KAWADA NBMC_12S

KAWADA nanoblock mininano Godzilla Assortment 1 Building Kit Instruction Manual

Model: NBMC_12S | Brand: KAWADA

Introduction Safety
Information Setup Assembly Maintenance Troubleshooting Specifications Warranty & Support

1. Introduction

Thank you for purchasing the KAWADA nanoblock mininano Godzilla Assortment 1 Building Kit. This kit allows you to construct miniature 3D models of various Godzilla characters using micro-sized building blocks.
This product is designed for enthusiasts aged 8 and above, with an assembly difficulty level rated at 2 out of 5 (entry level). Enjoy the process of building intricate models that fit in the palm of your hand.

2. Safety Information

- **Choking Hazard:** This product contains small parts and is not suitable for children under 3 years of age. Keep all components away from infants and young children to prevent accidental ingestion.
- **Adult Supervision:** Adult supervision is recommended during assembly, especially for younger users, due to the small size of the blocks.
- **Handling:** Handle blocks carefully. Avoid excessive force during assembly to prevent damage to the blocks or injury.
- **Intended Use:** This product is intended for indoor use only as a building and display model.

3. Setup

1. **Unpack the Kit:** Carefully open the product packaging. Each blind box contains one character and its corresponding instruction sheet and blocks.
2. **Identify Components:** Inside each blind box, you will find a sealed bag of nanoblocks and a folded instruction sheet

specific to the character.

3. **Prepare Your Workspace:** Choose a clean, flat, and well-lit surface for assembly. Due to the small size of the blocks (as small as 4mm x 5mm), it is advisable to work in an area where small parts will not be easily lost.
4. **Review Instructions:** Before starting, unfold and review the detailed step-by-step instructions provided for your specific character.

4. Assembly Instructions

Each nanoblock kit comes with a specific instruction sheet for the character it contains. Follow these general guidelines for successful assembly:

1. **Sort Blocks:** If desired, sort the blocks by color or size to make them easier to find during assembly.
2. **Follow Steps Sequentially:** The instruction sheet provides visual, step-by-step diagrams. Assemble the model by following these steps in the order presented.
3. **Secure Connections:** Ensure each block is firmly pressed into place to create a stable structure. The blocks are designed for a precise fit.
4. **Refer to Diagrams:** Pay close attention to the orientation and placement of each block as shown in the diagrams.
5. **Patience is Key:** Building with nanoblocks requires precision and patience due to their small size. Take your time to enjoy the building process.

5. Maintenance

- **Cleaning:** To clean your assembled nanoblock models, gently wipe them with a dry, soft cloth. For stubborn dust, a slightly damp cloth can be used, but ensure no water seeps into the block connections. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store unassembled blocks in a secure container to prevent loss. Keep assembled models away from direct sunlight and extreme temperatures to preserve their color and structural integrity.
- **Disassembly:** If disassembling a model, do so carefully to avoid damaging the blocks. Small tools like tweezers may assist in separating tightly connected blocks.

6. Troubleshooting

Problem	Solution

Problem	Solution
Missing a block.	Carefully check your workspace and the packaging. nanoblock kits often include a few extra small pieces. If a critical piece is missing, contact KAWADA customer support.
Blocks do not fit together.	Ensure you are using the correct blocks as indicated in the instructions. Apply firm, even pressure. If a block is damaged, replace it with an extra piece if available.
Model is unstable.	Double-check all connections to ensure blocks are fully seated. Review previous steps in the instructions to confirm correct assembly.
Difficulty understanding instructions.	The instructions are primarily visual. Pay close attention to the diagrams and the number of studs on each block. Online communities or videos may offer additional visual guidance.

7. Specifications

Brand: KAWADA

Model Name: Godzilla - Godzilla Assortment 1 (Box of 6 Blind Boxes), mininano Series

Model Number: NBMC_12S

Age Recommendation: 8+ years (Manufacturer Minimum Age: 15 years, as per specifications, but product description states 8+)

Difficulty Level: 2 (out of 5, entry level)

Block Size: As small as 4mm x 5mm

Number of Pieces: 6 characters per assortment (each blind box contains one character)

Item Dimensions (average figure): Approximately 1.18 x 2 x 2.08 inches (3 x 5 x 5.3 cm)

Item Weight (per figure): Approximately 0.16 Kilograms (0.35 lbs)

Material: Building Blocks (Note: Product specifications list "Wood", but nanoblocks are typically made of plastic. Please verify if this is a special edition.)
