MAINTENANCE AND CARE

- **Cleaning:** Hand wash only. Wash the bottle, lid, and straw with warm, soapy water after each use. Rinse thoroughly. Do not use abrasive cleaners or scrubbers, as this may damage the bottle or stickers.
- **Drying:** Allow all parts to air dry completely before reassembling or storing to prevent mold or odors.
- **Sticker Care:** While the stickers are designed to adhere well, excessive scrubbing or prolonged soaking may affect their longevity.
- **Storage:** Store the water bottle in a clean, dry place when not in use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Stickers peeling off	Surface was not clean/dry during application, or excessive scrubbing during cleaning.	Ensure bottle surface is clean and dry before applying. Avoid harsh scrubbing during cleaning. Reapply new stickers if available.
Bottle leaking	Lid not closed properly, or silicone seal ring is dislodged/damaged.	Ensure the flip-top lid is clicked securely into place. Check the silicone seal ring inside the lid for proper placement and any damage.
Straw not popping up	Mechanism jammed or straw not properly inserted.	Ensure the straw is fully inserted into the lid. Check for any obstructions around the button or flip-top mechanism.
