Mobicool MP26

Mobicool MP26 Cooler Instruction Manual

Model: MP26

1. INTRODUCTION

This manual provides instructions for the safe and efficient use of your Mobicool MP26 Cooler. Please read these instructions carefully before first use and keep them for future reference.

The Mobicool MP26 is a passive cooler designed to keep food, beverages, and medicines cold using ice packs or ice gel. Its robust construction and efficient polyurethane insulation make it ideal for camping, picnics, beach trips, hunting, and other outdoor activities. With a 26-liter capacity, it can comfortably hold various items, including six 2-liter bottles upright.

2. SAFETY INSTRUCTIONS

- Do not use the cooler for storing hot items. It is designed for cooling only.
- Ensure the lid is securely closed to maintain temperature and prevent spills.
- Keep out of reach of small children when not in use, especially if containing heavy items.
- Do not place excessively heavy objects on the lid, as this may cause damage.
- Clean the cooler regularly to prevent bacterial growth and maintain hygiene.

3. PACKAGE CONTENTS

The Mobicool MP26 Cooler package typically includes:

- 1 x Mobicool MP26 Cooler Unit
- *Note: Ice packs or ice gel are sold separately and are required for cooling performance.*

4. SETUP

1. Before first use, clean the interior and exterior of the cooler with a damp cloth and mild detergent. Rinse thoroughly with clean water and dry completely.
2. For optimal cooling performance, pre-chill the cooler interior before loading. This can be done by placing a few ice packs inside for a short period.
3. Place pre-frozen ice packs or ice gel into the cooler. The more ice packs used, the longer the cooling duration.
4. Arrange food and beverages inside the cooler. For best results, items should be pre-chilled before being placed in the cooler.

5. OPERATING INSTRUCTIONS

General Use

The Mobicool MP26 is a passive cooler, meaning it does not require electricity. Its cooling performance relies entirely on the quality and quantity of ice packs or ice gel used, and how well the lid is sealed.

- To open the cooler, lift the handle and rotate it upwards to unlock the lid.
- To close and secure the lid, align the handle with the lid's locking mechanism and press down firmly until it clicks into place.

- Minimize opening the lid to preserve the internal temperature and extend cooling time.
- For extended cooling, consider using a combination of ice packs and loose ice.

Capacity

The cooler has a 26-liter capacity and can accommodate up to six 2-liter bottles standing upright, along with other items.

6. MAINTENANCE

Cleaning

Regular cleaning ensures hygiene and extends the life of your cooler.

- After each use, empty the cooler and remove any remaining ice, water, or food debris.
- The lid is removable for easier and more thorough cleaning of the interior.

- Wash the interior and exterior with warm water and a mild, non-abrasive detergent.
- Rinse thoroughly with clean water to remove all soap residue.
- Dry all surfaces completely before closing the lid or storing to prevent mold, mildew, and unpleasant odors.

Odor Prevention

To prevent odors from developing, leave the lid slightly ajar when storing the empty cooler to allow for air circulation.

7. STORAGE

Store the Mobicool MP26 Cooler in a cool, dry place away from direct sunlight when not in use. Ensure it is clean and completely dry before storage to prevent mold or damage.

8. TROUBLESHOOTING

Poor Cooling Performance

- **Issue:** Items are not staying cold for long, or cooling is inefficient.
- **Solution:**
 - Ensure ice packs/gel are fully frozen before use.

- Increase the quantity of ice packs/gel used.
- Pre-chill the cooler and its contents before loading.
- Minimize opening the lid to reduce heat exchange.
- Check that the lid is securely closed and sealed properly.

Unpleasant Odors

- **Issue:** Unpleasant smells inside the cooler.
- **Solution:**
 - Thoroughly clean the cooler with warm, soapy water and rinse well.
 - Dry completely before storage.
 - Store with the lid slightly open to allow air circulation and prevent moisture buildup.

9. SPECIFICATIONS

Feature	Detail
Model	Mobicool MP26
Capacity	26 Liters
Dimensions (D x W x H)	40 cm x 30 cm x 40 cm
Weight	2.5 Kilograms
Material	Polyurethane (PU) Insulation
