Afloia MIROPRO

Afloia MIROPRO 2-in-1 Air Purifier with Humidifier User Manual

Model: MIROPRO | Brand: Afloia

1. INTRODUCTION

Thank you for choosing the Afloia MIROPRO 2-in-1 Air Purifier with Humidifier. This innovative device is designed to improve your indoor air quality by combining powerful air purification with comfortable evaporative humidification. Please read this manual thoroughly before operation to ensure safe and effective use.

2. IMPORTANT SAFETY INSTRUCTIONS

To reduce the risk of fire, electric shock, or injury, please observe the following:

- Always unplug the appliance before cleaning or performing any maintenance.
- Do not operate the appliance with a damaged cord or plug.
- Keep the power cord away from heated surfaces.
- Do not use the appliance outdoors or on wet surfaces.
- Ensure the appliance is placed on a firm, level surface.
- Do not block air openings.

- The humidifier module cannot be used independently.

3. PRODUCT OVERVIEW

Key Features:

- **Separate Designed:** The MIROPRO combines an air purifier and humidifier in a single unit. The humidifier module is independent and detachable, allowing the air purifier to be used alone.
- **3-in-1 Filtration:** The air purifier features a 3-stage filtration system (pre-filter, activated carbon filter, and HEPA filter) for comprehensive air cleaning. Filters air 5 times per hour up to 219 ft².
- **Mistless Humidification:** Utilizes an evaporative principle to convert invisible water into nano-water molecules, moistening the air without producing mist or accumulating dust.
- **Seven Color Lights:** Offers various vibrant light modes, including off, colorful cycling, and fixed color mode, to create a pleasant atmosphere.
- **Filter Replacement Alert:** A red LED light indicates when the filter needs replacement.

4. SETUP

Unpacking and Filter Installation:

1. Carefully remove the air purifier and humidifier module from the packaging.
2. Locate the air purifier filter compartment (usually at the bottom of the main unit).
3. Remove any plastic packaging from the air purifier filter.
4. Insert the filter back into the air purifier unit.

Humidifier Module Attachment:

1. Place the humidifier module securely on top of the air purifier unit, aligning the bottom serration design.
2. Ensure the humidifier filter is properly placed within its module.

