ecobee SmartCamera Instruction Manual

Model: EBSCV01

Brand: ecobee

INTRODUCTION

The ecobee SmartCamera is an indoor WiFi security camera designed to provide comprehensive home security monitoring. It offers high-definition video, a wide field of view, and intelligent features to keep your home safe and connected.

Key features include:

- **HD Video and Night Vision:** Stream continuous, ultra-clear 1080p HD video day or night.
- **Person Detection:** SmartCamera detects when a person is present and pans across its 180° field of view to keep them centered.
- **Smoke Alarm Detection:** Receive alerts on your phone if the SmartCamera detects sound from your smoke alarm.
- **Privacy Features:** Automatic shut-off when family members arrive, on-device processing, and end-to-end encryption.
- **Smart Security Integration:** Works seamlessly with the ecobee smart security ecosystem.

SETUP

What's in the Box

Has everything you need for installation

This image displays the contents of the ecobee SmartCamera packaging. It includes the SmartCamera unit, a power supply, a dual mount stand, wall mount screws and drywall plugs, and a quick start guide.

Your ecobee SmartCamera package should contain the following items:

- ecobee SmartCamera with voice control
- Dual Mount Stand
- Mounting Guide
- Wall Mount Screw and Drywall Plug
- Power Supply
- Quick Start Guide

Physical Installation

The ecobee SmartCamera can be placed on a flat surface or mounted to a wall. Use the included dual mount stand for versatile placement. For wall mounting, follow the instructions in the mounting guide and use the provided screws and drywall plugs.

Automatically pans and tilts

This image shows a user attaching the ecobee SmartCamera to a wall mount, demonstrating its flexible installation options.

Powering On

Connect the power supply to the SmartCamera and plug it into a standard electrical outlet. The camera will begin its startup sequence, indicated by LED lights on the device.

