Goplus GO-HW65758-SU

Goplus Bed Tent Instruction Manual

MODEL: GO-HW65758-SU (FULL/QUEEN SIZE)

Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your Goplus Bed Tent. Designed to create a private and comfortable space, this indoor tent is suitable for full and queen-size beds. Please read these instructions carefully before use to ensure proper setup and safe operation.

Safety Information

- Ensure all components are securely assembled before use.
- Keep away from open flames and heat sources.
- Do not hang heavy objects from the tent structure.
- Supervise children during play inside the tent.
- Ensure adequate ventilation, especially when zipped closed.

Package Contents

- 1 x Indoor Tent (190T Polyester Fabric)
- Fiberglass Poles (for support)
- 1 x Carry Bag
- 1 x Instruction Manual (this document)

Setup Instructions

Follow these steps to assemble your Goplus Bed Tent:

1. **Unpack Components:** Carefully remove all items from the carry bag and lay them out on a clean, flat surface.
2. **Assemble Poles:** Connect the fiberglass pole sections to form the longer support poles.
3. **Insert Poles:** Slide the assembled poles through the fabric sleeves on the tent. Ensure they are fully inserted and form the tent's dome shape.
4. **Secure Tent to Bed:** Place the tent over your full or queen-size mattress. The tent features a hook-and-loop strap at each corner. Secure these straps around the mattress to firmly fit the tent and prevent movement.
5. **Adjust and Verify:** Adjust the tent fabric to ensure it is taut and evenly distributed. Check all connections for stability.

Operating Features

Your Goplus Bed Tent is designed with several features for comfort and convenience:

- **Three Doors with Two-Way Zippers:** The tent includes three zippered openings, allowing for flexible entry and exit without disturbing others. The two-way zippers enable opening and closing from

both inside and outside.

- **Top Mesh Vent:** A mesh vent located at the top of the tent promotes air circulation, ensuring a fresh and comfortable environment inside.
- **Internal Pockets:**
 - **Transparent TPU Pocket:** Ideal for holding a tablet, allowing for hands-free viewing of videos or reading.
 - **Corner Pockets:** Two additional pockets are provided for storing small items such as mobile phones, keys, or remote controls.
- **Internal Hook:** A hook is positioned at the top interior of the tent, suitable for hanging a small lantern or a lightweight speaker.

Figure 2: Detailed view of the tent's features, including ventilation, zipper design, and securing mechanisms.

Maintenance

- **Cleaning:** Spot clean the fabric with a damp cloth and mild soap. Do not machine wash or tumble dry. Allow to air dry completely before storing.
- **Storage:** When not in use, disassemble the tent by reversing the setup steps. Fold the fabric neatly and store the poles and tent in the provided carry bag in a cool, dry place.

- **Inspection:** Periodically inspect the fabric and poles for any signs of wear or damage. Replace damaged components if necessary.

Troubleshooting

- **Tent Not Standing Firmly:** Ensure all fiberglass poles are fully inserted into their sleeves and connected. Verify that the corner straps are securely fastened around the mattress.
- **Zippers Sticking:** Apply a small amount of zipper lubricant or a graphite pencil to the zipper teeth to improve smoothness. Avoid forcing the zipper.
- **Lack of Airflow:** Ensure the top mesh vent is clear of obstructions. Open one or more of the zippered doors for increased ventilation if desired.

Specifications

Feature	Detail
Brand	Goplus
Model Number	GO-HW65758-SU
Size	Full/Queen (Fits 75"L x 54"W Full or 80"L x 60"W Queen mattresses)
