intended by the source material.

Volume Control

Volume for the Citation Surround speakers is controlled through the main Citation system (e.g., Citation Bar or Citation Tower) they are paired with. There are no independent volume controls on the surround speakers themselves.

Automatic Software Updates

The Citation Surround speakers receive automatic software updates to ensure optimal performance and access to the latest features. Ensure the speakers are connected to power and your home network (via the main Citation system) for updates to be applied.

MAINTENANCE

Cleaning

- Disconnect the speakers from power before cleaning.
- Use a soft, dry cloth to wipe down the speaker surfaces.
- Do not use liquid cleaners, aerosols, or abrasive cleaning agents, as these may damage the finish or internal components.

Storage

If storing the speakers for an extended period, disconnect them from power and store them in a cool, dry place, away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
No sound from speakers.	Speakers not powered on or not paired.	Ensure power cables are securely connected. Verify speakers are paired with the main Citation system. Refer to the Quick-start Guide for pairing instructions.
Sound is intermittent or distorted.	Wireless interference or speakers too far from main system.	Reduce distance between speakers and main Citation system. Move speakers away from other wireless devices (e.g., Wi-Fi routers, cordless phones).
Speakers not responding.	Temporary software glitch.	Disconnect power from the speakers for 30 seconds, then reconnect. This may reset the internal system.

If the issue persists after attempting these solutions, please refer to the comprehensive troubleshooting section in the main Citation system's user manual or contact customer support.

SPECIFICATIONS

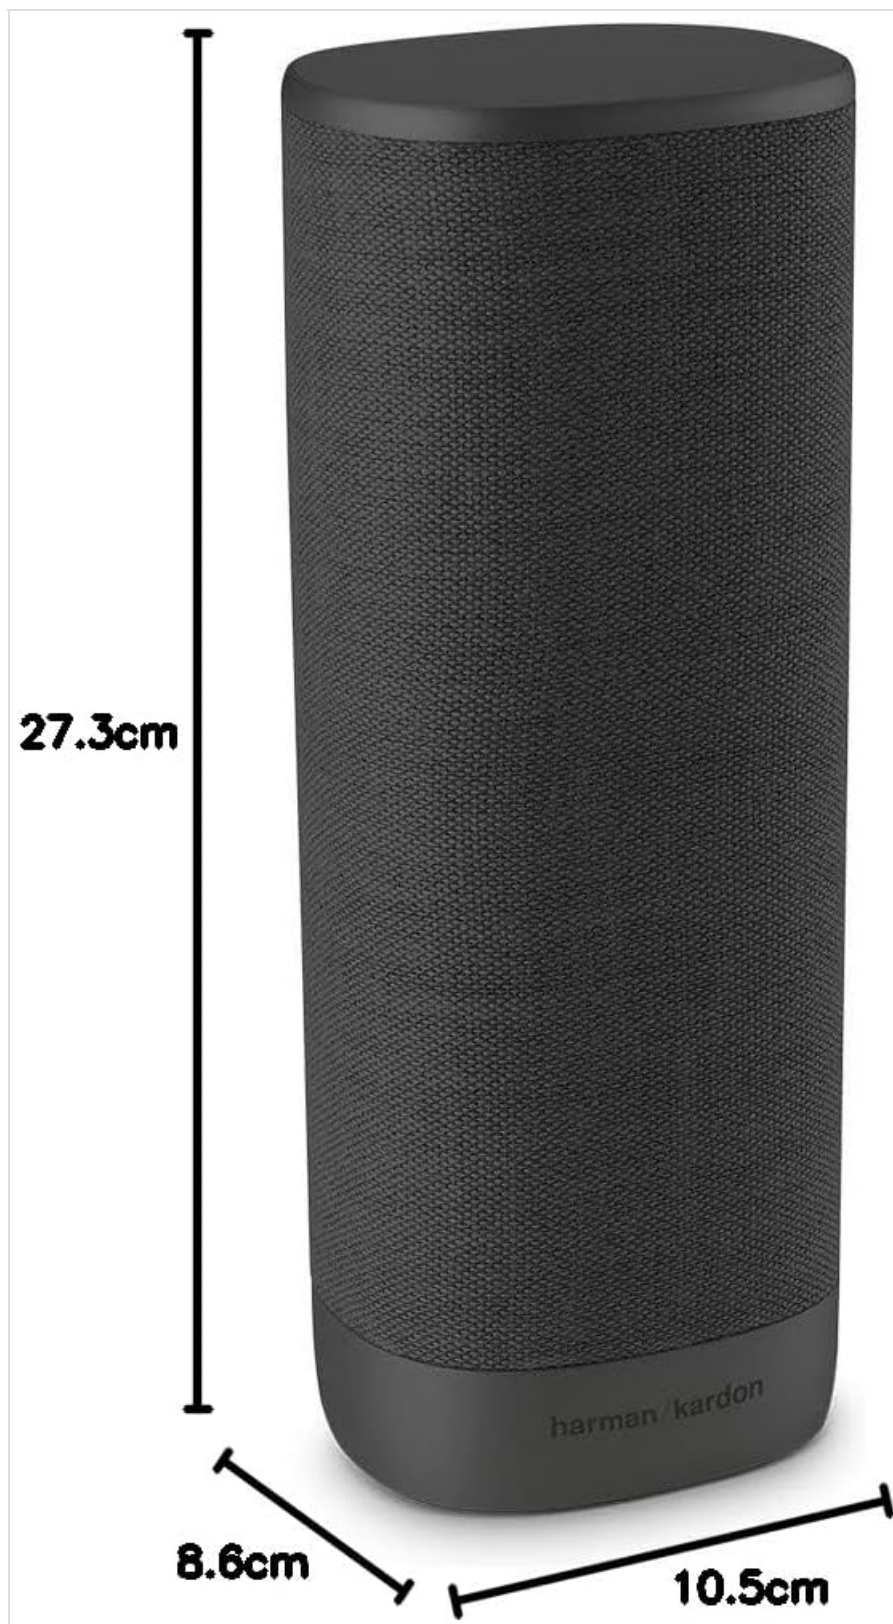

Image: A single Harman Kardon Citation Surround speaker with its dimensions (height, width, depth) clearly indicated.

Model Name: Citation Surround

Model Number: 028292283802

Product Dimensions (H x W x D): 27.3 cm x 10.5 cm x 8.6 cm (10.75 in x 4.13 in x 3.39 in)

Weight: Approximately 2.03 kg (4.48 lbs) per speaker

Speaker Type: Wireless Surround Sound Speaker

Audio Output Mode: Surround

Surround Sound Channel Configuration: 5.1 (when paired with compatible Citation system)

Connectivity Technology: Wireless

Speaker Amplification Type: Passive (receives signal wirelessly from main system)