App Setup and Connection

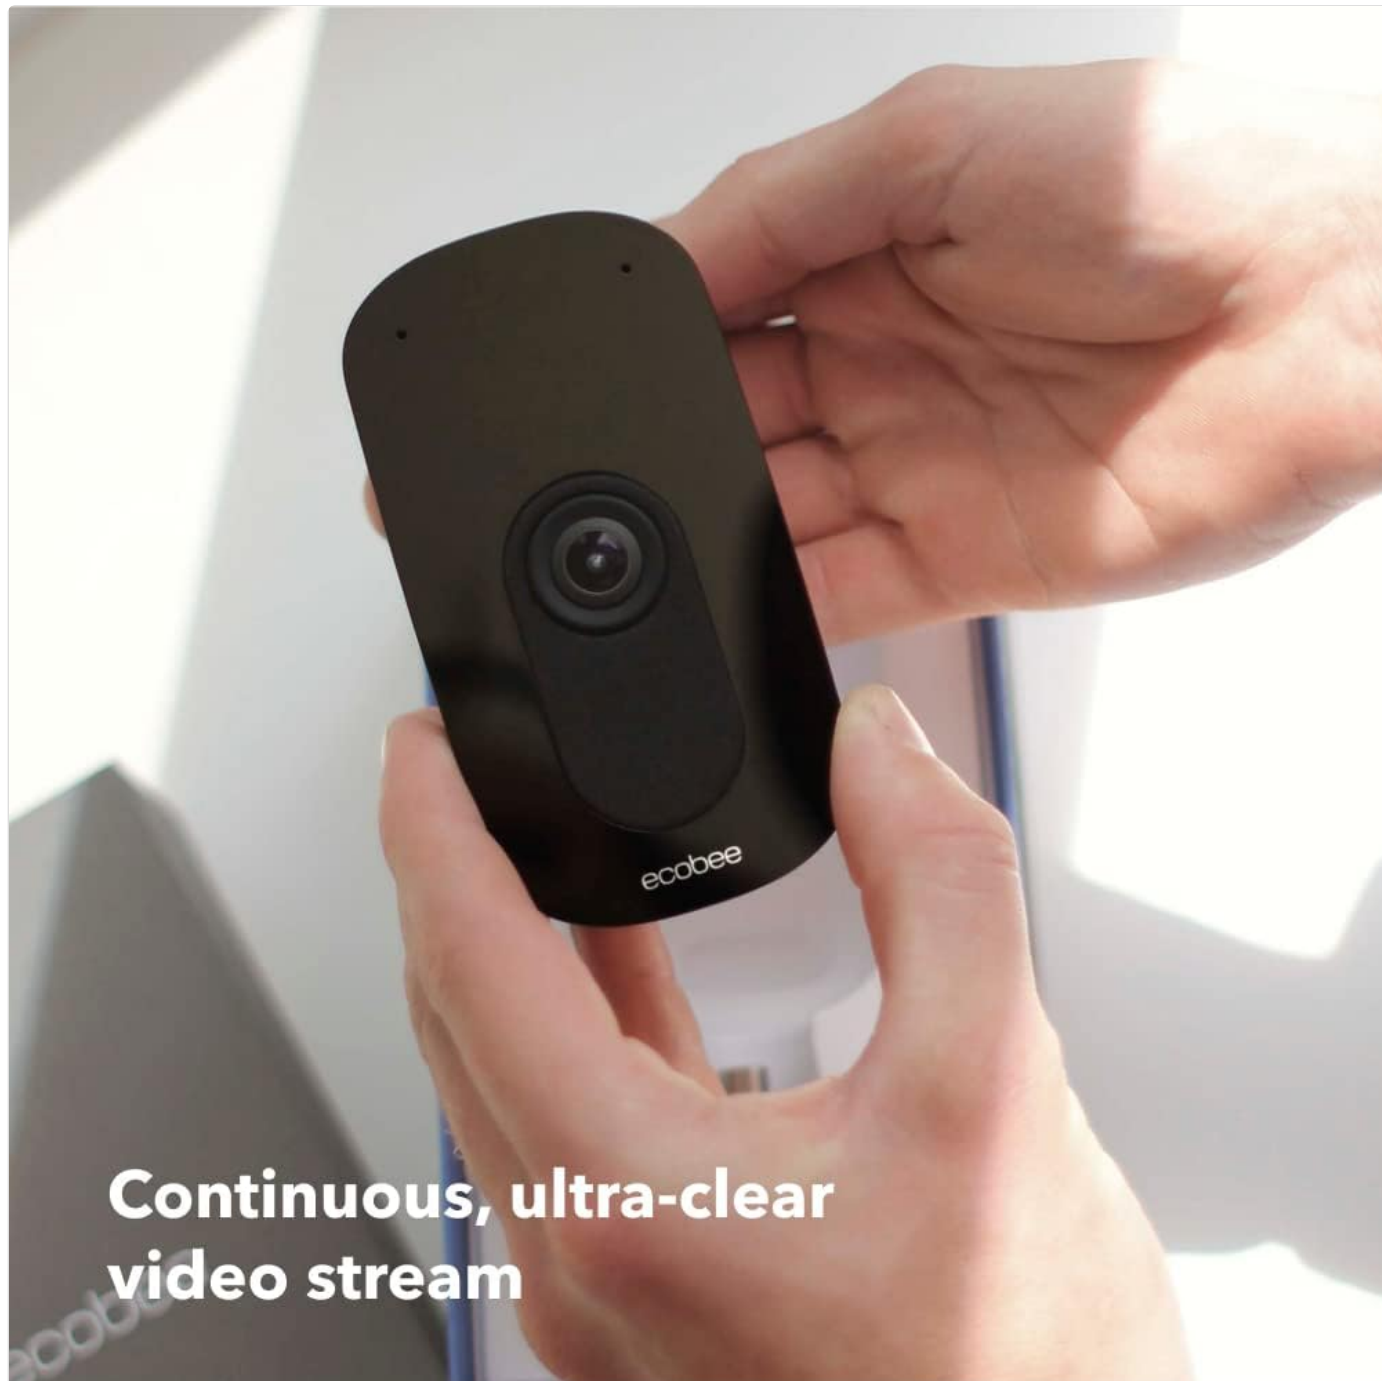

Download the ecobee app from your device's app store. Follow the in-app instructions to create an account or log in, and then add your new SmartCamera. The app will guide you through connecting the camera to your home WiFi network and configuring initial settings.

