

i-Star 90059PI

i-Star Portable DAB/DAB+/FM Radio (Model 90059PI) User Manual

Your guide to setup, operation, and maintenance.

1. INTRODUCTION

The i-Star Portable DAB/DAB+/FM Radio offers a versatile listening experience with clear digital and analog radio reception. Designed for portability, it features a built-in rechargeable battery and a compact design, making it suitable for use at home or on the go. This manual provides essential information for setting up, operating, and maintaining your radio.

Figure 1: Front view of the i-Star Portable DAB/DAB+/FM Radio, highlighting its compact design and user interface.

2. SETUP

2.1 Unpacking and Initial Charge

1. Carefully remove the radio and all accessories from the packaging.
2. Connect the supplied USB charging cable to the radio's Micro USB port and to a compatible USB power adapter (not included) or a computer's USB port.
3. Allow the radio to charge fully before first use. The charging indicator will typically change or turn off when charging is complete. A full charge provides up to 4 hours of playback.

Micro USB or Rechargeable Battery

Power via the micro USB or use the built-in rechargeable battery to provide up to 4hrs playback

Figure 2: The radio powered via Micro USB or its built-in rechargeable battery.

2.2 First Power On and Automatic Scan

1. Extend the telescopic antenna fully for optimal reception.
2. Press and hold the **STANDBY** button to turn on the radio.
3. Upon first power-on, the radio will automatically perform a scan for available DAB/DAB+ stations. This process may take a few minutes.
4. Once the scan is complete, the radio will tune to the first available station.

3. OPERATING INSTRUCTIONS

3.1 Switching Between DAB/DAB+ and FM Modes

- Press the **MODE** button repeatedly to switch between DAB/DAB+ and FM radio modes. The current mode will be displayed on the LCD screen.

Choice of DAB, DAB+ & FM

DAB & DAB+ for crystal clear reception, also with FM radio for even more choice

Figure 3: The radio supports DAB, DAB+, and FM for a wide range of listening options.

3.2 Tuning Stations

- **DAB/DAB+ Mode:** Use the **PRESET** or **TUNE** buttons (left/right arrows) to navigate through the list of available stations. Press **ENTER/SCAN** to select a station.
- **FM Mode:** Press the **ENTER/SCAN** button to automatically scan for the next available FM station. Alternatively, use the **TUNE** buttons for manual fine-tuning.

3.3 Saving and Recalling Presets

1. Tune to your desired station.
2. Press and hold the **PRESET** button until 'Preset Store' appears on the display.
3. Use the **TUNE** buttons to select a preset number (1-60).
4. Press **ENTER/SCAN** to confirm and save the station.
5. To recall a saved station, briefly press the **PRESET** button, then use the **TUNE** buttons to select the desired preset number, and press **ENTER/SCAN**.

3.4 Volume Control

- Rotate the **VOLUME** knob (located on the right side) clockwise to increase volume and counter-clockwise to decrease volume.

3.5 Sleep Timer Function

- To activate the sleep timer, press the **INFO/MENU** button repeatedly until 'Sleep' appears.
- Use the **TUNE** buttons to select the desired sleep duration (e.g., 15, 30, 45, 60, 90 minutes).
- Press **ENTER/SCAN** to confirm. The radio will automatically turn off after the set time.

Figure 4: The sleep timer feature allows the radio to automatically switch off after a set period.

3.6 Headphone Listening

- Connect standard 3.5mm headphones (not included) to the headphone jack located on the side of the radio for private listening. The internal speaker will be muted automatically.

Personal Listening

Connect your headphones via the 3.5mm AUX Out port

Figure 5: Connect headphones for personal listening without disturbing others.

4. MAINTENANCE

4.1 General Care

- Keep the radio away from direct sunlight, heat sources, and moisture.
- Avoid dropping the radio or subjecting it to strong impacts.
- Do not attempt to disassemble the radio; this will void the warranty.

4.2 Cleaning

- Wipe the radio's exterior with a soft, dry cloth.
- Do not use abrasive cleaners, waxes, or solvents as they may damage the finish.

5. TROUBLESHOOTING

- **No Power:** Ensure the radio is charged or connected to a power source via the USB cable. Check if the STANDBY button has been pressed.
- **No Sound:** Check the volume level. Ensure headphones are not connected if you intend to use the speaker.
- **Poor Reception (DAB/DAB+ or FM):** Fully extend the telescopic antenna. Try repositioning the radio. Perform a full scan for DAB/DAB+ stations. In FM mode, try manual tuning.
- **Radio Freezes/Unresponsive:** Turn the radio off and on again. If the issue persists, allow the battery to fully discharge and then recharge it.

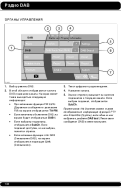

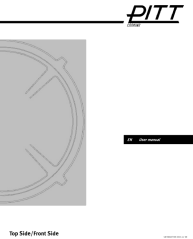

6. SPECIFICATIONS

Feature	Specification
Brand	i-Star
Model Number	90059PI
Color	White
Radio Bands Supported	DAB, DAB+, FM
Tuning Technology	Digital (DAB/DAB+), Analog (FM)
