Noma AD6137 G2WF Purifier (043-6157-0)

NOMA Large Room Replacement Filter Instruction Manual

Model: AD6137 G2WF Purifier (043-6157-0)

Introduction

This manual provides essential information for the proper installation and maintenance of your NOMA Large Room Replacement Filter. This filter is designed to work specifically with the NOMA Large Room Air Purifier (model 043-6153-8) to maintain optimal air quality.
The filter utilizes Nano-Confined Catalytic Oxidation (NCCO) Technology to effectively purify the air by removing various pollutants and odors.

Product Compatibility

This replacement filter (Model: AD6137 G2WF Purifier, Part Number: 043-6157-0) is exclusively compatible with the following air purifier model:

- NOMA Large Room Air Purifier (Model: 043-6153-8)

Installation and Filter Replacement

It is recommended to replace the air filter every 6-12 months, or as indicated by your air purifier's filter replacement indicator, to ensure optimal performance.

1. **Step 1: Power Off and Unplug**
   Before attempting any filter replacement, ensure the NOMA Large Room Air Purifier is turned off and unplugged from the power outlet. This prevents electrical hazards.
2. **Step 2: Locate Filter Compartment**
   Identify the filter compartment on your NOMA Large Room Air Purifier. Refer to your air purifier's specific user manual for the exact location and opening instructions. Typically, this involves opening a back or side panel.

3. **Step 3: Remove Old Filter**
   Carefully remove the used filter from the compartment. It may be dusty, so handle it over a waste bin. Dispose of the old filter according to local regulations.
4. **Step 4: Unpack New Filter**
   Remove the new NOMA Large Room Replacement Filter from its protective packaging.
5. **Step 5: Insert New Filter**
   Insert the new filter into the air purifier's filter compartment. Ensure it is oriented correctly, following any arrows or guides on the filter or in the compartment. The filter should fit snugly.
6. **Step 6: Close Compartment**
   Securely close the filter compartment door or panel.
7. **Step 7: Reset Filter Indicator**
   Plug the air purifier back into the power outlet and turn it on. Most air purifiers have a filter reset button or procedure. Consult your air purifier's manual to reset the filter replacement indicator light, if applicable.

Maintenance and Care

The NOMA Large Room Replacement Filter is designed for single use and cannot be washed or cleaned. Attempting to clean the filter may damage its structure and reduce its effectiveness.

- **Filter Lifespan:** The lifespan of the filter depends on usage frequency and air quality conditions. Generally, it is recommended to replace the filter every 6 to 12 months.
- **Indicator Light:** Pay attention to the filter replacement indicator on your NOMA Large Room Air Purifier. Replace the filter when the indicator light illuminates.

- **Storage:** Store new, unused filters in a cool, dry place away from direct sunlight and extreme temperatures. Keep them in their original sealed packaging until ready for use.

Troubleshooting

If you encounter issues after replacing the filter, consider the following:

- **Filter Indicator Light Remains On:**
  - Ensure the new filter is correctly installed and the compartment door is fully closed.
  - Refer to your air purifier's manual for instructions on how to manually reset the filter indicator light. This step is often required after filter replacement.
- **Reduced Airflow or Performance:**
  - Verify that the filter is inserted correctly and not obstructed.
  - Check if the air purifier itself is functioning properly (e.g., fan running).
  - Ensure the air intake and output vents of the air purifier are not blocked.

Specifications

Product Name	NOMA Large Room Replacement Filter with NCCO Technology
Model Number	AD6137 G2WF Purifier (043-6157-0)
Compatible Air Purifier	NOMA Large Room Air Purifier (Model: 043-6153-8)
Technology	Nano-Confined Catalytic Oxidation (NCCO)
Batteries Required	No
Date First Available	August 28, 2020

Warranty and Support

As a replacement part, this filter's warranty is typically covered under the terms of the original air purifier's warranty or specific replacement part policies. Please refer to the warranty information provided with your NOMA Large Room Air Purifier (Model 043-6153-8) for details regarding replacement parts.
For further assistance or inquiries, please contact NOMA customer support. Contact information can usually be found in the original air purifier's manual or on the official NOMA website.