OPERATING THE SMARTCAMERA

HD Video and Night Vision

The SmartCamera provides continuous, ultra-clear 1080p HD video streaming directly to your mobile device. Its advanced night

vision capabilities ensure clear visibility even in low-light conditions, allowing you to monitor your home 24/7.

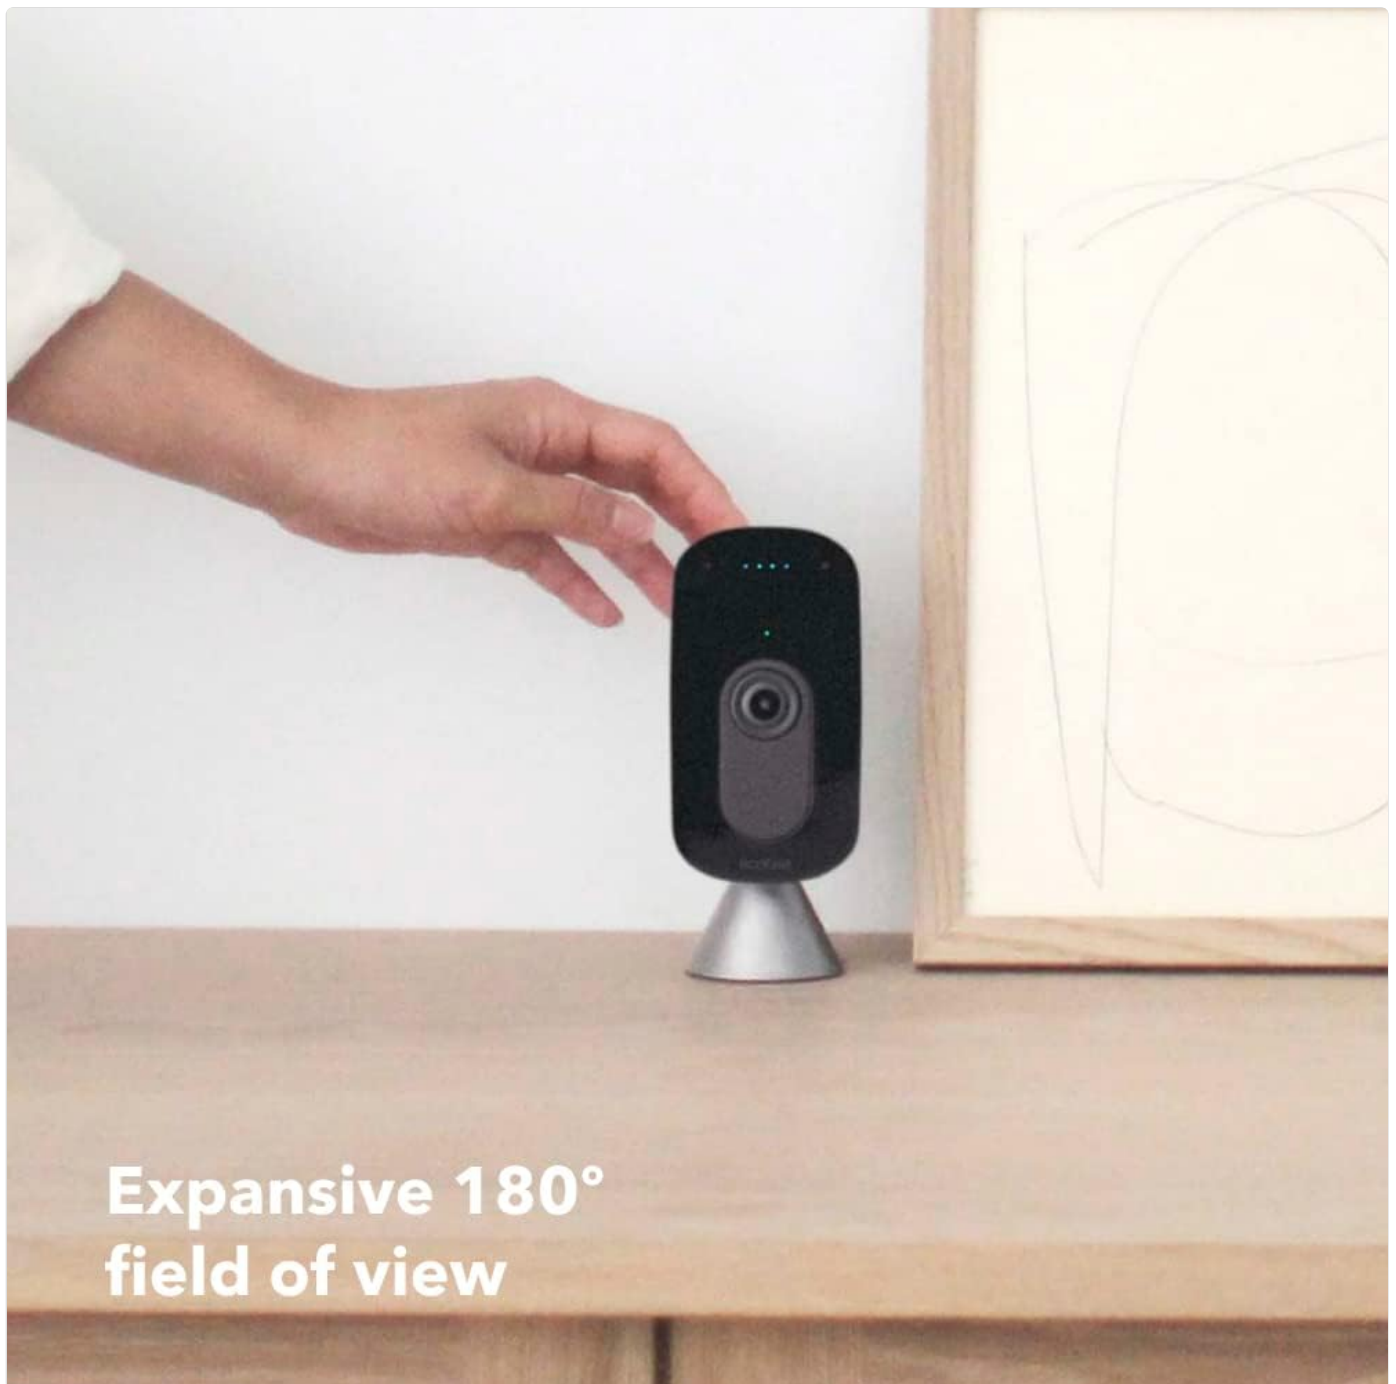

Continuous, ultra-clear video stream

This image highlights the camera's lens, representing its capability for continuous, ultra-clear video streaming.

Person Detection and Tracking

The SmartCamera is equipped with intelligent person detection. When a person is identified within its field of view, the camera can automatically pan across its expansive 180° field of view to keep them centered in the frame, ensuring important events are captured.

This image illustrates the ecobee SmartCamera's wide 180-degree field of view, capturing a broad area of a room.

Audio Features

The camera supports two-way audio, allowing you to communicate with individuals in your home through the ecobee app. Additionally, it can detect the sound of your smoke alarm and send an alert to your phone, enhancing your home's safety.

Privacy Features

Your privacy is a priority. The SmartCamera can be configured to automatically shut off when family members are detected arriving home. It also utilizes on-device processing and end-to-end encryption to protect your video data.

Smart Home Integration

The ecobee SmartCamera seamlessly integrates with popular smart home ecosystems, including Apple HomeKit and devices with Alexa Built-In, allowing for voice control and unified smart home management.

