MERITLINE Low Bunk Beds Twin Over Twin Size Instruction Manual

1. Introduction

This manual provides essential information for the safe assembly, operation, and maintenance of your MERITLINE Low Bunk Beds Twin Over Twin Size. Please read all instructions carefully before assembly and use to ensure proper setup and safe enjoyment of the product.

This bunk bed features a low-profile design, a house-shaped roof, and integrated guard rails and ladder, making it suitable for children and toddlers. It is constructed from solid wood for durability and stability.

2. Safety Information

- **Read all instructions:** Ensure you understand all assembly steps and safety warnings before proceeding.
- **Adult supervision:** Children should always be supervised when using bunk beds.
- **Top bunk age restriction:** The top bunk is not suitable for children under 6 years of age.
- **Mattress requirements:** Use only mattresses of the specified thickness to ensure guard rail effectiveness. Recommended mattress thickness: Upper bed: 6 inches, Bottom bed: 8 inches.
- **Weight limits:** Do not exceed the maximum weight limits. Top bunk: 175 lbs (79 kg). Lower bunk: 275 lbs (125 kg).
- **Secure connections:** Periodically check and tighten all bolts, screws, and fasteners to maintain structural integrity.
- **No horseplay:** Do not allow jumping or rough play on or under the bed.
- **Ladder use:** Always use the provided ladder for accessing the top bunk.
- **Ventilation:** Ensure adequate ventilation around the bed.
- **Placement:** Position the bed away from windows, cords, or other potential hazards.

3. Package Contents

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Bed Frame Components (Headboards, Footboards, Side Rails, Ladder parts, Roof parts)
- Slat Kit (8 slats for each bed)
- Guardrails
- Assembly Hardware (bolts, screws, nuts, washers, Allen wrench)
- Assembly Instructions Guide

Note: The product is shipped in 2 separate packages.

4. Specifications

Feature	Detail
Overall Product Dimensions	77.8" L x 41" W x 83.1" H (197.6 cm L x 104.1 cm W x 211.1 cm H)
Overall Product Weight	134.5 LBS (62 kg)
Number of Packages	2
Weight Limit (Top Bunk)	175 LBS (79 kg)
Weight Limit (Lower Bunk)	275 LBS (125 kg)
Recommended Mattress Thickness (Upper)	6 inches
Recommended Mattress Thickness (Lower)	8 inches
Number of Slats (Each Bed)	8
Material	Wood (Manufactured Wood + Solid Pine Wood)
Color	Rustic White
Special Features	Sturdy construction, Built-in ladder, Guardrails, House-shaped roof
Divisible into two beds?	No

5. Setup and Assembly

Assembly of the MERITLINE Low Bunk Bed requires careful attention to detail. It is recommended that two adults perform the assembly.

1. **Unpack and Inspect:** Carefully unpack all components and hardware. Compare them against the parts list in the separate assembly guide to ensure everything is present and undamaged.
2. **Prepare Workspace:** Clear a spacious area for assembly. Lay down a blanket or cardboard to protect the floor and furniture pieces from scratches.
3. **Follow Assembly Guide:** Refer to the detailed step-by-step assembly guide provided in your package. Each step will illustrate which parts and hardware to use.
4. **Initial Fastening:** During initial assembly, hand-tighten bolts and screws. Avoid fully tightening until instructed, as this allows for minor adjustments.
5. **Final Tightening:** Once all components are in place and aligned, fully tighten all fasteners using the provided Allen wrench. Do not overtighten.

6. **Safety Check:** After assembly, gently shake the bed to ensure it is stable and all connections are secure.

Figure 2: Assembled bunk bed structure.

Tools Required: An Allen wrench is typically included. A power drill with an Allen bit can expedite the process but use with caution to avoid overtightening.

6. Operating Instructions

Proper use of the bunk bed ensures safety and longevity.

- **Mattress Placement:** Place the recommended size and thickness mattresses on both the upper and lower bunks. Ensure the mattress on the top bunk does not exceed the height of the guard rails.
- **Ladder Access:** Always use the built-in ladder to access the top bunk. Do not climb on the side rails or other parts of the bed frame.
- **Weight Distribution:** Distribute weight evenly on both bunks. Avoid concentrating weight in one small area.
- **No Hanging:** Do not hang clothes, toys, or other items from the bed frame, guard rails, or roof structure, as this can create a strangulation hazard or destabilize the bed.

Figure 3: Bunk bed in use with mattresses and bedding.

7. Maintenance and Care

Regular maintenance will help preserve the condition and safety of your bunk bed.

- **Cleaning:** Wipe the bed frame with a dry, soft cloth. Avoid abrasive cleaners or harsh chemicals that could damage the wood finish.
- **Fastener Check:** Periodically (e.g., every 3-6 months) inspect all bolts, screws, and connections. Tighten any that have become loose.
- **Structural Inspection:** Check for any signs of wear, cracks, or damage to the wood components. If significant damage is found, discontinue use and contact customer support.
- **Avoid Moisture:** Keep the bed in a dry environment to prevent wood warping or damage.

8. Troubleshooting

Here are solutions to common issues you might encounter:

- **Bed feels wobbly:** Ensure all bolts and connections are fully tightened. Re-check the assembly steps to confirm all parts are correctly installed.
- **Parts do not align during assembly:** Double-check the orientation of the parts against the assembly guide. Sometimes a piece may be rotated incorrectly. Loosen fasteners, adjust, and retighten.
- **Squeaking noises:** Tighten all hardware. If squeaking persists, disassemble the affected joint, apply a small amount of furniture wax or lubricant (e.g., paraffin wax) to the contact points, and reassemble.
- **Missing or damaged parts:** Do not attempt to substitute parts. Contact MERITLINE customer support immediately with the specific part number from your assembly guide.

9. Warranty and Support

MERITLINE products are manufactured with quality and customer satisfaction in mind. For specific warranty details, please refer to any warranty documentation included with your purchase or visit the official MERITLINE website.

For any questions, concerns, or assistance with assembly, parts, or product issues, please contact MERITLINE customer support. Have your product model number (B0885ZXGM2) and purchase information ready when contacting support.
