# Beldray Pet Plus+ Handheld TPR Gel Lint Roller User Manual

Model: LA072597EU | Brand: Beldray

## 1. INTRODUCTION

This manual provides essential information for the safe and effective use of your Beldray Pet Plus+ Handheld TPR Gel Lint Roller. Please read it thoroughly before first use and retain it for future reference.

### Product Overview

The Beldray Pet Plus+ Handheld TPR Gel Lint Roller is designed for effortless removal of pet hair, lint, and dust from various surfaces. Its washable and reusable TPR gel roller offers an eco-friendly alternative to traditional disposable lint sheets. It also features a built-in squeegee for enhanced cleaning performance.

### Key Features

- **Reusable TPR Gel Roller:** Washable and eco-friendly, reducing waste.
- **Built-in Squeegee:** Effectively removes stubborn pet hair, lint, and dust.
- **Ergonomic Handle:** Designed for comfortable and secure grip.
- **Versatile Use:** Ideal for clothes, garments, and upholstered surfaces such as furniture and curtains.

## 2. SAFETY INFORMATION

Please observe the following safety precautions to ensure safe operation and to prevent damage to the product or injury.

- Keep out of reach of children and pets.
- Do not use on wet surfaces unless specified.
- Avoid direct contact with sharp objects to prevent damage to the gel roller.
- Do not expose to extreme temperatures.
- Clean the roller only as instructed in the maintenance section.

## 3. PACKAGE CONTENTS

Verify that all components are present upon opening the package:

- 1 x Beldray Pet Plus+ Handheld Gel Lint Roller

## 4. SETUP

---

The Beldray Pet Plus+ Handheld TPR Gel Lint Roller requires no assembly. It is ready for immediate use upon removal from its packaging.

1. Remove the lint roller from its packaging.
2. Ensure the roller surface is clean and free of debris before first use.

## 5. OPERATING INSTRUCTIONS

---

Follow these steps for effective use of your lint roller:

### 1. Step 1: Prepare the Surface

Ensure the surface you intend to clean (e.g., clothing, upholstery) is dry and laid flat or held taut for best results.

*Image: A person demonstrates using the lint roller on a blue shirt, showing how to hold and apply the roller to*

*clothing.*

**2. Step 2: Roll to Collect Debris**

Gently roll the TPR gel roller over the surface in one direction. The sticky surface will pick up lint, pet hair, and dust. For stubborn debris, apply slight pressure.

*Image: A hand uses the lint roller on a grey carpeted stair, illustrating its effectiveness on textured surfaces like carpets.*

*Image: The lint roller is shown in use on a grey sofa cushion, with visible lint and hair being collected on the roller surface.*

### **3. Step 3: Utilize the Squeegee (Optional)**

For embedded pet hair or more thorough cleaning, use the built-in squeegee by gently scraping it across the surface in a single direction. This helps to dislodge and gather hair for easier pickup by the roller.

*Image: A hand demonstrates using the squeegee feature of the lint roller on a grey carpeted stair, showing its application for deeper cleaning.*

## 6. MAINTENANCE

---

Regular cleaning of your lint roller will ensure optimal performance and longevity.

### 1. **Step 1: Rinse the Roller**

After use, rinse the TPR gel roller under warm running water. You can use a mild soap if necessary to remove stubborn residue.

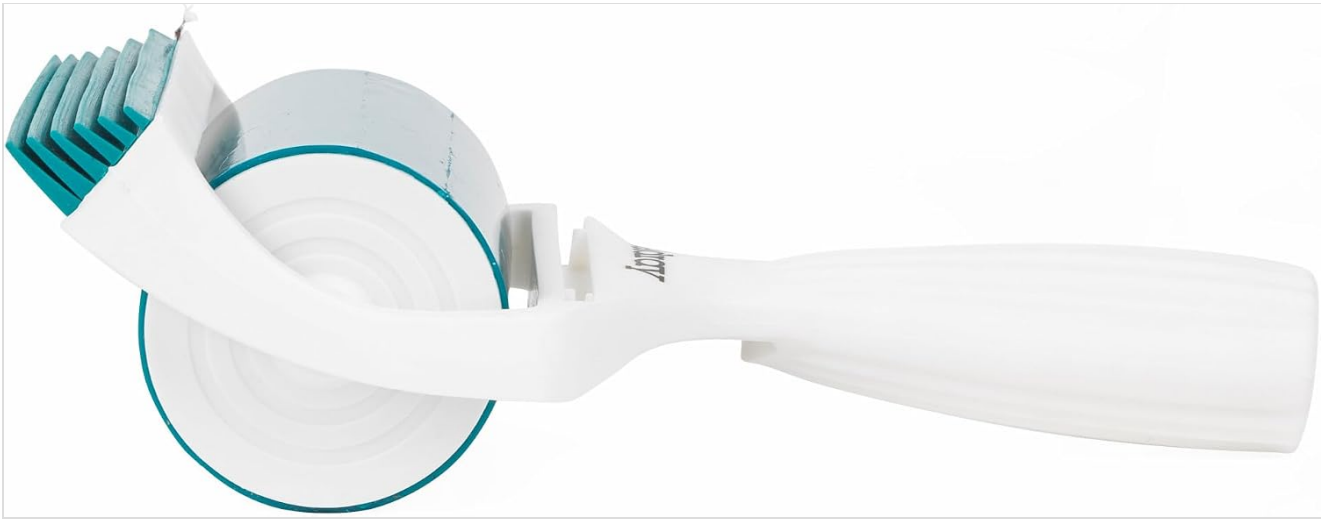

Image: The lint roller is being rinsed under a kitchen faucet, demonstrating the ease of cleaning the gel surface.

2. **Step 2: Air Dry**

Shake off excess water and allow the roller to air dry completely. The stickiness will return once dry.

3. **Storage**

Store the lint roller in a clean, dry place away from direct sunlight and extreme temperatures.

7. **TROUBLESHOOTING**

If you encounter issues with your Beldray Pet Plus+ Handheld TPR Gel Lint Roller, refer to the following common problems and solutions:

| Problem                                      | Possible Cause                                | Solution                                                                                                                           |
|----------------------------------------------|-----------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| Roller not picking up lint/hair effectively. | Roller surface is dirty or wet.               | Rinse the roller thoroughly under warm water and allow it to air dry completely. Ensure the surface being cleaned is dry.          |
| Residue left on fabric.                      | Roller not fully clean or not completely dry. | Ensure the roller is completely clean and dry before use. Avoid using harsh soaps that might leave residue.                        |
| Squeegee not effective.                      | Incorrect angle or too much pressure.         | Adjust the angle and apply gentle, consistent pressure. The squeegee is designed to dislodge hair, which the roller then picks up. |

8. **SPECIFICATIONS**
