vidaXL 48232

vidaXL Bird Bath with Fountain

MODEL: 48232

1. Introduction

Thank you for choosing the vidaXL Bird Bath with Fountain. This product is designed to provide a decorative and functional water feature for your garden, balcony, or patio, offering a refreshing spot for birds. Made from durable, weather-resistant plastic, it is suitable for outdoor use throughout the year. This manual provides essential information for safe assembly, operation, and maintenance of your bird bath.

Product Dimensions: 50 cm (Diameter) x 91 cm (Height)

2. Safety Information

Please read all safety instructions carefully before assembly and operation. Failure to follow these instructions may result in injury or damage to the product.

- Ensure the product is placed on a stable, level surface to prevent tipping.
- Always disconnect the power supply before performing any maintenance or cleaning.
- Keep children and pets away from the electrical components.
- Do not operate the pump if the water level is too low, as this can cause damage.

- Protect the power cord from damage and ensure it is not a tripping hazard.
- Refer to the separate 'Safety Information (PDF)' document for detailed safety guidelines.

3. Package Contents

Verify that all components are present and undamaged before beginning assembly. If any parts are missing or damaged, contact customer support.

- Bird Bath Base
- Pedestal Column
- Main Water Basin
- Upper Tier Fountain Elements (multiple levels)
- Electric Water Pump with Power Cord
- Assembly Hardware (screws, connectors)
- Instruction Manual

4. Assembly Instructions

Assembly is required for this product. Follow these steps carefully.

1. **Attach the Pedestal to the Base:** Securely connect the pedestal column to the decorative base using the provided hardware. Ensure it is stable and upright.

Image 2: Detail of the bird bath base.

2. **Mount the Main Water Basin:** Place the main water basin onto the top of the pedestal column. Ensure it sits firmly and is level.

3. **Assemble Upper Fountain Tiers:** Carefully stack and connect the upper fountain elements onto the main water basin. These typically interlock or screw together.

Image 3: Upper tiers of the fountain.

4. **Install the Pump:** Place the electric water pump inside the main water basin. Connect the pump's outlet nozzle to the water inlet of the lowest fountain tier. Ensure the pump is fully submerged when the basin is filled with water.

