Pure Enrichment PEAIRFIL

Pure Enrichment PureZone Mini Air Purifier 2-in-1 True HEPA Replacement Filter

INSTRUCTION MANUAL

Introduction

This manual provides essential information for the proper use and maintenance of your Pure Enrichment PureZone Mini Air Purifier 2-in-1 True HEPA Replacement Filter (Model PEAIRFIL). This filter is designed to work exclusively with the PureZone Mini Portable Air Purifier (PEPERSAP) to ensure optimal air purification performance.

Key Features

- **2-Stage Air Purification:** Features a Carbon Activated Pre-filter for trapping household odors and smoke, and a True HEPA filter for capturing fine particles.
- **Harmful Particle Capture:** Designed to capture and eliminate up to 99.97% of particles as small as 0.3 microns, including dust, pollen, pet dander, smoke, and various household odors.
- **Improved Air Quality:** Genuine Pure Enrichment True HEPA filters contribute to improved indoor air quality by reducing allergens.
- **Long-Lasting Performance:** For optimal performance and to maintain the integrity of your air purifier, the filter should be changed approximately every 6 months.

Compatibility

This 2-in-1 True HEPA Replacement Filter (Model PEAIRFIL) is designed exclusively for use with the **Pure Enrichment PureZone Mini Portable Air Purifier (PEPERSAP)**. Using non-genuine or incompatible filters may affect the performance and longevity of your air purifier.

Installation Instructions

Installing the replacement filter is a straightforward process:

1. Unscrew the bottom of the air purifier by turning the arrow on the cap to the OPEN position.
2. Remove the cap and the old filter.
3. Insert the new filter into the air purifier.
4. Align the arrow on the cap with the OPEN position on the unit and screw it in towards the CLOSE position until secure.

Operating Instructions

Once the new filter is installed, your PureZone Mini Portable Air Purifier is ready for operation. Refer to your PureZone Mini Air Purifier's main instruction manual for detailed operating procedures, including power on/off, fan speed adjustments, and other functions. The filter works continuously to clean the air as the purifier operates.

Maintenance and Filter Replacement

To ensure continuous optimal performance of your PureZone Mini Air Purifier, it is recommended to replace the 2-in-1 True HEPA filter every **6 months**. This duration may vary depending on air quality and frequency of use. Regularly checking the filter for visible dirt and debris can help determine if an earlier replacement is needed.

REPLACE AFTER 6 MONTHS

Replace Pure Enrichment® True HEPA Air Filters every 6 months to keep your air clean and pure.

| Compatible Devices | Pure Enrichment PEPERSAP (PureZone Mini Portable Air Purifier) |
| Air Filter Construction | Pleated |
| Number of Items | 1 |
| GTIN / UPC | 817387023399 |

Troubleshooting

If you experience reduced air purification effectiveness or increased noise from your PureZone Mini Air Purifier, consider the following:

- **Check Filter Condition:** Inspect the filter for excessive dirt or blockage. A heavily soiled filter will reduce airflow and purification efficiency.
- **Filter Installation:** Ensure the filter is correctly seated and the bottom cap of the air purifier is securely fastened.
- **Replacement Schedule:** Verify if it's time for a filter replacement (recommended every 6 months).

For further assistance, please refer to the main PureZone Mini Portable Air Purifier manual or contact Pure Enrichment customer support.

Warranty and Support

For information regarding the product warranty, returns, or technical support, please refer to the documentation included with your PureZone Mini Portable Air Purifier or visit the official Pure Enrichment website. Ensure you have your product model number (PEAIRFIL) and purchase details available when contacting support.
