nanoblock NBPM_068

nanoblock Pokémon Lucario Building Kit Instruction Manual

Model: NBPM_068

1. Introduction

This instruction manual provides detailed guidance for assembling your nanoblock Pokémon Lucario building kit. The Lucario model, part of the nanoblock Pokémon Collection series, stands approximately 2.9 inches tall and consists of 160 micro-sized pieces. This kit is designed for builders aged 15 and up, with a difficulty level rated as 3 out of 5.

nanoblock is a micro-sized building block system originating from Japan, allowing for the creation of intricate 3D models with exceptional detail.

2. Safety Information

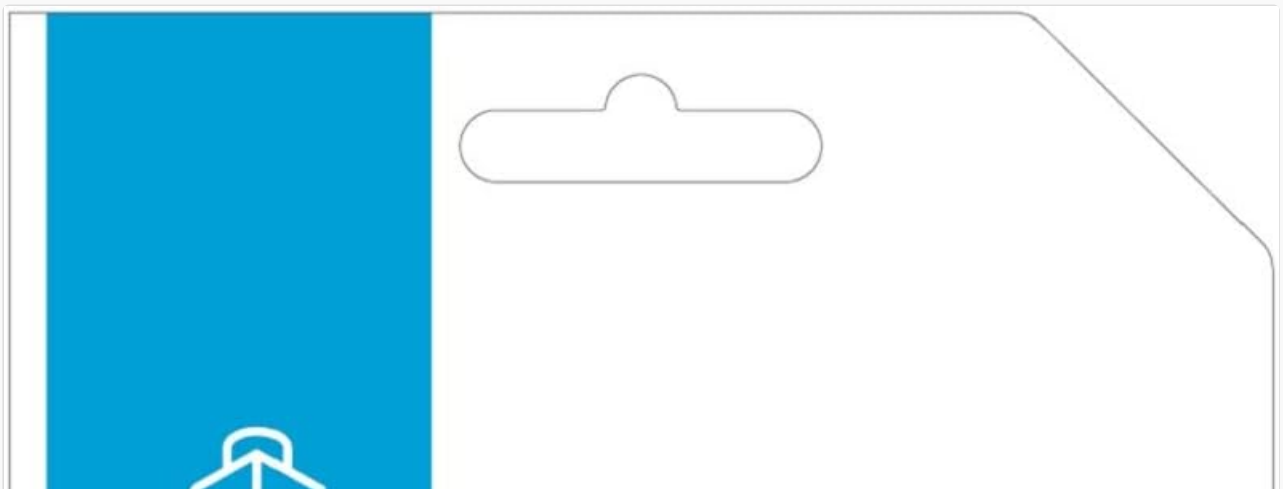

WARNING: CHOKING HAZARD - Small Parts.

This product contains very small parts and is not suitable for children under 3 years of age. Adult supervision is recommended during assembly, especially for younger users or those new to micro-sized building blocks. Keep all pieces away from small children and pets to prevent accidental ingestion.

3. What's in the Box

Your nanoblock Pokémon Lucario kit includes the following components:

- Lucario [Pokémon] nanoblock Building Kit (160 pieces)
- Detailed step-by-step instruction sheet