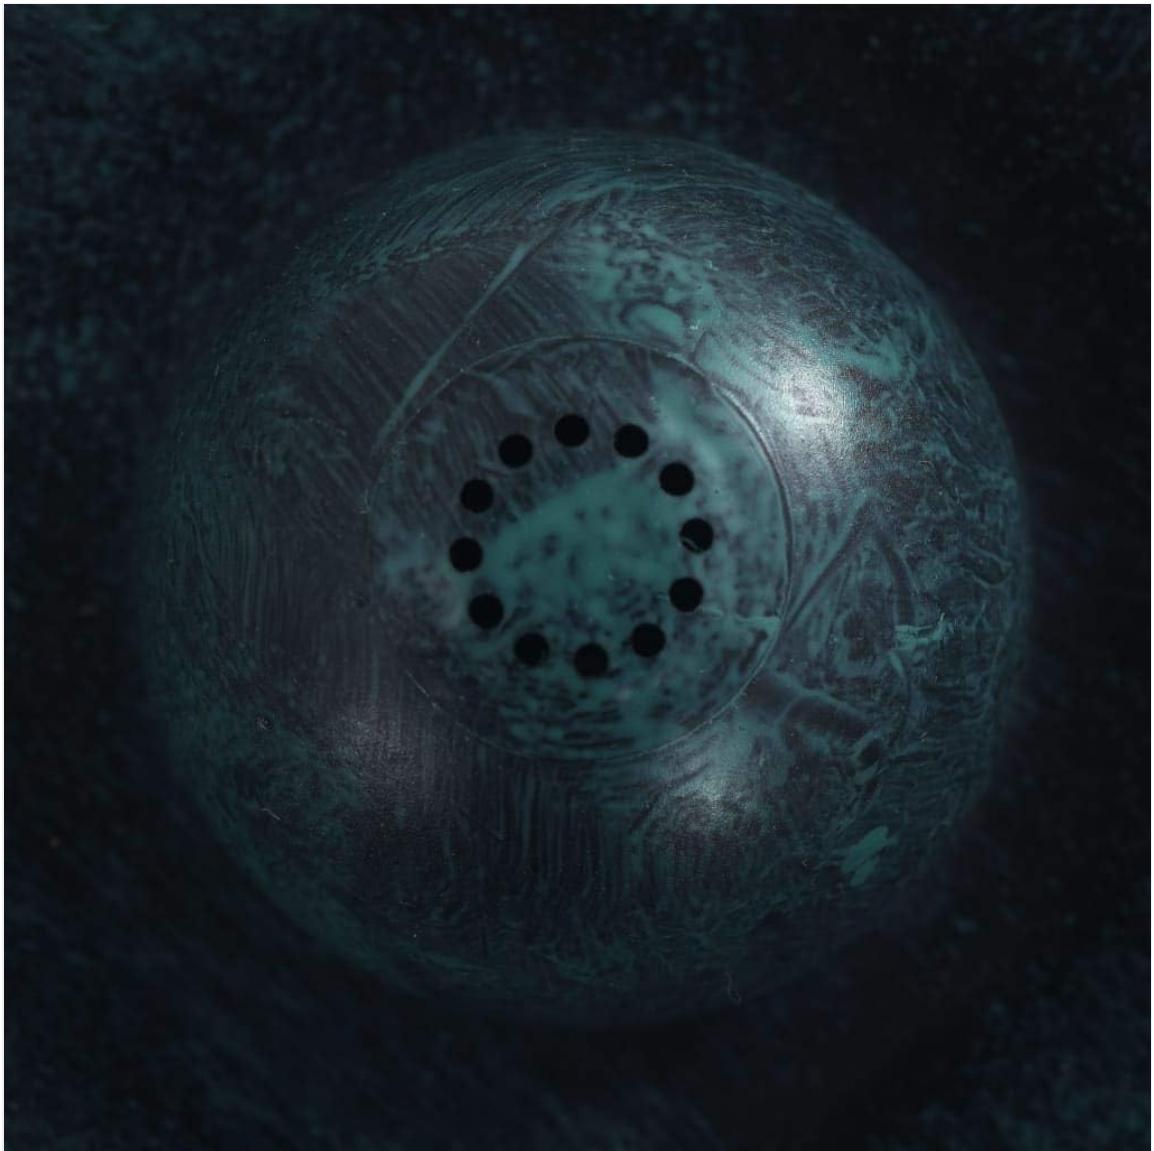

Image 4: Detail of the fountain nozzle.

5. **Route the Power Cord:** Carefully route the power cord from the pump out of the bird bath, ensuring it is not pinched or damaged.

5. Operating Instructions

Once assembled, follow these steps to operate your bird bath fountain:

1. **Fill with Water:** Fill the main water basin with clean water until the pump is fully submerged. Do not overfill.
2. **Connect Power:** Plug the power cord into a suitable outdoor electrical outlet. Ensure the outlet is protected from weather and is a ground fault circuit interrupter (GFCI) outlet for safety.
3. **Start Fountain:** The pump will begin circulating water, creating the fountain effect.

Image 5: The bird bath fountain in operation.

4. **Adjust Water Flow (if applicable):** Some pumps may have an adjustable flow rate. Refer to the pump's specific instructions if you wish to modify the water flow.

6. Maintenance

Regular maintenance will ensure the longevity and optimal performance of your bird bath fountain.

- **Water Level:** Check the water level daily, especially during warm weather, and refill as needed to keep the pump submerged.
- **Cleaning:** Clean the bird bath and pump regularly (weekly or bi-weekly) to prevent algae buildup and blockages. Disconnect power before cleaning. Use a soft brush and mild soap, then rinse thoroughly.

- **Pump Filter:** Clean the pump's filter periodically to ensure efficient operation. Refer to the pump's manual for specific cleaning instructions.
- **Winterization:** In freezing temperatures, drain all water from the bird bath and store the pump indoors to prevent damage. The plastic bird bath can remain outdoors if desired, but ensure it is completely dry.

7. Troubleshooting

If you encounter issues with your bird bath fountain, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Pump not working	No power; Clogged pump; Low water level	Check power connection; Clean pump and filter; Refill water to proper level
Weak water flow	Clogged pump/nozzle; Low water level; Kinked hose	Clean pump/nozzle; Refill water; Straighten hose
Water splashing out	Too high water flow; Uneven surface	Adjust pump flow (if possible); Ensure bird bath is on a level surface

8. Specifications

- **Color:** Green
- **Material:** Plastic
- **Dimensions (Diameter x Height):** 50 x 91 cm
- **Voltage:** 220-240 V
- **Frequency:** 50 Hz
- **Power:** 6 W
- **Special Feature:** Built-in pump
- **Item Weight:** 3.36 Kilograms
- **Model Number:** 48232

9. Warranty and Support

For warranty information or technical support, please refer to the purchase documentation or contact vidaXL customer service. Keep your proof of purchase for any warranty claims.
