# Zinus Van 150x200 cm Metal Platform Bed Frame Instruction Manual

Model: EU-MPRC-16P

## 1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Zinus Van 150x200 cm Metal Platform Bed Frame. Designed for durability and ease of use, this bed frame offers robust support for your mattress without the need for a box spring, and includes ample under-bed storage space.

## 2. SAFETY INFORMATION

---

Please read and understand all safety warnings before assembly and use.

- **Caution:** Maximum load capacity is 318 kg (700 lbs). Exceeding this weight may result in structural failure and injury.
- Exercise care during assembly and when handling metal components to avoid injury from sharp edges.
- Ensure all bolts and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not allow children to play on or under the bed frame during assembly or without supervision.

## 3. PACKAGE CONTENTS

---

Verify that all components and tools are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

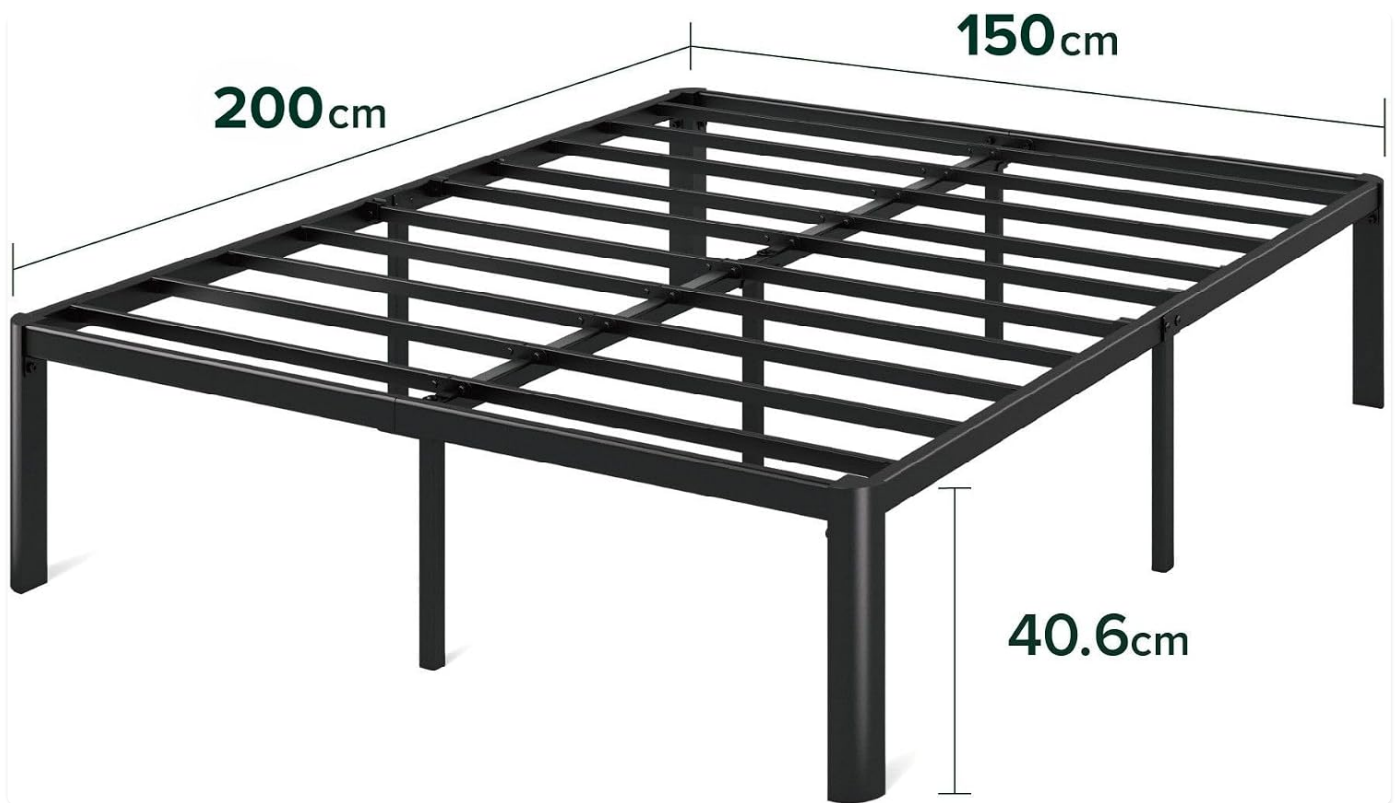

Image 2: All parts, tools, and instructions included for assembly.

### Included Components:

- Metal frame sections (labeled A, B, C, etc.)
- Steel slats
- Leg supports
- Fasteners (bolts, washers)
- Ratchet hex key (assembly tool)
- Instruction manual

## 4. ASSEMBLY INSTRUCTIONS

The Zinus Van Metal Platform Bed Frame is designed for easy assembly, typically requiring two people and less than an hour to complete. Follow these steps carefully:

1. **Unpack Components:** Carefully remove all parts from the box and lay them out on a clean, soft surface (e.g., a rug or blanket) to prevent scratching. Identify each part using the labels and the parts list in your manual.
2. **Assemble Frame Sections:** Connect the main frame sections (e.g., side rails and end rails) using the provided bolts and the ratchet hex key. Ensure all connections are snug but do not fully tighten until the entire frame is assembled.
3. **Attach Leg Supports:** Securely attach the central leg supports to the frame. These provide additional stability and weight distribution.
4. **Install Steel Slats:** Place the steel slats across the frame. The slats are designed to fit into designated slots or attach with fasteners. Ensure they are evenly spaced and securely fastened to provide optimal mattress support.
5. **Final Tightening:** Once all components are in place and aligned, fully tighten all bolts using the ratchet hex key. Ensure the frame is stable and level.

## 5. PRODUCT FEATURES AND USAGE

---

The Zinus Van Metal Platform Bed Frame offers several features designed for comfort and convenience:

- **Under-Bed Storage:** With approximately 36.7 cm (14.5 inches) of clearance, the frame provides ample space for storing boxes, luggage, or other items, helping to maximize bedroom space.
- **Noise-Free Steel Slats:** Durable steel slats are engineered to minimize noise during sleep and extend the lifespan of your mattress by providing consistent support.
- **Rounded Corner Design:** The frame features rounded corners to help prevent accidental bumps and scrapes, enhancing safety in your bedroom.
- **Mattress Compatibility:** This platform bed frame is designed to support various mattress types directly, eliminating the need for a box spring.

## 6. MAINTENANCE

To ensure the longevity and appearance of your Zinus Van Metal Platform Bed Frame, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the metal frame with a dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Regular Inspection:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten any loose fasteners to maintain stability and prevent noise.
- **Avoid Excessive Moisture:** Keep the bed frame in a dry environment to prevent rust or corrosion.

## 7. TROUBLESHOOTING

If you encounter any issues with your bed frame, consider the following common solutions:

- **Squeaking or Noise:** Ensure all bolts are securely tightened. Loose connections are a common cause of noise. Check that the mattress is properly seated on the slats.
- **Instability:** Verify that the frame is assembled correctly and all legs are making firm contact with the floor. Ensure the floor surface is level.
- **Missing Parts:** If you find any parts missing upon unboxing, refer to the package contents section and contact Zinus customer support for assistance.