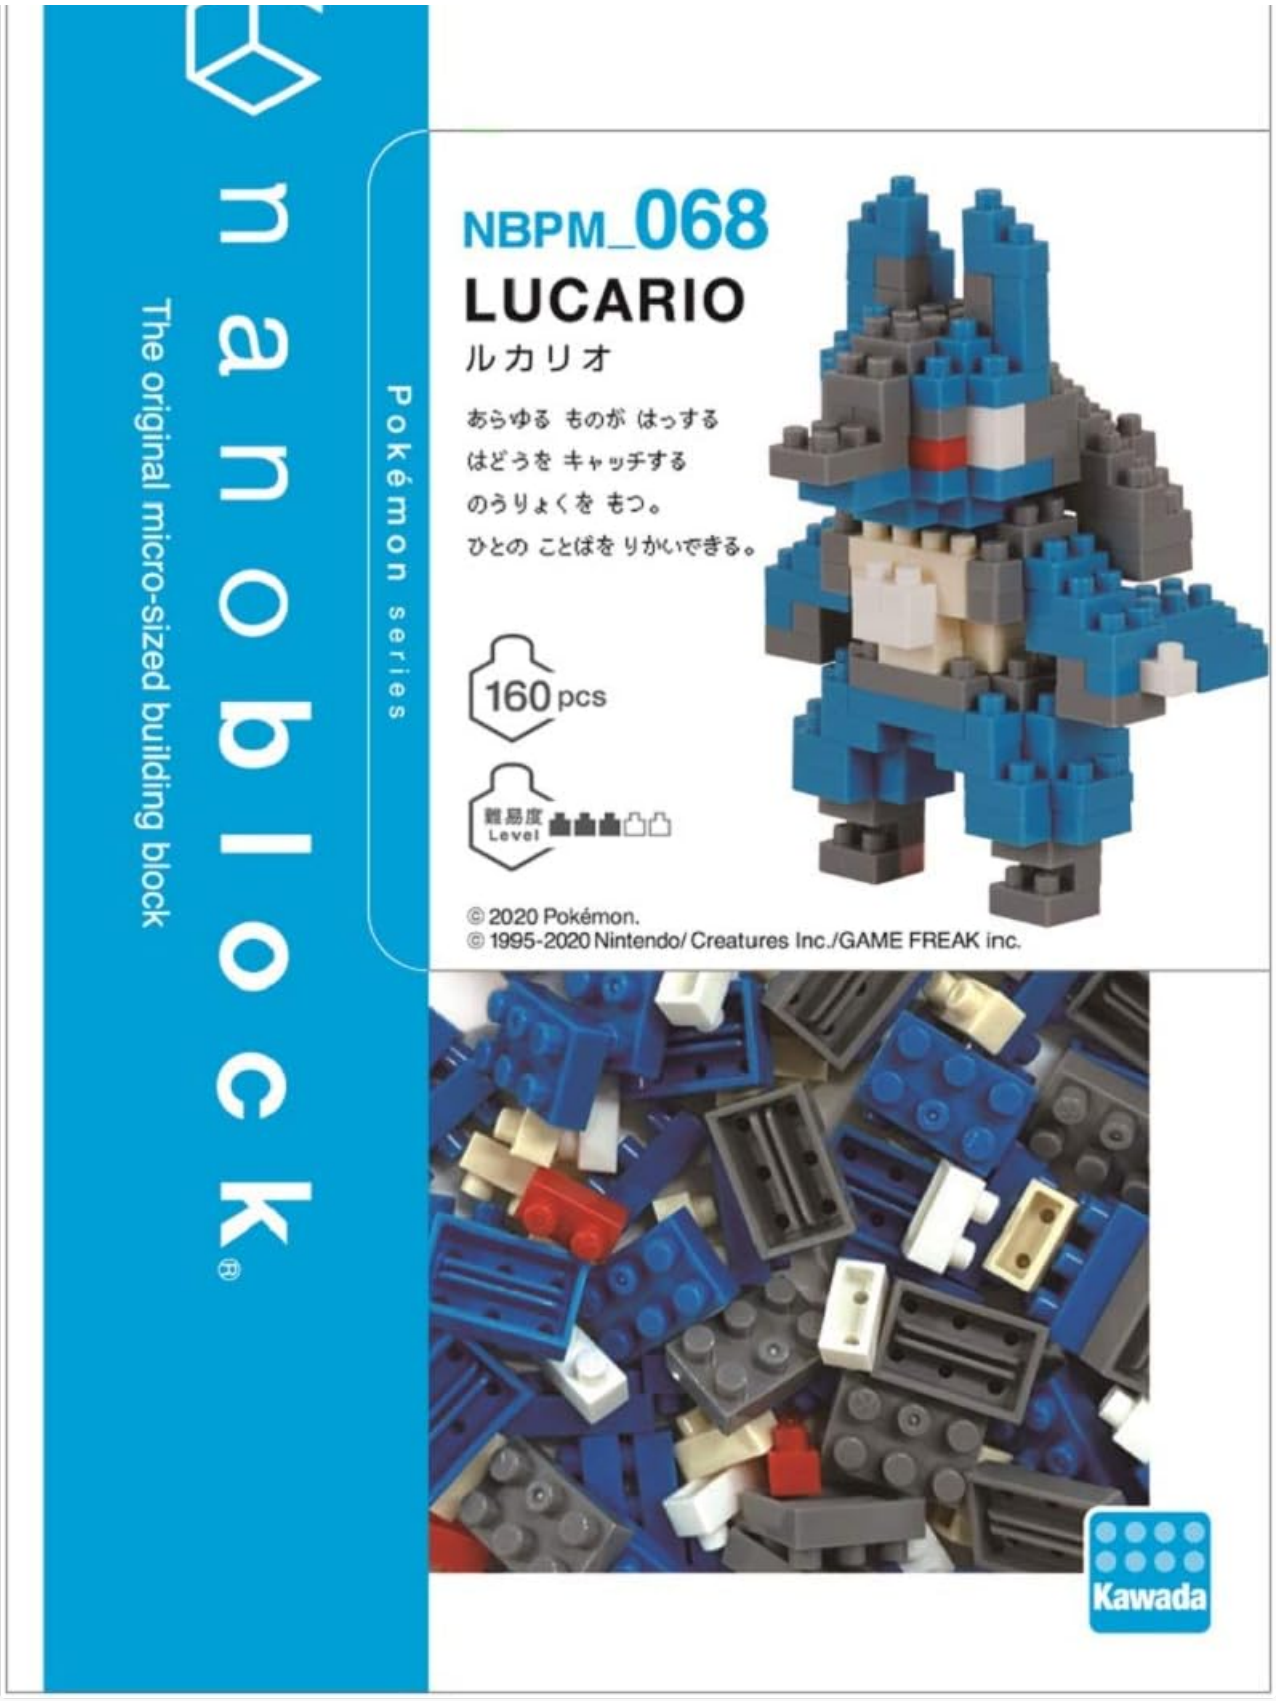

Figure 1: nanoblock Pokémon Lucario product packaging. The package displays the Lucario model, piece count (160 pcs), and the nanoblock logo.

