LEGO 80012 Monkie Kid Monkey King Mech Building Instructions

Model: 80012 | Brand: LEGO

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and care of your LEGO 80012 Monkie Kid Monkey King Mech building set. This set allows builders aged 10 and up to construct an impressive mobile mech, inspired by the classic Chinese novel "Journey to the West".

The set includes the Monkey King Mech, a Bull Clone Mech, Pigsy's colorful noodle shop, and various minifigures, offering a rich play experience rooted in Chinese culture.

SETUP AND ASSEMBLY

The LEGO 80012 Monkie Kid Monkey King Mech set contains 1629 pieces. Assembly is recommended for ages 10 and up. Follow the step-by-step instructions provided in the box. For an enhanced building experience, utilize the digital instructions PLUS available in the free LEGO Life app, which offers zoom, rotate, and 3D viewing functions.

Key Components:

- **Monkey King Mech:** The central build, featuring golden elements and articulated joints.
- **Golden Rod:** An extensible staff for the Monkey King Mech.
- **Bull Clone Mech:** A smaller mech with projectile shooters.
- **Pigsy's Noodle Shop:** A detailed building model.
- **Minifigures:** Includes Monkey King, Monkie Kid, two Bull Clones, and two civilians.
- **Accessory Models:** A cloud model on a display stand and a mini 'mountain of flowers and fruits'.

OPERATING AND PLAY FEATURES

Once assembled, the Monkey King Mech is fully articulated, allowing for dynamic posing and imaginative play. The mech measures over 40 cm (15.5 in.) high, 23 cm (9 in.) long, and 42 cm (16.5 in.) wide.

- **Monkey King Mech:** Position the mech's arms, legs, and head to recreate battle scenes or display it proudly. The golden rod can be held by the mech and extended for added play value.
- **Bull Clone Mech:** Engage the Bull Clone Mech in battles against the Monkey King Mech. Its shooters can launch small projectiles (ensure safe play and avoid aiming at eyes or face).
- **Pigsy's Noodle Shop:** Use the noodle shop as a backdrop for storytelling, protecting its inhabitants from the Bull Clones.
- **Minifigures:** The included minifigures can be placed inside the mechs or around the noodle shop to enhance play scenarios.

MAINTENANCE

To ensure the longevity of your LEGO set, follow these simple maintenance guidelines:

- **Cleaning:** Dust your LEGO models regularly with a soft brush or a can of compressed air. For deeper cleaning, gently wash individual bricks with mild soap and lukewarm water (not exceeding 40°C / 104°F). Rinse thoroughly and air dry. Do not use hot water, harsh chemicals, or abrasive materials.
- **Storage:** Store your LEGO set in a cool, dry place away from direct sunlight to prevent discoloration and material degradation. Keep small pieces in sealed containers to avoid loss.
- **Handling:** Handle assembled models with care to prevent pieces from detaching.

TROUBLESHOOTING

If you encounter any issues during assembly or play, consider the following:

- **Missing Pieces:** If you find any pieces missing from your new set, please visit the official LEGO Customer

Service website to request replacement parts.

- **Assembly Difficulties:** Double-check the instruction steps. The digital instructions PLUS in the LEGO Life app can provide clearer views and interactive guidance. Ensure all pieces are correctly oriented and firmly pressed together.
- **Loose Connections:** If parts feel loose, ensure they are fully connected. LEGO bricks are designed to fit snugly.