Works with
Apple HomeKit

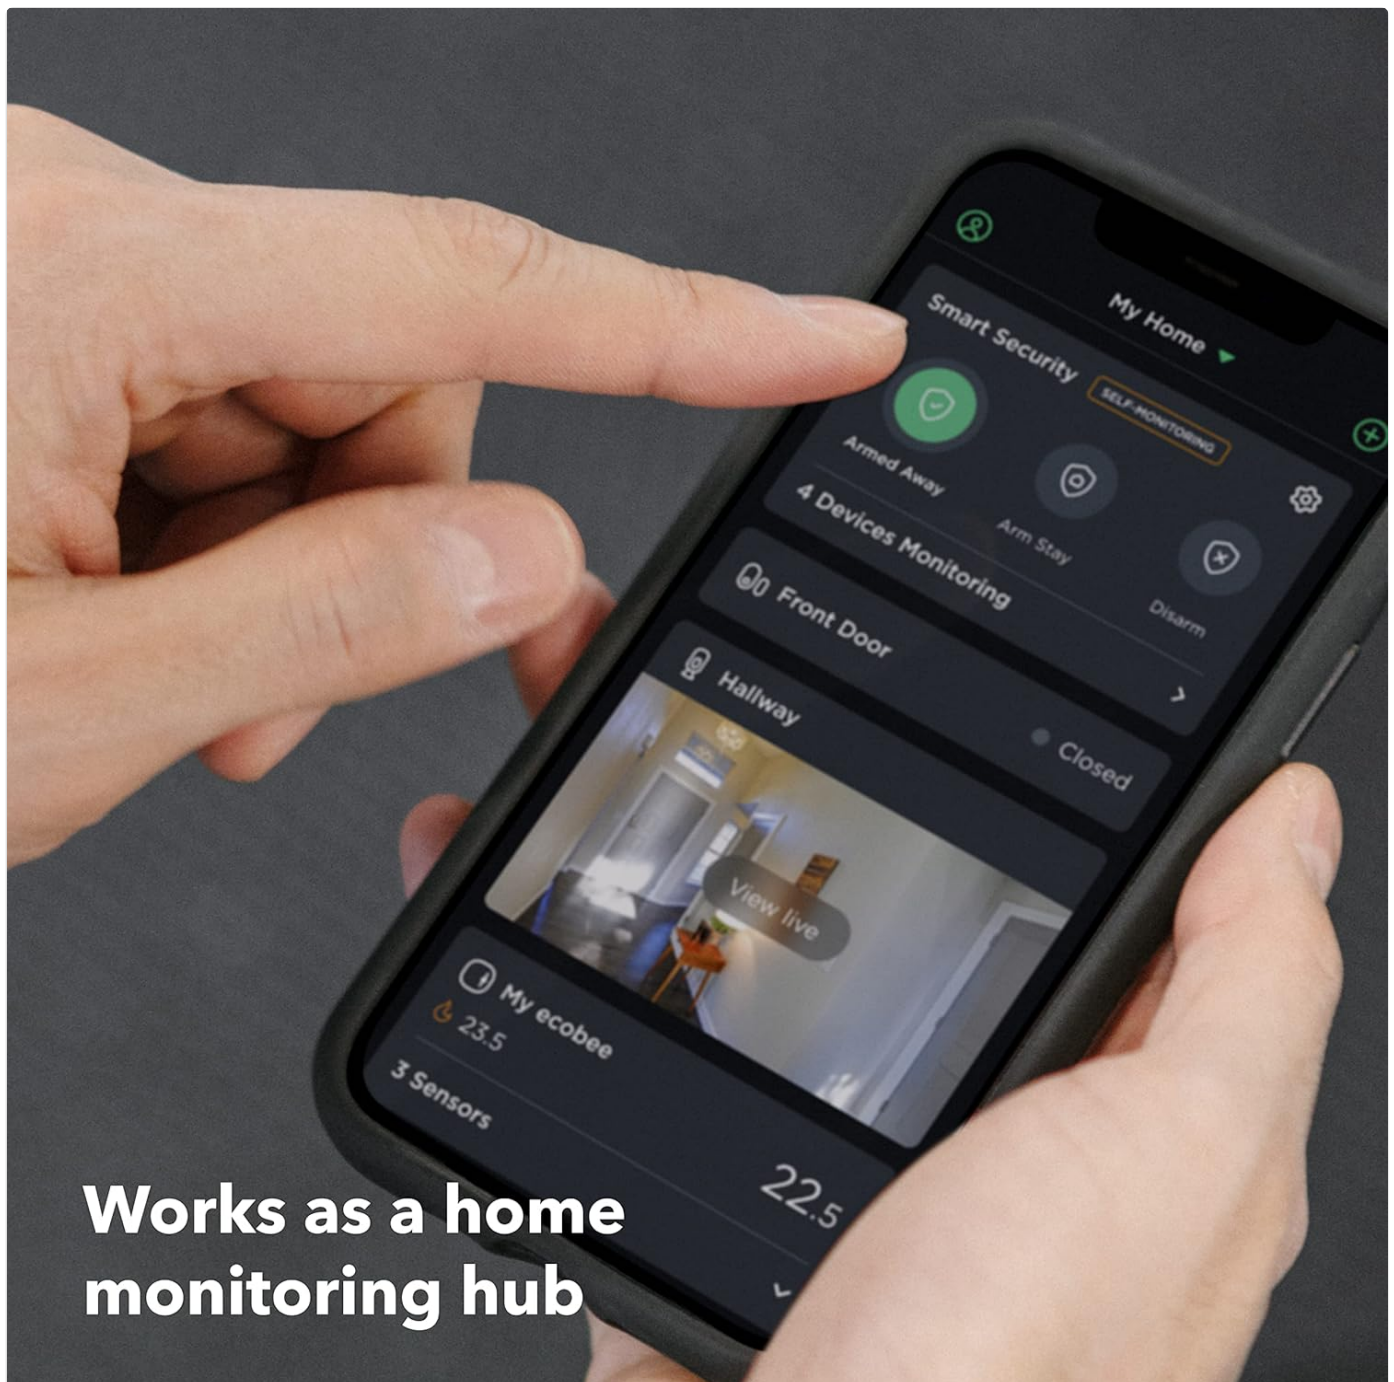

alexa built-in

This image displays the "Works with Apple HomeKit" and "Alexa Built-In" logos, signifying the camera's compatibility with these smart home platforms.

Monitoring Hub Functionality

The SmartCamera can function as a central monitoring hub within your ecobee smart security system, providing a comprehensive overview of your home's activity and security status through the ecobee app.

This image shows the ecobee app on a smartphone, illustrating how the SmartCamera acts as a home monitoring hub, displaying live feeds and security settings.

Official Product Video

Your browser does not support the video tag.

This video, titled "Smart Focus Camera" by Ecobee, demonstrates the intelligent focus and tracking capabilities of the ecobee SmartCamera. It shows how the camera automatically adjusts its view to keep subjects in frame.

MAINTENANCE

To ensure optimal performance and longevity of your ecobee SmartCamera, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the camera lens and body with a soft, dry, lint-free cloth. Avoid using harsh chemicals or abrasive materials that could damage the surface or lens.
- **Software Updates:** Keep your camera's firmware updated through the ecobee app. Software updates often include performance improvements, new features, and security enhancements.