Figure 2: Size reference of the nanoblock Pokémon Lucario package held in a hand, indicating its compact size (approximately 7.3 inches or 18 cm in length).

4. Assembly Instructions

Follow the detailed step-by-step instructions provided within your nanoblock kit. The small size of the blocks (as small as 4mm x 4mm x 5mm) allows for intricate detail, but requires careful handling.

1. **Preparation:** Open the package and carefully empty all nanoblock pieces onto a clean, flat, and well-lit surface. It is recommended to use a tray or a surface with raised edges to prevent pieces from getting lost.
2. **Sorting:** While not strictly necessary, some builders find it helpful to sort pieces by color or size before beginning assembly.
3. **Follow the Manual:** Refer to the included instruction booklet. Each step illustrates which blocks to use and where to place them. Pay close attention to the orientation of the blocks.
4. **Precision:** Due to the micro size, precision is key. Use tweezers (not included) if you find it difficult to place small blocks with your fingers.
5. **Layer by Layer:** nanoblock models are typically built layer by layer from the base upwards. Ensure each layer is firmly pressed together before proceeding to the next.
6. **Difficulty Level:** This model is rated Level 3. Expect a moderate challenge and allocate sufficient time for assembly.

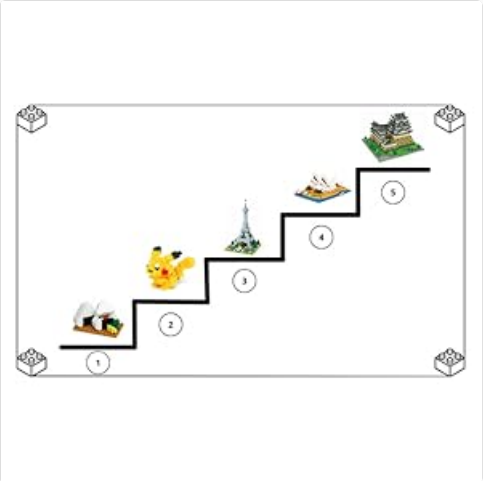

Figure 4: An illustration of the nanoblock difficulty scale, ranging from Level 1 (easiest) to Level 5 (most advanced). The Lucario model is Level 3.

5. Display and Care

Once assembled, your nanoblock Lucario model can be displayed as a decorative item. While durable, the small connections can be fragile if subjected to excessive force.

- **Display:** Place your finished model on a stable, flat surface away from direct sunlight and extreme temperatures to prevent discoloration or warping.
- **Cleaning:** To clean, gently dust with a soft brush or a can of compressed air. Avoid using harsh chemicals or abrasive materials.
- **Handling:** Handle the model with care, especially when moving it, to avoid accidental disassembly.

Figure 5: Example of various nanoblock models displayed as decorative items, demonstrating their potential for collection and exhibition.

6. Troubleshooting

- **Missing Pieces:** In the rare event of missing pieces, first double-check your work area thoroughly. Due to their small size, pieces can easily be overlooked. If pieces are confirmed missing, refer to the warranty and support section for contact information.
- **Difficulty with Placement:** If you struggle with placing very small blocks, consider using fine-tipped tweezers for better grip and precision.
- **Model Instability:** Ensure all blocks are firmly pressed together. If a section feels loose, re-examine the instruction steps for that section to confirm correct placement and connection.

7. Specifications

Product Name	nanoblock Pokémon - Lucario
Model Number	NBPM_068
Brand	nanoblock (Kawada)
Number of Pieces	160
Assembled Dimensions	Approximately 2.52 x 2.2 x 2.87 inches (6.4 x 5.6 x 7.3 cm)
Item Weight	1.06 ounces (30 grams)
Difficulty Level	3 out of 5
Recommended Age	15 years and up
Release Date	May 1, 2021

8. Warranty and Support

For product support and assistance within the United States, ensure your product box has a Bandai Namco warning label. This label serves as proof of purchase for an officially licensed Kawada product, distributed by its sole and authorized distributor for the U.S. Markets.

This product has undergone thorough safety testing and complies with all North American consumer product safety regulations.
For further inquiries or support, please refer to the contact information provided on the product packaging or the official nanoblock website.
