Bentgo Bowl BGOBL2-M Insulated Leak-Resistant Food Container User Manual

Brand: Bentgo | Model: BGOBL2-M

1. PRODUCT OVERVIEW

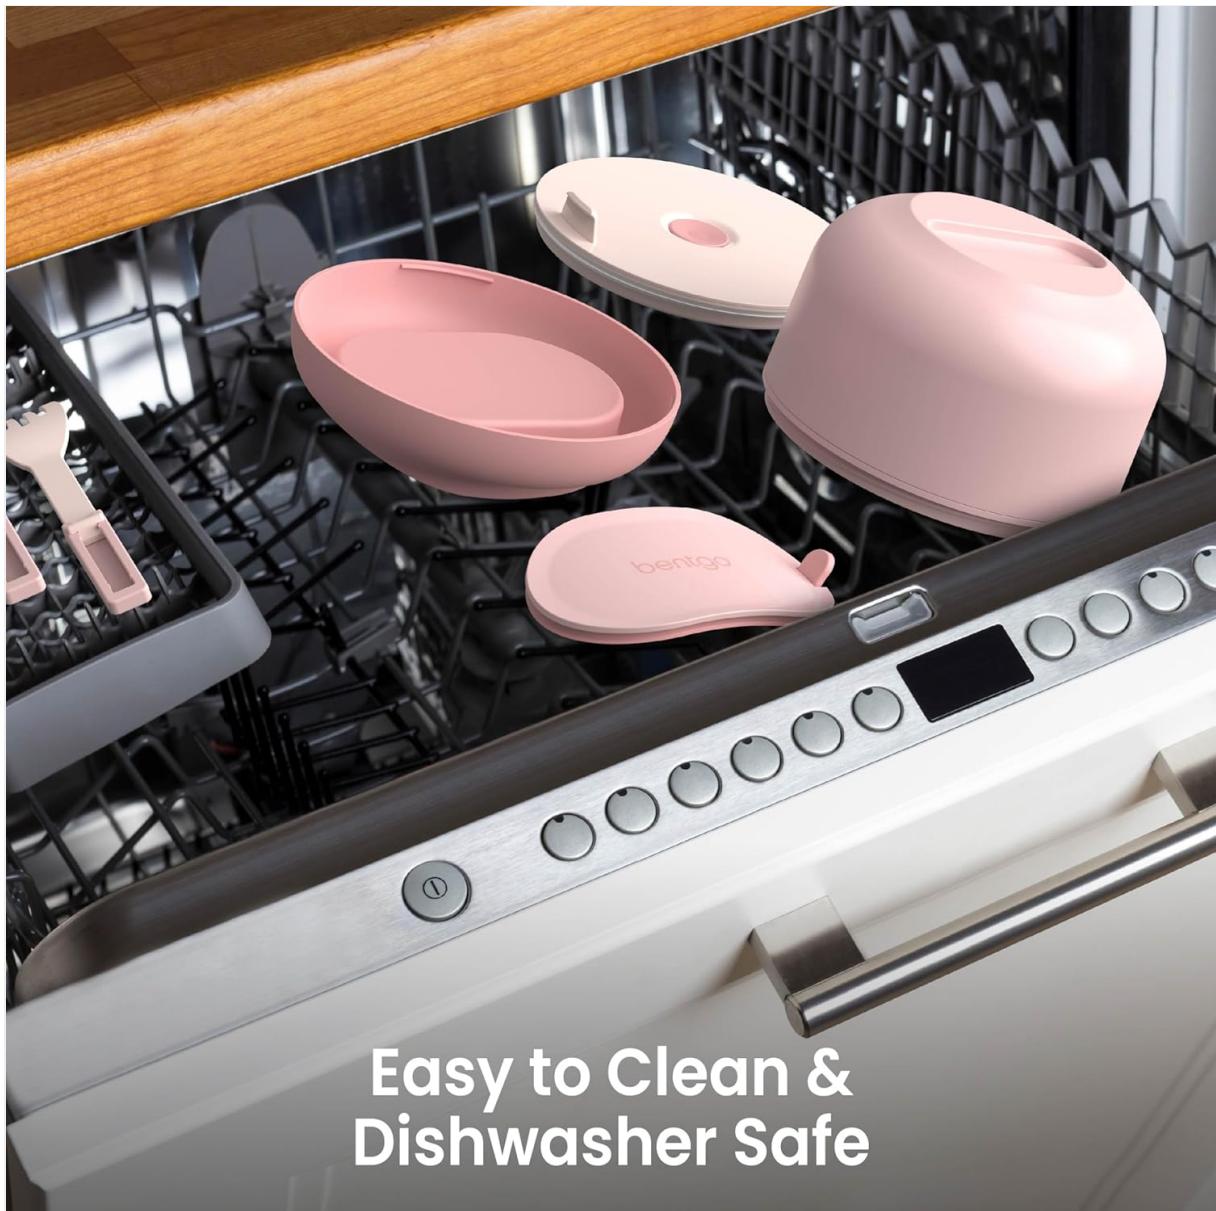

The Bentgo Bowl is an insulated, leak-resistant food container designed for transporting hot or cold meals. It features a main bowl with a 21.2 oz (2.6 cups) capacity, a versatile top compartment for snacks, and includes collapsible utensils. Constructed from BPA-free materials, it is engineered for convenience and durability, making it ideal for on-the-go use.

2. COMPONENTS

- **Vacuum-Insulated Bowl:** The main container for your meal.
- **Leak-Resistant Inner Lid:** Provides an airtight seal for the main bowl.
- **Versatile Snack Compartment:** Holds dry snacks or the collapsible utensils.
- **Top Lid:** Secures the snack compartment and utensils.
- **Retractable Spoon & Fork Set:** Conveniently stored in the snack compartment.

Easy to Clean & Dishwasher Safe

3. SETUP

- Initial Cleaning:** Before first use, wash all components with warm, soapy water. Rinse thoroughly and allow to air dry.
- Pre-heating for Hot Foods:** For optimal heat retention, fill the main insulated bowl with hot water for 5-10 minutes before adding your hot meal. Empty the hot water before adding food.
- Pre-chilling for Cold Foods:** For optimal cold retention, fill the main insulated bowl with cold water or ice for 5-10 minutes before adding your cold meal. Empty the cold water/ice before adding food.