- **Placement:** Ensure the camera is placed in a stable location, away from direct sunlight, extreme temperatures, and high

humidity.

TROUBLESHOOTING

If you encounter issues with your ecobee SmartCamera, consider the following common troubleshooting steps:

Problem	Possible Solution
Camera not connecting to Wi-Fi	<ul style="list-style-type: none"> ◦ Ensure your Wi-Fi network is 2.4 GHz. ◦ Check Wi-Fi signal strength at the camera's location. ◦ Restart your Wi-Fi router and the camera. ◦ Temporarily disable mobile data on your phone during setup to prevent it from switching networks.
Poor video quality or buffering	<ul style="list-style-type: none"> ◦ Verify your internet upload speed meets the camera's requirements. ◦ Reduce the distance between the camera and your Wi-Fi router. ◦ Minimize interference from other electronic devices.
Camera gets warm during operation	This is normal for electronic devices that process video. Ensure adequate ventilation around the camera.
Clicking sound when night vision activates/deactivates	This is a normal operational sound as the infrared cut filter engages or disengages.
Difficulty with initial setup process	<ul style="list-style-type: none"> ◦ Ensure the ecobee app is up to date. ◦ Perform a factory reset on the camera if previous attempts failed. ◦ Follow the in-app prompts carefully, allowing sufficient time for software updates.

For further assistance, refer to the official ecobee support resources or the full user manual.

