Pure Enrichment PECOMPAP

Pure Enrichment PureZone Breeze Tabletop Air Purifier

MODEL: PECOMPAP

Instruction Manual

1. Introduction

The Pure Enrichment PureZone Breeze Tabletop Air Purifier is designed to improve air quality in small to medium-sized spaces. It utilizes a 2-stage filtration system to capture common airborne irritants and odors, providing a cleaner and fresher environment.

2. Important Safety Information

Please read and understand all safety instructions before using this appliance. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Do not operate the air purifier with a damaged cord or plug.
- Keep the power cord away from heated surfaces.
- Do not use the appliance in wet or damp environments.
- Always unplug the air purifier before cleaning or performing any maintenance.
- Ensure proper ventilation around the unit; do not block air inlets or outlets.
- This appliance is for indoor use only.

3. Package Contents

Upon unpacking, please ensure all items listed below are present and in good condition:

- PureZone Breeze Air Purifier Unit
- 2-in-1 True HEPA Filter (pre-installed)
- User Manual (this document)

4. Product Features

- **2-Stage Air Purification:** Effectively cleans air from 99.97% of dust, pollen, pet dander, smoke, and household odors. The system includes an Activated Carbon pre-filter and a True HEPA filter.

- **3 Fan Speeds:** Features low, medium, and high fan speed options, adjustable via a control knob.
- **Innovative Design:** Equipped with rubberized feet for enhanced stability and a unique forward airflow design that provides a gentle breeze.
- **Compact Size:** Ideal for placement on nightstands, desks, or end tables, blending seamlessly with various decor styles.

5. Setup

1. **Unpack the Filter:** Before initial use, remove the back cover of the air purifier. Take out the 2-in-1 filter and remove all protective plastic packaging. Reinsert the filter into the unit, ensuring it is seated correctly, then replace the back cover.
2. **Placement:** Place the air purifier on a flat, stable surface such as a desk, nightstand, or end table. Ensure there is adequate space around the unit for proper airflow.
3. **Power Connection:** Plug the power cord into a standard 120V AC electrical outlet.

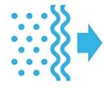

*Remove protective packaging from filter before initial use and re-install.

6. Operation

1. **Power On/Off:** Turn the control knob located on the top of the unit clockwise from the "OFF" position to select a fan speed. To turn off the unit, rotate the knob counter-clockwise to the "OFF" position.
2. **Adjust Fan Speed:** The control knob allows you to select one of three fan speeds:
 - **I (Low):** For quiet, continuous operation.
 - **II (Medium):** For moderate air purification.
 - **III (High):** For maximum air purification.

7. Maintenance

Regular maintenance ensures optimal performance of your air purifier.

- **Filter Replacement:** The 2-in-1 filter should be replaced approximately every 6 months, depending on usage and air quality. To replace, unplug the unit, remove the back cover, take out the old filter, insert a new filter (ensuring plastic packaging is removed), and replace the cover.
- **Exterior Cleaning:** Wipe the exterior of the air purifier with a soft, dry cloth. Do not use abrasive cleaners or solvents.

Figure 5: The 2-in-1 filter technology.

8. Troubleshooting

- **Unit does not turn on:** Ensure the power cord is securely plugged into a working electrical outlet. Check that the control knob is turned to a fan speed setting (I, II, or III) and not in the "OFF" position.
- **Reduced airflow or unusual noise:** The filter may be clogged or incorrectly installed. Unplug the unit, check the filter for excessive dust, and ensure it is properly seated. Replace the filter if heavily soiled.
- **Persistent odors:** If odors persist after regular use, the filter may need to be replaced sooner than the recommended 6-month interval, especially in environments with high levels of pollutants.

9. Specifications

Specification	Value
Model Number	PECOMPAP
Color	White
Product Dimensions	6.8"D x 12.6"W x 7"H
Floor Area Coverage	86 Square Feet
Noise Level	58 Decibels (Max)
Controller Type	Mechanical Knob
Wattage	33 watts
Contaminant Filtration Capability	99.97%
Filter Class	True HEPA
Item Weight	4.7 pounds
Power Source	Corded Electric

10. Warranty and Support

The Pure Enrichment PureZone Breeze Air Purifier comes with Pure Enrichment's guaranteed 5-Year Manufacturer's Warranty. For any questions or support, please contact our customer service team. Details can be found on the official Pure Enrichment website or product packaging.
