LEKATO LGS-2

LEKATO LGS-2 Padded Bass and Guitar Strap Instruction Manual

Introduction

Thank you for choosing the LEKATO LGS-2 Padded Bass and Guitar Strap. This manual provides essential information for the proper setup, use, and maintenance of your new strap. Designed for comfort and durability, this strap features memory foam padding, adjustable length, and secure strap locks to enhance your playing experience.

Key Features

- **Memory Foam Padding:** 3-inch wide shoulder pad with memory foam to reduce pressure on your shoulder and back.
- **Adjustable Length:** Easily adjustable from 45 to 55 inches (115cm to 140cm) to suit various body types and playing styles.
- **Durable Construction:** Features top-grade stitched leather ends for secure attachment and longevity.
- **Integrated Pick Holder:** Conveniently holds up to 3 guitar picks.
- **Safety Strap Locks:** Includes 2 rubber strap lock blocks for enhanced instrument security.
- **Versatile Compatibility:** Suitable for acoustic guitars, electric guitars, bass guitars, classical guitars, ukuleles, and banjos.

Setup

1. Attaching the Strap to Your Instrument

1. Locate the strap buttons on your guitar or bass. Typically, one is on the lower bout and the other on the upper horn or neck heel.
2. Align one of the leather ends of the LEKATO strap with a strap button.
3. Carefully push the strap end over the strap button until it is fully seated and secure.
4. Repeat the process for the other end of the strap and the remaining strap button.

2. Using the Safety Strap Locks

For added security, use the two included rubber strap lock blocks:

1. After attaching the strap to the instrument's strap buttons, slide one rubber strap lock block over each strap button, ensuring it covers the strap end completely.
2. The strap lock blocks will create a tight fit, preventing accidental detachment of the strap from the instrument.

3. Adjusting the Strap Length

The strap features an adjustable buckle for customizing its length:

1. Locate the plastic buckle on the adjustable webbing section of the strap.
2. Slide the buckle to lengthen or shorten the strap until you achieve your desired playing height and comfort.
3. Ensure the buckle is securely positioned and the strap webbing is flat to prevent slippage during use.

Operating

Using the Integrated Pick Holder

The LEKATO LGS-2 strap includes a convenient pick holder on one of its leather ends:

1. Locate the small pockets on the leather end of the strap, near the LEKATO logo.
2. Insert your guitar picks into these pockets for easy access during playing. The holder can accommodate up to 3 picks.

Maintenance

To ensure the longevity and performance of your LEKATO LGS-2 strap, follow these maintenance guidelines:

- **Cleaning:** Wipe the strap with a damp cloth to remove dust and grime. For the leather parts, use a leather cleaner and conditioner periodically. Avoid harsh chemicals.
- **Storage:** Store the strap in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Inspection:** Regularly inspect the strap for any signs of wear, tear, or damage, especially at the attachment points and buckle. Replace if significant damage is observed.

Troubleshooting

- **Strap Slipping:** Ensure the adjustable buckle is firmly set and the strap ends are fully engaged with the instrument's strap buttons. Use the included rubber strap lock blocks for maximum security.
- **Discomfort During Play:** Verify the strap is adjusted to an appropriate length for your body and playing style. The memory foam padding is designed for comfort, but extreme playing positions or prolonged sessions may still cause some fatigue.
- **Picks Falling Out of Holder:** Ensure picks are fully inserted into the holder's pockets. The holder is

designed to fit standard-sized picks securely.

Specifications

Feature	Specification
