Logitech G PRO X Superlight Wireless Gaming Mouse Instruction Manual

Model: 910-005940

INTRODUCTION

The Logitech G PRO X Superlight is an ultra-lightweight wireless gaming mouse engineered for professional esports performance. It features advanced LIGHTSPEED wireless technology, the highly precise HERO 25K sensor, and a minimalist design focused on delivering optimal control and precision for competitive gaming.

WHAT'S IN THE BOX

- Logitech G PRO X Superlight Wireless Gaming Mouse
- LIGHTSPEED USB Receiver
- Charging/Data Cable (USB-A to Micro-USB)
- Receiver Extension Adapter
- Optional Grip Tape
- PTFE Feet (extra set)
- Cleaning Cloth
- User Documentation

This image displays the Logitech G PRO X Superlight Wireless Gaming Mouse in white, alongside its accessories. These include the LIGHTSPEED USB receiver, a charging/data cable, a receiver extension adapter, optional grip tape, extra PTFE feet, a cleaning cloth, and user documentation.

SETUP

Connecting the Mouse

The PRO X Superlight mouse connects wirelessly via the LIGHTSPEED USB receiver.

1. Insert the LIGHTSPEED USB receiver into an available USB port on your computer. For optimal performance, use the included extension adapter to position the receiver closer to the mouse.
2. Turn on the mouse using the power switch located on the underside.
3. The mouse should automatically connect. The LED indicator on the mouse will illuminate to confirm connection.

DESIGNED WITH PROS

A white Logitech G PRO X Superlight mouse is shown on a mousepad, connected wirelessly to a gaming PC setup. The image highlights the mouse's integration into a typical gaming environment.

Charging the Mouse

Connect the charging/data cable to the Micro-USB port on the front of the mouse and to a USB-A port on your computer or a USB power adapter.

The mouse can be used while charging.

MAINTENANCE

Cleaning

Regularly clean your mouse with a soft, dry cloth. Avoid abrasive cleaners or solvents.

For the white model, frequent cleaning is recommended to prevent discoloration from oils and dirt.

PTFE Feet

The mouse features zero-additive PTFE feet for a smooth glide. Replace them if they show signs of wear to maintain optimal performance. An extra set is included in the box.

The image shows the underside of the Logitech G PRO X Superlight mouse, emphasizing the large, white PTFE feet designed for smooth gliding.

TROUBLESHOOTING

Connection Issues

- Ensure the USB receiver is securely plugged into a working USB port.
- Verify the mouse is powered on.
- Try moving the receiver closer to the mouse using the extension adapter.

- Re-pair the mouse using Logitech G HUB software if necessary.

Performance Problems

- Check battery level; charge if low.
- Clean the optical sensor on the underside of the mouse.
- Ensure mouse feet are clean and not excessively worn.
- Update mouse firmware via Logitech G HUB.
