TFCFL Model 1

TFCFL 42-inch Vintage Retractable Ceiling Fan Light, Model 1

User Instruction Manual

1. INTRODUCTION

Thank you for purchasing the TFCFL 42-inch Vintage Retractable Ceiling Fan Light, Model 1. This product combines the functionality of a ceiling fan with the aesthetic appeal of a Tiffany-style chandelier. It features retractable fan blades, 3-color LED lighting, and 3-speed fan settings, all controllable via a remote. This manual provides essential information for safe installation, operation, and maintenance of your new ceiling fan light.

fixture and antique brass finish.

2. IMPORTANT SAFETY INSTRUCTIONS

Please read all instructions carefully before installation and use. Retain this manual for future reference.

- **Electrical Safety:** All electrical connections must be performed by a qualified electrician and conform to local codes and ordinances. Disconnect power at the circuit breaker before installation or servicing.
- **Mounting:** Ensure the mounting structure can support the weight of the fan (approximately 23.3 pounds or 10.59 kg).
- **Blade Clearance:** Maintain adequate clearance between the fan blades and any obstructions.
- **Remote Control:** Use only the provided remote control. Keep batteries out of reach of children.
- **Cleaning:** Always turn off the power before cleaning the fan or light fixture.

3. PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- Ceiling Fan Motor Housing with Retractable Blades
- Tiffany Style LED Light Kit
- Downrods (4.8 inches and 9.8 inches)
- Mounting Bracket
- Canopy
- Remote Control with Batteries (2 AAA batteries included)
- Hardware Pack (screws, wire nuts, etc.)
- Instruction Manual

4. SETUP AND INSTALLATION

Professional installation is recommended for electrical safety and proper functioning.

4.1 Pre-Installation Checks

- Turn off power at the main circuit breaker.
- Ensure the ceiling junction box is securely mounted and capable of supporting the fan's weight.
- The bracket hole distance is 10 cm (3.94 inches).

4.2 Mounting the Bracket and Downrod

1. Secure the mounting bracket to the ceiling junction box using the provided screws.
2. Choose either the 4.8-inch or 9.8-inch downrod based on your ceiling height and desired fan position.
3. Feed the electrical wires from the fan motor through the chosen downrod.
4. Attach the downrod to the fan motor housing and secure it with the pin and screw.

Image 4.1: Dimensional diagram illustrating the fan's width (42 inches) and the two available downrod lengths (4.8 inches and 9.8 inches).

4.3 Wiring Connections

1. Carefully lift the fan assembly and hang it on the mounting bracket.
2. Connect the electrical wires according to standard wiring practices (Live, Neutral, Ground). Use wire nuts to secure connections.
3. Ensure all connections are tight and properly insulated.

4.4 Attaching the Canopy and Light Kit

1. Slide the canopy up to the ceiling and secure it to the mounting bracket with the provided screws.
2. Connect the light kit wires to the corresponding wires from the fan motor.
3. Attach the Tiffany-style light fixture to the fan motor housing.

Image 4.2: Detailed view of the Tiffany-style light fixture, highlighting its intricate design.

5. OPERATING INSTRUCTIONS

Your TFCFL ceiling fan light is operated using the included remote control.

5.1 Remote Control Functions

- **Light ON/OFF:** Press the light button to turn the light on or off.
- **Color Temperature Change:** Repeatedly press the light button to cycle through 3 color temperatures: Warm Light, Neutral Light, and White Light.
- **Fan Speed:** Select from 3 fan speeds: Low, Medium, and High.
- **Timer Function:** Set the fan to turn off automatically after 1, 2, 4, or 8 hours.

THREE COLORS LIGHTING

Image 5.1: The fan light displaying its three adjustable color temperatures: Warm, Neutral, and White.

Image 5.2: The 8-hour timer function allows for automatic fan shutdown.

5.2 Retractable Blades

The fan blades automatically extend when the fan is turned on and retract when the fan is turned off, providing a sleek appearance when not in use.

Image 5.3: The fan light with its blades retracted, appearing as a chandelier.

6. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your ceiling fan light.

- **Cleaning:** Turn off power before cleaning. Use a soft, damp cloth to wipe down the fan housing and light fixture. Avoid abrasive cleaners that may damage the finish or acrylic.
- **Blade Cleaning:** Gently wipe the retractable blades with a soft cloth.
- **Motor:** The pure copper motor is designed for quiet operation and durability. It features vents to reduce internal temperature. No lubrication is required.
- **Bulb Replacement:** The LED light source is integrated. If the light fails, contact customer support for assistance.

7. TROUBLESHOOTING

If you encounter issues, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan/Light does not turn on	No power supply Remote control batteries are dead Improper wiring	Check circuit breaker and wall switch Replace remote control batteries (2 AAA) Verify wiring connections (consult an electrician if unsure)
Fan makes excessive noise	Loose mounting screws Improperly balanced blades	Ensure all mounting screws are tightened Check for any obstructions or damage to blades
Remote control not working	Dead batteries Obstruction between remote and receiver	Replace batteries Ensure clear line of sight to the fan's receiver
Light flickers or does not change color	Loose wiring connection to light kit Faulty LED driver	Check light kit wiring connections Contact customer support for assistance

8. SPECIFICATIONS
