

## Monitor Audio Bronze 200

# Monitor Audio Bronze 200 Floorstanding Speaker Instruction Manual

Model: Bronze 200

Brand: Monitor Audio

## INTRODUCTION

Thank you for choosing the Monitor Audio Bronze 200 Floorstanding Speakers. These speakers are designed to deliver high-fidelity audio performance for both music and home theater systems. This manual provides essential information for setting up, operating, and maintaining your speakers to ensure optimal performance and longevity.

## WHAT'S IN THE BOX

- 2 x Monitor Audio Bronze 200 Floorstanding Speakers
- Outrigger Feet and Spikes (pre-attached or included for user installation)
- Protective Grilles

## SETUP

### 1. Placement

Proper speaker placement is crucial for achieving the best sound quality. Consider the following guidelines:

- **Stereo Setup:** Place the speakers equidistant from your primary listening position, forming an equilateral triangle.
- **Distance from Walls:** Experiment with placing the speakers away from walls to reduce bass boom and improve soundstage.
- **Toe-in:** Angle the speakers slightly inward towards the listening position to optimize imaging.

### 2. Connecting to an Amplifier

The Bronze 200 speakers feature dual binding posts, allowing for bi-wiring or bi-amping for enhanced performance. Ensure your amplifier meets the recommended power requirements of 40-120W and has a nominal impedance of 8 ohms.

1. Turn off your amplifier before making any connections.
2. Connect the positive (+) terminal (red) on the speaker to the positive (+) terminal on your amplifier.
3. Connect the negative (-) terminal (black) on the speaker to the negative (-) terminal on your amplifier.
4. If bi-wiring or bi-amping, refer to your amplifier's manual for specific instructions. Ensure the metal links between the binding posts are removed if bi-wiring/bi-amping.

## OPERATING INSTRUCTIONS

---

Once connected, ensure your amplifier is set to the correct input source. Start with a low volume and gradually increase it to your desired listening level. The Bronze 200 speakers are designed for a wide frequency response, providing clear highs and deep bass.

The speakers come with protective grilles. It is recommended to keep them on to protect the drivers from accidental damage, especially in households with children or pets. However, for critical listening, some users prefer to remove them.

## MAINTENANCE

---

To keep your speakers in optimal condition:

- Wipe the cabinet with a soft, dry cloth. Avoid using abrasive cleaners or solvents.
- Do not touch the speaker cones or tweeters directly.
- Keep speakers away from direct sunlight, heat sources, and excessive moisture.

## TROUBLESHOOTING

If you experience issues with your speakers, try the following:

- **No Sound:** Check all cable connections between the speakers and the amplifier. Ensure the amplifier is powered on and set to the correct input.
- **Distorted Sound:** Reduce the volume. Check speaker wire connections for any loose strands or short circuits. Ensure your amplifier is not overdriven.
- **Uneven Sound:** Verify that both speakers are connected correctly (positive to positive, negative to negative) and that the balance settings on your amplifier are centered.

## SPECIFICATIONS

Feature	Detail
Model Name	Bronze 200
System Format	2.5-Way
Frequency Response (-6 dB)	45 – 25,000 Hz (Free field) / 35 – 30,000 Hz (In room)
Nominal Impedance	8 ohms
Recommended Amplifier Requirements	40 – 120 W
Drive Unit Complement	2 x 5 1/2" C-CAM midbass driver, 1 x 25 mm C-CAM Gold Dome tweeter with UD Waveguide
External Dimensions (H x W x D)	909 x 229 x 304 mm (35 13/16 x 9 x 11 15/16") (including Outrigger Feet and Spikes)
Item Weight	12.8 Kilograms (28.2 pounds)
Mounting Type	Floor Standing
Material	Durable (high quality metal or plastic)
Color	Black, White, Walnut, Urban Gray
Audio Output Mode	Stereo, Surround
Connectivity Technology	XLR

## WARRANTY AND SUPPORT

The Monitor Audio Bronze 200 Floorstanding Speakers come with a limited warranty. Please refer to the warranty card included with your product for specific terms and conditions.
