

AUSDOM AW335

AUSDOM AW335 1080P Full HD Webcam User Manual

Model: AW335 | Brand: AUSDOM

INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your AUSDOM AW335 1080P Full HD Webcam. Please read this manual thoroughly before using the product to ensure proper functionality and to maximize your user experience.

PACKAGE CONTENTS

- AUSDOM AW335 1080P Full HD Webcam
- User Manual

Note: Please check all items upon unboxing. If any components are missing or damaged, contact customer support.

PRODUCT OVERVIEW

The AUSDOM AW335 webcam is designed for high-definition video communication and recording. It features a 1080P Full HD lens, an integrated microphone with noise cancellation, and a versatile mounting clip.

Figure 1: Front view of the AUSDOM AW335 Webcam, showing the lens and integrated microphone.

Figure 2: The AUSDOM AW335 Webcam demonstrating its 360-degree rotation and 180-degree adjustable base for flexible positioning. It also highlights the 1.5m USB cable.

SETUP INSTRUCTIONS

1. Mounting the Webcam:

The AW335 webcam features an adjustable clip/stand. You can mount it on top of your computer monitor, laptop screen, or place it on a flat surface. The base also supports tripod mounting.

TOP QUALITY VIDEO CHAT

High megapixels CMOS light-sensitive chips deliver full HD 1920*1080 pixel smooth streaming widescreen video calls on up to 30fps

Figure 3: The AUSDOM AW335 Webcam securely mounted on top of a laptop screen, ready for use.

2. **Connecting to Your Computer:**

Connect the USB cable from the webcam to an available USB port on your computer (PC, Mac, Desktop, or Smart TV Box). The webcam is plug-and-play, meaning no additional drivers are typically required for basic functionality.

3. **Initial Setup (Windows/macOS):**

Once connected, your operating system should automatically detect the webcam. You may need to select the "AUSDOM AW335" as your preferred camera and microphone in your video conferencing software (e.g., Skype, Zoom, Google Meet) or recording applications.

- **Windows:** Go to *Settings > Devices > Cameras* or *Sound > Input* to verify the webcam is recognized.
- **macOS:** Go to *System Preferences > Sound > Input* or use applications like Photo Booth or FaceTime to select the camera.

OPERATING INSTRUCTIONS

Manual Focus Adjustment

The AW335 features a manual focus lens. To adjust the focus, gently rotate the lens ring until the image appears clear and sharp on your screen.

LUXURY HD FIVE GLASS COATING LENS

Guarantee more clear videos and pictures with the best resolution without any blurs, and is more resistant to wear.

Key Features and Usage

- **1080P Full HD Video:** The webcam delivers high-definition video at 1920 x 1080 pixels, suitable for video calls, streaming, and recording.
- **Integrated Noise-Cancelling Microphone:** The built-in omni-directional microphone captures

clear audio and filters out background noise. Ensure the webcam's microphone is selected as the input device in your application settings.

- **Automatic Low-Light Correction:** The webcam automatically adjusts to dim or overexposed lighting conditions to maintain clear video quality.
- **Wide Compatibility:** Compatible with Windows (7/8/10/XP), macOS, Chrome OS, Android, and Linux. It supports various platforms like Skype, Zoom, OBS, YouTube, Twitch, and more.

ZERO NOISE INTELLIGENT FILTERING TECHNOLOGY

Omni-directional noise reduction microphone filter out background noise, capture your voice from every direction and spread it out clearly to your interlocutor
