2. Important Safety Warnings

Failure to follow these warnings could result in serious injury.

- Always supervise children when using the top bunk and slide.
- Do not exceed the maximum weight recommendation for each bed.
- Ensure the bed is properly assembled and stable before use. Regularly check all connections and tighten as necessary.
- The top bunk is not suitable for children under 6 years of age.
- Use only mattresses that are 6 inches thick for the top bunk and 6-8 inches thick for the bottom bunk.
- Ensure the mattress for the top bunk does not exceed the guardrail height.
- Always use the guardrails on the top bunk.

- Prohibit more than one person on the top bunk.
- Prohibit horseplay on or under the bed.
- Prohibit jumping on the bed.
- Always use the ladder for entering and leaving the top bunk.
- The slide is intended for single-user use at a time. Ensure the landing area is clear.
- Keep hands and feet clear of moving parts, especially when operating drawers.

3. Package Contents

Your MERITLINE Twin Over Full Bunk Bed is shipped in multiple packages (typically three). Please ensure all packages have arrived before beginning assembly. Carefully unpack all components and verify against the parts list provided in your separate assembly manual. If any parts are missing or damaged, contact customer service immediately.

5. Setup and Assembly

Assembly of the MERITLINE Twin Over Full Bunk Bed is required. An installation instruction manual is shipped with the product. Please follow the clear and logical illustrations provided in that manual for step-by-step guidance.

5.1 General Assembly Guidelines:

- **Preparation:** Clear a spacious area for assembly. Lay out all parts and hardware. It is recommended to have at least two adults for assembly.
- **Tools:** Ensure you have the necessary tools as specified in the assembly manual (e.g., screwdriver, Allen wrench).
- **Sequence:** Follow the numbered steps in the provided manual precisely. Do not skip steps.
- **Connections:** Hand-tighten all bolts initially. Once the entire structure is assembled, go back and fully tighten all connections. Do not overtighten.
- **Stairs and Slide Placement:** The storage stairs can be placed on either the left or right side of the bed. The ladder can also be interchanged left and right. The slide's position is typically fixed once assembled.
- **Time:** While some assemblies may be quick, setting aside sufficient time (e.g., several hours) will help ensure a thorough and correct setup.

6. Operation and Use

6.1 Using the Bunk Beds:

- **Upper Bunk:** Access the upper bunk using the integrated ladder on the storage stairs. Ensure guardrails are always in place.
- **Lower Bunk:** The full-sized lower bunk provides ample sleeping space.

6.2 Storage Stairs:

The integrated stairs provide safe access to the upper bunk and feature built-in storage compartments. These compartments can be used to store books, toys, or other small items, helping to keep the room tidy.

6.3 Slide:

The slide provides an alternative, fun way to exit the upper bunk. Ensure the area at the bottom of the slide is clear before use. The slide is designed with a buffer for safety.

6.4 Under-Bed Drawers:

Two spacious drawers are located under the lower bunk, offering additional storage for bedding, clothes, or toys. These drawers are designed for easy access and smooth operation.

7. Maintenance and Care

- **Cleaning:** Wipe the bed frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Hardware Check:** Periodically check all bolts, screws, and connections to ensure they are tight. Loose hardware can compromise the bed's stability and safety. Tighten as needed.
- **Structural Integrity:** Inspect the wooden components regularly for any signs of damage, cracks, or wear. Address any issues promptly to maintain safety.
- **Slide Inspection:** Ensure the slide remains securely attached and free from obstructions or damage.

8. Troubleshooting

8.1 Common Issues and Solutions:

- **Missing or Damaged Parts:** If you find any parts missing or damaged upon unpacking, do not proceed with assembly. Contact MERITLINE customer service immediately for replacements.
- **Difficulty During Assembly:** Refer to the detailed assembly manual. Ensure all parts are correctly oriented and that you are using the correct hardware for each step. If issues persist, contact customer service.
- **Bed Feels Unstable:** Double-check all connections and ensure every bolt is securely tightened. Verify that the bed is placed on a level surface.

- **Drawers Not Sliding Smoothly:** Check for any obstructions in the drawer glides. Ensure the drawers are correctly aligned within their tracks.