HUMIDIFIER MODULE

Whirlwind Fan Technology

Humidifier all the air in the room for health and comfort

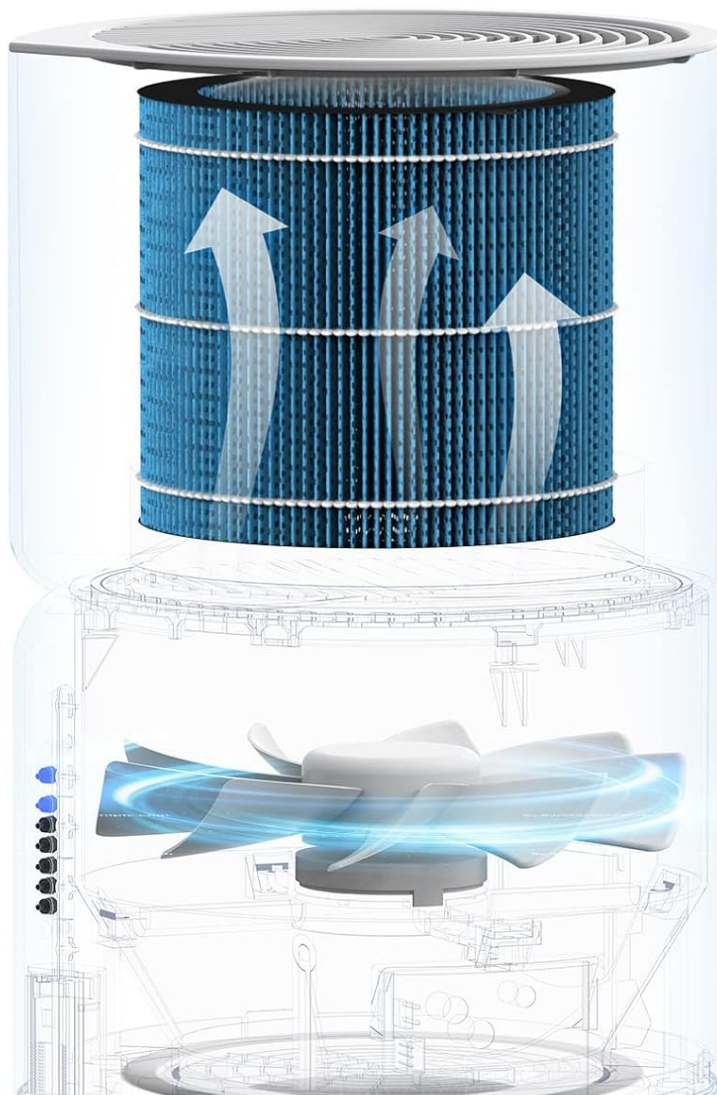

Image: Detailed view of the humidifier module, showing the internal filter and the top-filling water inlet.

Initial Power On:

1. Plug the power cord into a suitable electrical outlet.
2. The unit is now ready for operation.

5. OPERATING INSTRUCTIONS

Control Panel:

The control panel is located on the front of the main air purifier unit. It features touch-sensitive buttons for various functions.

Power On/Off:

- Press the **Power button** () to turn the unit on or off.

Fan Speed Adjustment:

- Press the **Fan Speed button** to cycle through Low (L), Medium (M), and High (H) fan speeds.
- The unit operates quietly, with noise levels as low as 24dB.

Image: The Afloia MIROPRO operating quietly at a low noise level of 24dB, suitable for bedroom use.

Timer Setting:

- Press the **Timer button** to set the operating time for 2 hours (2H), 4 hours (4H), or 8 hours (8H). The unit will automatically shut off after the set time.

Light Modes:

- Press the **Light button** () to cycle through different light modes: off, colorful cycling, or fixed color mode.

CHANGEABLE SEVEN COLOR LIGHT

7 color cycle or select one color

Image: The Afloia MIROPRO showcasing its changeable seven-color light feature, allowing users to select a fixed color or a cycling mode.

Humidifier Operation:

- Ensure the humidifier module is properly attached and filled with water.
- The evaporative humidification works silently to add moisture to the air without visible mist.
- To refill water, simply pour water into the top opening of the humidifier module.

Image: Illustration of the humidifier's whirlwind fan technology, which adds 5oz of moisture to the air every hour.

Operation Video:

6. MAINTENANCE

Filter Replacement:

The red LED light will flash continuously when the air purifier filter needs replacement. It is recommended to replace the Afloia filter element every 3-6 months, depending on usage and air quality.

Image: The Afloia MIROPRO displaying a red light indicator for filter replacement.

Replacing the Air Purifier Filter:

1. Unplug the unit from the power outlet.
2. Open the filter compartment (refer to setup instructions).
3. Remove the old filter.
4. Insert a new Afloia Original Filter (B08CVFXPMC), ensuring all packaging is removed.

5. Close the filter compartment.

Image: A clean, new Afloia air purifier filter, ready for replacement.

Replacing the Humidifier Filter:

- 1. Remove the humidifier module from the main unit.
- 2. Access the humidifier filter.
- 3. Replace with a new Afloia Humidifier Filter (B08L98WGCH).

Image: A blue humidifier filter, indicating it's specifically for the humidification module.

Cleaning:

- Wipe the exterior of the unit with a soft, dry cloth.
- Clean the humidifier water tank regularly to prevent mineral buildup and ensure optimal performance.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
No mist from humidifier	Evaporative humidification (mistless design).	This is normal. The unit uses evaporative technology, which does not produce visible mist.
Unit is loud	Fan speed is set to High.	Reduce the fan speed to Medium or Low.
Filter Replacement Alert (Red LED flashing)	Air purifier filter has reached its saturation point.	Replace the air purifier filter (B08CVFXPMC) as per maintenance instructions.
Humidifier not adding moisture	Water tank is empty or humidifier filter is clogged.	Refill the water tank. Check and replace the humidifier filter (B08L98WGCH) if necessary.