SPECIFICATIONS

Feature	Detail
Brand	ecobee
Model Number	EBSCV01
Color	BLACK
Power Source	Corded
Compatible Devices	Alexa
Item Dimensions (L x W x H)	1.72 x 2.28 x 4.25 inches
Video Capture Resolution	1080p 180 degree field of view
Connectivity Technology	Wireless
Alert Type	Audio, Motion, and Person detection

Feature	Detail
Item Weight	6.24 ounces
Voltage	110-120 Volts
Control Method	Voice
Maximum Range	20 Feet
Recommended Uses	Indoor Security
Wattage	5 watts
Mounting Type	Surface and Wall
Special Features	Night Vision
Country of Origin	Malaysia

WARRANTY AND SUPPORT

The ecobee SmartCamera comes with a **3-year warranty** for the device and a **90-day warranty** for included accessories. For detailed warranty terms and conditions, please refer to the official ecobee website or the full user manual.

For comprehensive support, including detailed setup guides, troubleshooting tips, and frequently asked questions, please visit the official ecobee support page or download the complete user manual:

SmartCamera
with voice control

See what your SmartCamera can do for you

Balances privacy and safety
by automatically turning off when family members are around and on again when the house is empty.

Helps you check in with real-time conversations through your mobile device and SmartCamera.

Provides a full view of home by letting you pan and tilt to view images from the mobile app.

Keeps you informed with notifications for anything that requires your attention or for the moments that matter.

For details on these features and to discover new ones, go to [ecobee.com/smartcamera-features](#)

Votre caméra SmartCamera peut faire pour vous

Assure un équilibre entre l'intimité et la sécurité en s'éteignant automatiquement lorsque les membres de la famille sont présents et en s'allumant lorsque le domicile est vide.

Vous permet de communiquer en temps réel par le biais de votre appareil mobile et de SmartCamera.

Offre une vue complète du domicile au moyen des fonctions de panoramique et d'inclinaison afin de visionner les images depuis l'application mobile.

Recevez des notifications pour toute anomalie nécessitant votre attention ou pour toute situation d'intérêt.

Pour en savoir davantage sur ces fonctionnalités et pour en découvrir de nouvelles, rendez-vous à [ecobee.com/smartcamera-features](#)

Open the ecobee mobile app to get started

Once you've opened the app, add your SmartCamera to begin setup.
Find out more at [ecobee.com/setup](#)

Ouvrez l'appli mobile ecobee pour commencer

Lorsque l'appli est ouverte, ajoutez votre SmartCamera pour en commencer la configuration. Pour en savoir davantage, visitez [ecobee.com/setup](#)

Pick a view from any angle

You can use the dual stand/mount for both panning or wall-mounting your SmartCamera. Once mounted, you can angle the camera to change the field of view.

Choisissez un angle de vue

Vous pouvez utiliser le support/ fixation en tête pour placer ou fixer au mur votre SmartCamera. Une fois la caméra installée, vous pouvez modifier l'angle de la caméra pour changer le champ de vue.

Attachez le montage
Attachez le bras du montage à l'arrière du SmartCamera et pluguez-le si vous pouvez tester la vue en next step.

Fixez le support
Fixez le support/fixation mixte à l'arrière de SmartCamera et branchez-le afin de tester les angles de vue à la prochaine étape.

Testez la vue
Held le camera up to the place you'd like to mount it and check the view from the ecobee app. You can adjust the view after mounting.

Tester les angles de vue
Maintenez la caméra où vous souhaitez l'installer et vérifiez les angles de vue dans l'appli ecobee. Vous pouvez ajuster les angles de vue après l'installation.

Drill hole
Use a 3/16" drill bit to drill a hole where you will mount the camera.

Utilisez une mèche de 3/16 po pour percer un trou où vous souhaitez installer la caméra.

Vissez la vis d'ancrage en plastique dans le mur et assurez-vous qu'elle est bien alignée.

Serrez la vis de montage dans la vis d'ancrage jusqu'à ce qu'il reste un petit espace entre elle et la vis d'ancrage.

Retirez le support de la caméra et accrochez-le à la vis. Si le support semble instable, ajustez la vis.

Fixez la caméra au support et assurez-vous qu'elle est bien en place.

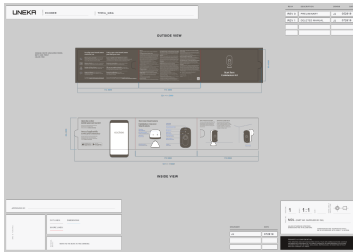

Ouvrez l'appli eCobee pour vérifier les angles de vue de la caméra et ajustez-les au

Pick a view from any angle
You can use the dual mount/stand to both place or wall-mounting your SmartCamera. Once mounted, you can angle the camera to change the field of view.