- Utensil Placement:** Place the retractable spoon and fork set into the designated slot within the versatile snack compartment.

4. OPERATING INSTRUCTIONS

4.1 Packing Your Meal

- Main Bowl:** After pre-heating or pre-chilling, place your soup, pasta, cereal, or other main meal into the vacuum-insulated bowl.
- Inner Lid:** Securely twist the leak-resistant inner lid onto the main bowl to create an airtight seal. Ensure it is

tightly closed to prevent leaks and maintain temperature.

- **Snack Compartment:** Place dry snacks (e.g., crackers, nuts, fruit) into the versatile top compartment. This compartment is not leak-proof and should only be used for dry items.
- **Outer Lid:** Place the top lid over the snack compartment and secure it.

5. MAINTENANCE

5.1 Cleaning Instructions

All components of the Bentgo Bowl are designed for easy cleaning. The main bowl and inner lid should be hand washed to preserve their insulating properties and seals. The snack compartment and collapsible utensils are dishwasher safe (top rack recommended).

- **Hand Wash (Main Bowl & Inner Lid):** Wash with warm, soapy water. Use a soft sponge or cloth. Rinse thoroughly and air dry completely before reassembling or storing.
- **Dishwasher Safe (Snack Compartment & Utensils):** Place on the top rack of your dishwasher. Ensure no components are exposed to high heat settings that could cause warping.

