ZETIY EL001

ZETIY USB Powered Computer Speaker User Manual

Model: EL001

1. INTRODUCTION

Thank you for choosing the ZETIY USB Powered Computer Speaker. This portable mini soundbar is designed to provide high-quality audio for your desktop, Windows PC, or Mac with simple plug-and-play functionality. It features dual 3W high-excursion speakers for clear and powerful sound, and includes a USB-C to USB adapter for broad compatibility.

2. SETUP

The ZETIY USB Powered Computer Speaker is designed for effortless setup. No additional drivers or 3.5mm AUX jacks are required.

2.1 Connecting Your Speaker

1. Locate an available USB port on your computer (desktop, laptop, or Mac).
2. Plug the speaker's USB cable directly into the USB port. If your device only has a USB-C port, use the included USB-C to USB adapter.

3. Once connected, your computer should automatically detect the speaker.

USB C to USB Adapter Included

For those computers Pad and mobile phones with only type-c interface, we specially prepared USB C to USB Adapter

2.2 Selecting the Speaker as Your Audio Output

1. On your computer's taskbar (Windows) or menu bar (Mac), click on the 'Speaker' or 'Sound' icon.
2. From the list of available playback devices, select "Speaker (Audio USB 2.0)" or a similar option that corresponds to your new ZETIY speaker.
3. Your speaker is now ready for use.

PLUG AND PLAY

Just plug the usb cable to your computer. That's all. No need of 3.5mm jack or other drivers.

3. OPERATING

The ZETIY speaker offers excellent audio performance and ease of use for various applications.

3.1 Audio Performance

Equipped with dual 3W high-excursion speakers, this soundbar delivers clear and powerful audio. Even at maximum volume, the treble remains undistorted, and the bass maintains a mellow quality, providing an enjoyable listening experience.

Powerful & Clear Sound

4. MAINTENANCE

To ensure the longevity and optimal performance of your ZETIY USB Powered Computer Speaker, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe down the speaker's exterior. Avoid using liquid cleaners, aerosols, or abrasive solvents, as these can damage the surface or internal components.
- **Storage:** When not in use for extended periods, store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid dropping the speaker or subjecting it to strong impacts, which can damage internal circuitry.

5. TROUBLESHOOTING

If you encounter any issues with your ZETIY USB Powered Computer Speaker, please refer to the following common troubleshooting steps:

5.1 No Sound Output

- **Check Connection:** Ensure the USB cable is securely plugged into a working USB port on your computer. Try a different USB port if available.
- **Verify Audio Output Device:** Confirm that the ZETIY speaker is selected as the default audio output device in your computer's sound settings (refer to Section 2.2).
- **Adjust Volume:** Make sure the volume on your computer is not muted and is set to an audible level.
- **Restart Computer:** Sometimes, a simple restart of your computer can resolve connectivity issues.

Video: A helpful guide on how to troubleshoot and fix issues if your ZETIY speaker is not producing any sound.

5.2 Distorted Sound

- **Lower Volume:** If the sound is distorted, try reducing the volume on your computer.
- **Check Audio Source:** Ensure the audio file or streaming service is not the source of the distortion. Try playing different audio.
