STANLEY B087DPT16F

Stanley Classic 8oz Stainless Steel Flask Instruction Manual

Model: B087DPT16F

1. PRODUCT OVERVIEW

The Stanley Classic 8oz Stainless Steel Flask is designed for durability and convenience, featuring a wide mouth for easy filling and cleaning, and a secure, integrated cap to prevent loss. Constructed from 18/8 stainless steel, it is naturally BPA-free and leak-proof, making it ideal for carrying your favorite beverages.

Image 1: The Stanley Classic 8oz Flask with its wide mouth opening and attached cap.

2. SETUP AND FIRST USE

1. **Initial Cleaning:** Before first use, wash the flask thoroughly with warm water and mild dish soap. Rinse

completely to remove any manufacturing residues.

2. **Drying:** Ensure the flask is completely dry before storing or filling. Air dry with the cap off to prevent moisture buildup.

3. OPERATING INSTRUCTIONS

3.1 Filling the Flask

1. **Unscrew the Cap:** Twist the cap counter-clockwise to remove it. The integrated lanyard ensures the cap remains attached to the flask.
2. **Pour Liquid:** Due to the wide mouth opening, you can easily pour your desired liquid directly into the flask without the need for a funnel.
3. **Do Not Overfill:** Leave a small air gap at the top to prevent pressure buildup and ensure a secure seal.

3.2 Sealing and Transporting

1. **Secure the Cap:** Screw the cap clockwise until it is tightly sealed. The leak-proof design prevents spills during transport.
2. **Carry Safely:** The compact design allows the flask to be easily slipped into a pocket or bag.

3.3 Drinking from the Flask

1. **Unscrew the Cap:** Twist the cap counter-clockwise.
2. **Drink Directly:** The wide mouth design facilitates comfortable drinking directly from the flask.
3. **Reseal:** After drinking, screw the cap back on tightly to maintain the seal.

4. MAINTENANCE AND CARE

1. **Regular Cleaning:** After each use, wash the flask with warm water and mild dish soap.
2. **Drying:** Always ensure the flask is completely dry before storing to prevent odors or mildew. Store with the cap off or slightly ajar to allow air circulation.
3. **Avoid Harsh Cleaners:** Do not use abrasive cleaners, bleach, or chlorine-based products, as these can damage the stainless steel finish.
4. **Dishwasher Safety:** This flask is **not** recommended for dishwasher use. Hand washing preserves the finish and integrity of the seal.

5. TROUBLESHOOTING

- **Leakage:** If the flask leaks, ensure the cap is screwed on tightly and the silicone seal inside the cap is properly seated and free from damage or debris.
- **Difficulty Cleaning:** For stubborn residues, use a bottle brush to reach all internal surfaces. A mixture of baking soda and water can help remove odors or stains.
- **Cap Stuck:** If the cap is difficult to open, try running the top of the flask under warm water for a few moments to expand the metal slightly.

6. SPECIFICATIONS

Feature	Detail
Brand	STANLEY
Model Number	B087DPT16F
Material	18/8 Stainless Steel
Color	Silver
Item Volume	236 Milliliters (8oz)
Features	Leak Proof, Wide Mouth Opening, Integrated Lanyard, BPA-free
Shape	Rectangular
