

Bietrun WXM08

Bietrun Wireless Microphone System User Manual

Brand: Bietrun | Model: WXM08

INTRODUCTION

The Bietrun Wireless Microphone System is a versatile audio solution designed for various applications, including home karaoke, meetings, parties, and weddings. This system features dual UHF cordless dynamic microphones with a robust 160ft range, ensuring stable signal transmission without delay or interference. The microphones are equipped with integrated echo, treble, and bass controls, allowing users to customize sound effects directly from the handheld unit. The receiver offers convenient Bluetooth connectivity, enabling seamless integration with a wide range of audio devices.

WHAT'S IN THE BOX

Your Bietrun Wireless Microphone System package includes the following components:

- 2 x Wireless Microphones
- 1 x Receiver Unit
- 2 x RCA Cables
- 1 x 3.5 mm Cable
- 1 x 6.5 mm Cable
- 1 x UL Certification Adapter (5V 1A)
- 1 x USB Cable (Type-C)

- 1 x Warranty Card

SETUP

Setting up your Bietrun Wireless Microphone System is straightforward, designed for plug-and-play convenience.

Powering the System

- **Receiver:** The receiver operates on 5V DC power. Connect the provided UL certification adapter to the DC 5V IN port on the receiver and plug it into a power outlet.
- **Microphones:** Each microphone requires 2 AA batteries (not included). Insert the batteries into the microphone's battery compartment. The microphone display will show battery power in real-time.

Microphone & Receiver Power Supply

Connecting to Audio Devices

The receiver offers multiple output options to connect to your audio equipment:

- **1/4 inch Mic Input:** Use the provided 6.5 mm cable to connect the receiver's OUTPUT port to your speaker, singing machine, audio amplifier, PA system, voice amplifier, mixers, or audio interfaces.
- **1/8 inch Line In:** Use the provided 3.5 mm cable or RCA cables (with 3.5mm adapter) to connect the receiver's OUTPUT port to devices with a 1/8 inch line-in.
