PawHut Foldable Pet Pool D01-012BU - Instruction Manual

Model: D01-012BU | Brand: PawHut

1. INTRODUCTION

Thank you for choosing the PawHut Foldable Pet Pool. This versatile and durable pool is designed to provide a refreshing and enjoyable experience for your pets, whether for bathing, cooling down, or playtime. Its foldable design ensures easy setup, storage, and portability. Please read this manual carefully before use to ensure proper assembly, safe operation, and effective maintenance.

2. SAFETY INFORMATION

To prevent injury or damage, always follow these safety guidelines:

- **Pet Supervision:** Always supervise your pet while they are using the pool. Never leave pets unattended, especially young or elderly animals.
- **Water Depth:** Ensure the water level is appropriate for your pet's size and swimming ability. Do not overfill.
- **Surface Preparation:** Place the pool on a flat, level surface free of sharp objects (stones, sticks) that could puncture the material.
- **Sharp Objects:** Keep sharp objects, including pet claws, away from the pool walls and bottom. Trim pet nails regularly to prevent damage.
- **Material Safety:** The pool is made of PVC. While durable, avoid exposing it to extreme temperatures or harsh chemicals.
- **Drainage:** Ensure the drain plug is securely closed before filling and opened carefully when emptying to avoid sudden water release.

3. PACKAGE CONTENTS

Upon unpacking, please ensure all components are present and undamaged:

- 1 x PawHut Foldable Pet Pool (with integrated panels and drain plug)

4. SETUP INSTRUCTIONS

The PawHut pet pool is designed for quick and easy setup without the need for inflation.

1. **Choose a Location:** Select a flat, smooth, and clean surface for the pool. Remove any sharp objects, debris, or rough materials that could damage the pool's bottom or sides.
2. **Unfold the Pool:** Carefully unfold the pool from its compact storage state. The rigid panels will allow it to stand upright.
3. **Secure the Drain Plug:** Ensure the drain plug, located on the side of the pool, is securely closed before filling with water.
4. **Fill with Water:** Slowly fill the pool with water to the desired level, ensuring it is appropriate for your pet's size. Do not exceed the maximum fill line (if indicated) or the top edge of the pool.

FACILE D'INSTALLATION

Ne nécessite pas de gonflage

Image: This image illustrates the easy installation process, showing a person filling the pool and close-ups of the drain plug mechanism. A dog is seen enjoying the water, emphasizing the pool's readiness for use without inflation.

5. OPERATING INSTRUCTIONS

The PawHut pet pool offers versatile use for various pet activities.

- **Pet Bathing:** Use the pool as a convenient outdoor or indoor bathing station for your pet. The non-slip bottom provides stability, reducing the risk of slips during bathing.
- **Cooling Pool:** On hot days, fill the pool with cool water to provide a refreshing spot for your pet to cool down and play.
- **Play Area:** The pool can also be used as a ball pit or sandpit for indoor or outdoor play, offering a contained environment for your pet's entertainment.

Image: This composite image demonstrates the multi-functional nature of the pool, showcasing its use as a traditional pet pool, a ball pit, a bathing tub, and a sandpit, highlighting its versatility for various pet activities.

6. MAINTENANCE

Regular cleaning and proper storage will extend the life of your pet pool.

1. **Draining:** To empty the pool, locate the drain plug on the side. Unscrew the cap to allow water to flow out. For faster drainage, you can connect a hose to the drain valve.
2. **Cleaning:** After each use, especially if used for bathing, rinse the pool thoroughly with clean water. Use a soft brush or cloth and mild soap if necessary to remove dirt or residue. Avoid abrasive cleaners or harsh chemicals.
3. **Drying:** Allow the pool to air dry completely before folding and storing to prevent mold or mildew growth.
4. **Folding and Storage:** Once dry, fold the pool back into its compact form. There are two primary methods for folding:
 - **Method 1 (Accordion Fold):** Fold the panels inward in an accordion style until the pool is flat and compact.
 - **Method 2 (Roll-up Fold):** Fold the panels inward and then roll the entire pool into a cylindrical shape.

Store the folded pool in a cool, dry place away from direct sunlight and extreme temperatures.

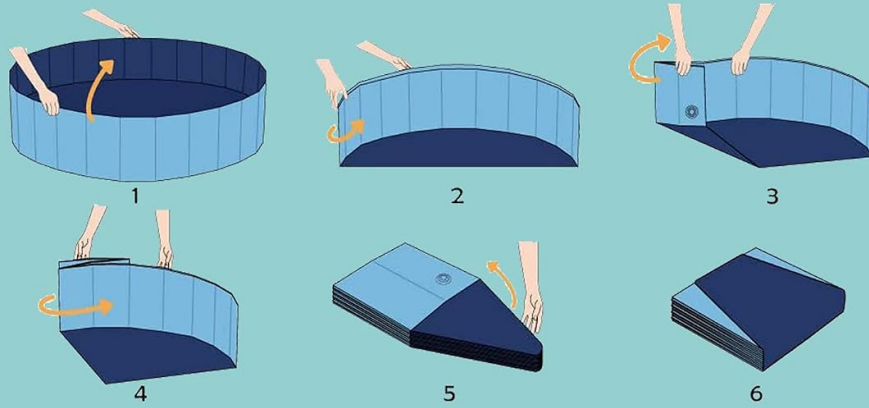

PLIABLE

Facile à transporter et à ranger lorsqu'il n'est pas utilisé ou à emporter en voyage

7. TROUBLESHOOTING

If you encounter any issues with your PawHut pet pool, refer to the following common solutions:

- **Pool does not stand upright:** Ensure the pool is placed on a completely flat surface. The rigid panels require a stable base to maintain their shape.
- **Water leakage:** Check the drain plug to ensure it is tightly closed. Inspect the pool walls and bottom for any punctures or tears. If damage is found, discontinue use.
- **Difficulty folding:** Ensure the pool is completely empty and dry. Follow the folding methods described in the Maintenance section, applying gentle, even pressure.
- **Damage from pet claws/teeth:** While durable, the PVC material can be damaged by sharp claws or persistent chewing. Always supervise your pet and ensure their nails are trimmed. If significant damage occurs, the pool may need replacement.

8. SPECIFICATIONS

Feature	Specification
Brand	PawHut
Model Number	D01-012BU
Color	Blue
Dimensions (L x W x H)	100 cm x 100 cm x 30 cm
Shape	Round
Material	Polychlorure de vinyle (PVC)
Capacity	235 Litres
Assembly Time	Approximately 5 Minutes
Item Weight	4 Kilograms
Target Audience	Pets (Dogs, Cats)