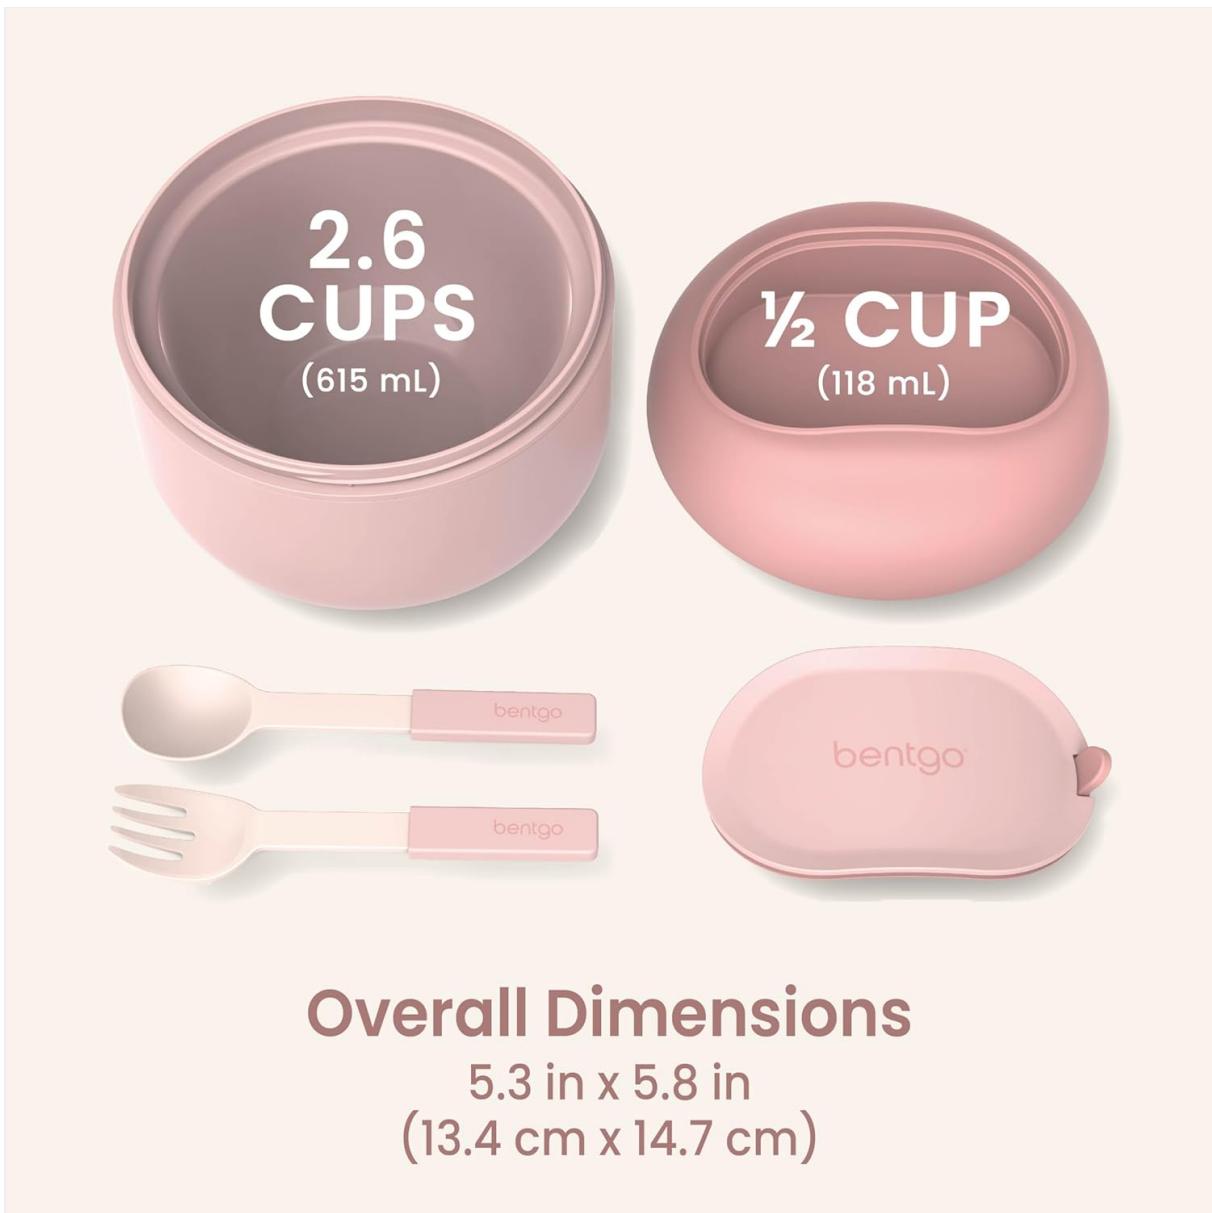

Image 5.1: All components are easy to clean, with some parts being dishwasher safe.

