6. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your Modway Restore sectional sofa.

6.1 General Care

- Avoid direct sunlight to prevent fading of the fabric.
- Keep the sofa away from heat sources like radiators or fireplaces.
- Rotate cushions periodically to ensure even wear.
- Vacuum regularly using an upholstery attachment to remove dust and debris.

6.2 Cleaning Instructions

The upholstery fabric is polyester, known for being durable and easy to clean, as well as stain-resistant. The seat cushion covers are not removable.

- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain.
- For tougher stains, use a mild soap solution and a clean, damp cloth. Test on an inconspicuous area first.
- Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the fabric.
- Allow the cleaned area to air dry completely.
- For deep cleaning, professional upholstery cleaning is recommended.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your sectional sofa.

7.1 Loose Connections

- **Issue:** Sectional pieces feel wobbly or separate easily.
- **Solution:** Re-engage the connecting hardware between the modular pieces. Ensure they are fully locked. Periodically check all connections and tighten if necessary.

7.2 Fabric Pilling

- **Issue:** Small balls of fiber (pills) appear on the fabric surface.
- **Solution:** Pilling is a normal characteristic of some fabrics and can be removed with a fabric shaver or lint remover. This does not indicate a defect in the fabric.
