

Baikaraer JQJ24

Baikaraer 24-Pack Flameless LED Tea Lights Instruction Manual

Model: JQJ24

INTRODUCTION

Thank you for choosing Baikaraer Flameless LED Tea Lights. These battery-operated tea lights provide a realistic flickering warm yellow glow, offering a safe and convenient alternative to traditional candles. Ideal for various decorative purposes, they enhance ambiance without the risks of open flames, smoke, or dripping wax.

This manual provides essential information for the setup, operation, maintenance, and troubleshooting of your LED tea lights. Please read it thoroughly before use.

PRODUCT FEATURES

- **Realistic Flickering Effect:** Mimics the natural movement of a candle flame.
- **Warm Yellow Light:** Creates a cozy and inviting atmosphere.
- **Safe & Flameless:** Eliminates fire hazards, smoke, and messy wax drips.
- **Long Battery Life:** Each tea light operates for 200+ hours on a single CR2032 button cell battery.
- **Easy Operation:** Simple ON/OFF switch located on the bottom.
- **Compact Size:** Measures 1.5 inches in diameter and 1.5 inches in height, fitting most votive holders and decorative items.
- **Waterproof Design:** Suitable for both indoor and outdoor use (ensure battery compartment is securely closed).

PACKAGE CONTENTS

- 24 x Baikaraer Flameless LED Tea Lights (Warm Yellow)
- 24 x CR2032 Button Cell Batteries (pre-installed)

SETUP

1. **Unpack:** Carefully remove all tea lights from their packaging.

2. **Activate Battery:** Each tea light comes with a pre-installed CR2032 battery. Before first use, locate the small plastic pull tab in the battery compartment on the bottom of each tea light. Gently pull and remove this tab to activate the battery.
3. **Inspect:** Ensure the battery compartment cover is securely closed after removing the tab to maintain waterproof integrity.

OPERATING INSTRUCTIONS

1. **Turn On:** Locate the black ON/OFF switch on the bottom of the tea light. Slide the switch to the "ON" position. The LED will illuminate with a warm yellow flickering light.
2. **Turn Off:** To conserve battery life, slide the switch to the "OFF" position when the tea light is not in use.
3. **Placement:** Place the tea lights in desired locations such as votive holders, lanterns, or directly on surfaces. Ensure they are stable to prevent accidental movement.

MAINTENANCE

- **Battery Replacement:** When the light dims or stops working, it's time to replace the battery.
 - a. Turn the tea light upside down.
 - b. Locate the battery compartment cover. Use a small coin to twist the cover counter-clockwise to unlock it.
 - c. Remove the old CR2032 button cell battery.
 - d. Insert a new CR2032 battery with the positive (+) side facing upwards.
 - e. Replace the cover and twist clockwise to securely lock it.
- **Cleaning:** Wipe the tea lights with a soft, dry cloth. Do not use abrasive cleaners or immerse the entire unit in water (though they are waterproof, direct immersion for cleaning is not recommended for longevity).
- **Storage:** Store tea lights in a cool, dry place when not in use. If storing for extended periods, consider removing the batteries to prevent leakage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Tea light does not turn on.	Battery pull tab still in place.	Remove the plastic pull tab from the battery compartment.
Tea light does not turn on.	Dead or improperly installed battery.	Replace the CR2032 battery, ensuring correct polarity (+ side up).
Light is dim or flickers inconsistently.	Low battery power.	Replace the CR2032 battery.
Water inside the tea light.	Battery compartment cover not sealed properly.	Ensure the battery cover is tightly twisted and sealed. Allow the unit to dry completely before re-use.

SPECIFICATIONS

Feature	Detail
Model Number	JQJ24