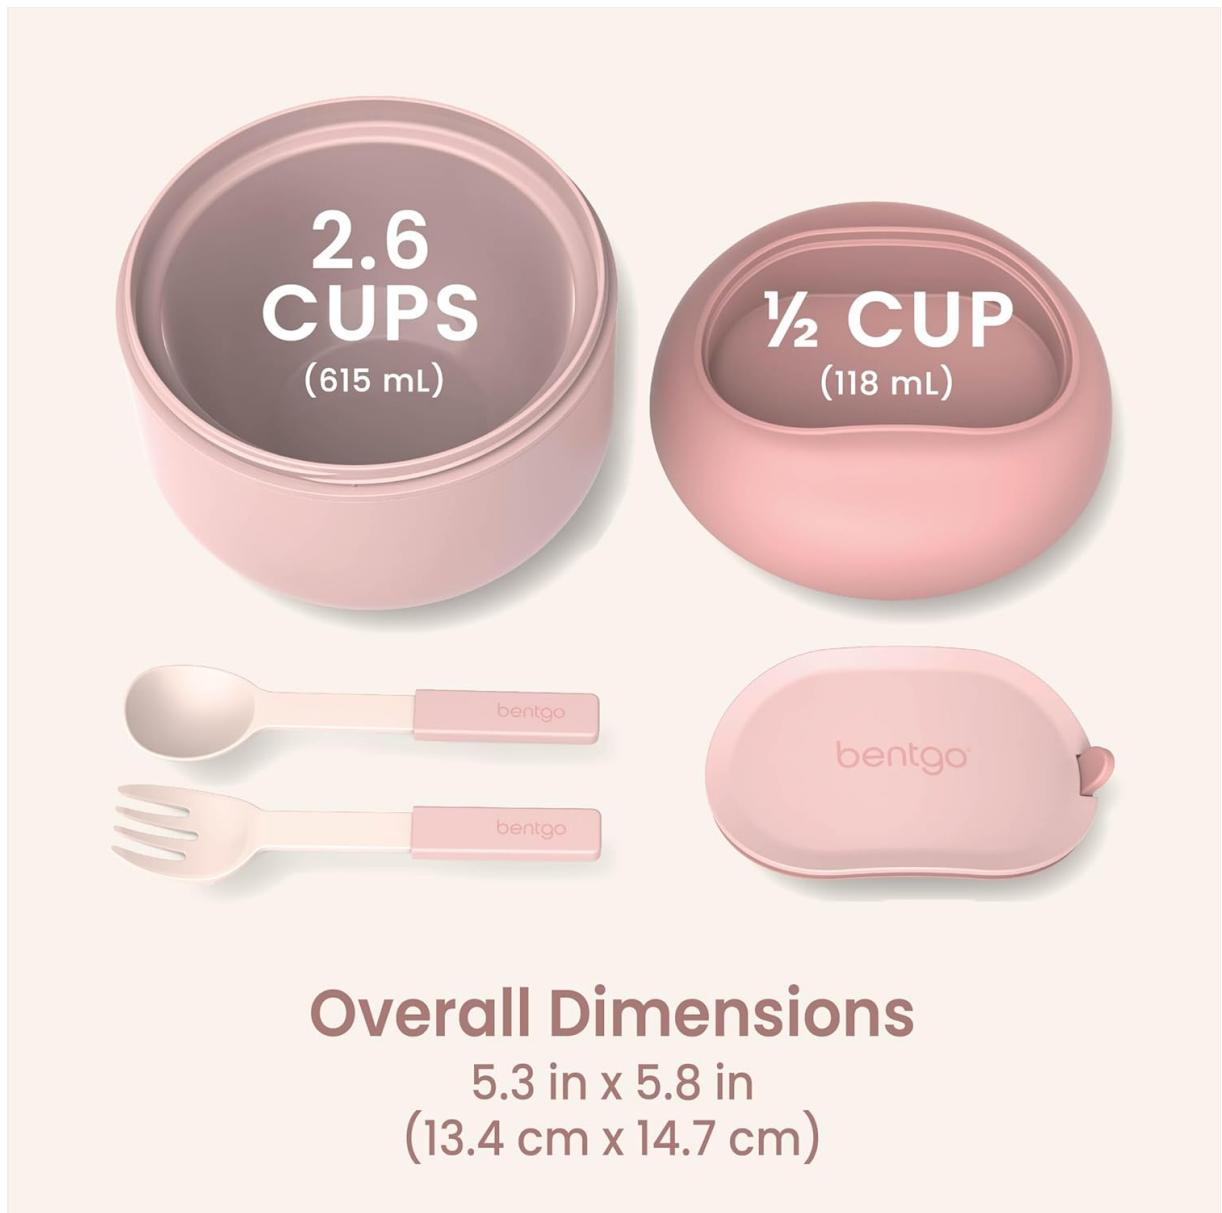

6. TROUBLESHOOTING

- **Food Not Staying Hot/Cold:** Ensure the main bowl was properly pre-heated or pre-chilled before adding food. Verify that the inner lid is securely twisted on to create an airtight seal.
- **Leaking:** Check that the leak-resistant inner lid is fully and correctly sealed onto the main bowl. The outer snack compartment is not leak-proof; ensure only dry items are placed there.
- **Difficulty Opening/Closing Lid:** If the lid is too tight, ensure no food debris is caught in the threads. If it's too loose, check for any damage to the rubber seal or threads.

- **Not Microwave Safe:** The Bentgo Bowl contains insulated stainless steel components and is not safe for microwave use. Always transfer food to a microwave-safe container if heating is required.