Choisissez un angle de vue
Vous pouvez utiliser le support/ fixation mobile pour placer ou fixer au mur votre SmartCamera. Une fois la caméra installée, vous pouvez modifier l'angle de la caméra pour changer le champ de vision.

How to mount your SmartCamera
Comment installer votre SmartCamera

1 Attach the mount
Attach the dual mount/stand to the back of the SmartCamera and plug it in so you can test the view in the next step.

Fixez le support
Fixez le support/fixation mobile à l'arrière de SmartCamera et branchez-le afin de tester les angles de vue à la prochaine étape.

2 Test view
Hold the camera up to the place you'd like to mount it and check the view on the ecobee app. You can adjust the view after mounting.

Testez les angles de vue
Maintenez la caméra où vous souhaitez l'installer et vérifiez les angles de vue dans l'appli ecobee. Vous pouvez ajuster les angles de vue après l'installation.

3 Drill hole
Use a 3/16" drill bit to drill a hole where you will mount the camera.

Perceur un trou
Utilisez une mèche de 3/16 po pour percer un trou où vous souhaitez installer la caméra.

4 Screw in anchor
Screw the plastic anchor into the wall and ensure it's flush.

Vissez une vis d'ancrage
Vissez la vis d'ancrage en plastique dans le mur et assurez-vous qu'elle est bien alignée.

5 Fasten the screw
Fasten the mounting screw into the anchor until there's a little amount of space between it and the anchor.

Serrez la vis
Serrez la vis de montage dans la vis d'ancrage jusqu'à ce qu'il y ait un petit espace entre elle et la vis d'ancrage.

6 Hang the mount on the screw
Remove the mount from the camera and hang it on the screw. If it feels too loose, adjust the screw until it's secure.

Accrochez le support à la vis
Retirez le support de la caméra et accrochez-le à la vis. Si le support semble instable, ajustez la vis.

7 Attach the camera to the mount
Attach the camera to the mount and make sure it's secure.

Fixez la caméra au support
Fixez la caméra au support et assurez-vous qu'elle est bien en place.

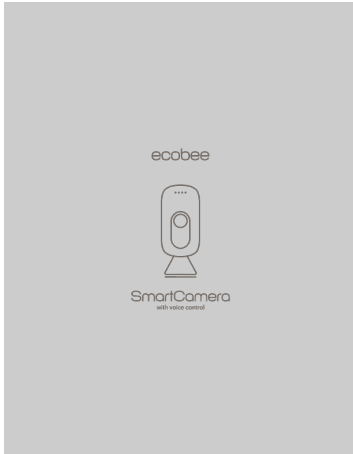

8 You're all set
Open the ecobee app to check the camera's view and adjust it away you'd like.

Tout est prêt
Ouvrez l'appli ecobee pour vérifier les angles de vue de la caméra et ajustez-les au besoin.

To Whom It May Concern,

Pursuant to the provisions of Sections 5.407 and 6.405 of Commission's rules (47CFR50.407, 6.405), we are requesting the Commission to withhold the following attachment(s) as confidential document from public disclosure reference:

- User Guide Diagram
- User Manual
- User List
- Operation/Setup

The documents mentioned above contain detailed system and equipment descriptions and as such are considered proprietary information. Public disclosure of any of the above documents might be harmful to our company and would give competitors an unfair advantage.

In addition to the above mentioned documents, pursuant to Public Notice DA 04-2702 of the Commission's policy, in order to comply with the marketing regulations in 47 CFR 32.803 and the marketing rules in 47 CFR 32.1206, and while ensuring that business sensitive information remains confidential until the actual marketing of newly authorized device, we are requesting the Commission to grant short-term confidentiality for the following attachment(s) for 120 days after the grant, as outlined in Public Notice DA 04-2702.

- External Photos
- Internal Photos
- Test Setup Photos
- User Manual

It is understood that all measurement test reports, FCC ID label format, and correspondence during the certification review process cannot be considered as confidential and will be available for public review upon the grant of equipment authorization is issued.

Sincerely,

Mark Wright
