## Rangoon's NANNARP Leg, Black 100x100x100 mm

# Rangoon's NANNARP Leg Instruction Manual

Model: NANNARP Leg, Black 100x100x100 mm

## 1. PRODUCT OVERVIEW

The Rangoon's NANNARP legs are designed to elevate your BESTÅ storage combinations, providing a light and airy aesthetic while facilitating easy cleaning underneath. Each package contains two legs, measuring 100x100x100 mm, crafted from durable aluminium with an acrylic coating. These legs are suitable for both home and office environments, offering a clean and versatile look that integrates well with various interior styles.

They are developed and tested for domestic and office use, ensuring reliability and durability.

## 2. SAFETY INFORMATION

Prior to installation and during regular use, please observe the following safety guidelines:

- Always ensure that all assembly fastenings are properly tightened. Regularly check and retighten them as necessary to maintain stability and prevent accidents.
- Exercise caution when handling the legs, as they may have sharp edges.
- For cleaning, use a damp cloth and immediately wipe dry with a clean cloth to prevent damage to the material and

ensure safety.

### 3. SETUP AND INSTALLATION

---

The NANNARP legs are designed for screw-in installation. Follow these guidelines for proper setup with BESTÅ frames:

- For 60 cm wide BESTÅ frames, 4 legs are required for stable support.
- For 120 cm wide BESTÅ frames and TV benches, 4 NANNARP legs and one BESTÅ supporting leg (sold separately) are needed.
- For 180 cm wide BESTÅ TV benches, 4 NANNARP legs and two BESTÅ supporting legs (sold separately) are required.

Ensure the furniture is placed on a flat, stable surface before and after installation. Carefully align the screw bolts with the designated holes on your BESTÅ unit and tighten securely.

### 4. OPERATING AND USAGE

---

Once installed, the NANNARP legs provide stable support for your BESTÅ storage system. They are designed for stationary use and are not intended for moving furniture while loaded. The elevation provided by the legs allows for easier cleaning of the floor underneath the furniture, contributing to a cleaner living or working space.

These legs are suitable for supporting cabinets and other home/office furniture as specified, enhancing their appearance and functionality.

### 5. MAINTENANCE AND CARE

---

To ensure the longevity and appearance of your NANNARP legs, follow these simple care instructions:

- **Cleaning:** Wipe clean with a damp cloth.
- **Drying:** Immediately wipe dry with a clean, dry cloth to prevent water spots or damage to the acrylic coating.

- **Fastenings:** Regularly check that all assembly fastenings are properly tightened. Retighten them when necessary to maintain stability and prevent wobbling.
- **Avoid:** Do not use abrasive cleaners, strong chemicals, or rough sponges, as these can damage the finish.

## 6. TROUBLESHOOTING

If you encounter any issues with your NANNARP legs, consider the following:

- **Wobbling Furniture:**
  - Ensure all NANNARP legs are securely screwed into the furniture unit.
  - Verify that the correct number of legs and supporting legs (if applicable for wider units) are used according to the setup guidelines.
  - Check if the floor surface is even. If not, consider using furniture glides or shims to level the unit.
- **Scratches or Damage to Legs:**
  - Ensure proper care as outlined in the Maintenance section.
  - Avoid dragging furniture with the legs installed, as this can cause damage. Lift the furniture when moving it.
