WantJoin K90 Blender Replacement Pitcher Instruction Manual

Model: JK-SBJCUP

INTRODUCTION

This instruction manual provides essential information for the proper use, maintenance, and care of your WantJoin K90 Blender Replacement Pitcher (Model: JK-SBJCUP). This pitcher is designed exclusively for the WantJoin K90 Blender. Please read this manual thoroughly before first use to ensure optimal performance and longevity of your product.

CUPS COMPATIBILITY

Ideal Match with Exclusive Blender Model

Figure 2: The replacement pitcher is compatible with WantJoin K90 Black, K90 Grey, and K90 White blender models.

SETUP

1. **Unpack:** Carefully remove the replacement pitcher from its packaging. Inspect for any damage.
2. **Initial Cleaning:** Before first use, wash the pitcher, lid, and blade assembly with warm, soapy water. Rinse thoroughly and dry.
3. **Placement:** Ensure your WantJoin K90 Blender base is on a stable, flat surface. Place the clean pitcher securely onto the blender base.

OPERATING INSTRUCTIONS

1. Filling the Pitcher

- The pitcher has a large capacity of **2200ml**, suitable for various blending tasks.
- Add your desired ingredients to the pitcher. Do not exceed the "MAX" fill line indicated on the pitcher.

Figure 3: The 2200ml capacity pitcher, ideal for preparing multiple servings.

2. Securing the Lid

- Place the lid firmly onto the pitcher. Ensure it is properly seated to prevent spills during operation.
- The lid features a removable feeding cap, allowing you to add ingredients safely while the blender is running.

Figure 4: Smart feeding lid design for adding ingredients during blending.

3. Blending

- Once the pitcher is filled and the lid is secure, operate your WantJoin K90 Blender according to its main instruction manual.
- The stainless steel blade assembly is designed for efficient crushing of ice, nuts, and other ingredients for juices, smoothies, and complementary foods.

4. Official Product Video

Your browser does not support the video tag.

Video 1: This video demonstrates the WantJoin K90 Blender's features, including its silent design, BPA-free pitcher material, large capacity, ease of adding ingredients, one-button operation, auto-cleaning function, and effective noise reduction.

MAINTENANCE

1. Cleaning the Pitcher

- For easy cleaning, the pitcher is designed for simple disassembly.
- After each use, rinse the pitcher immediately. For thorough cleaning, fill the pitcher with warm water and

a drop of dish soap, then run the blender on a low setting for a few seconds. Rinse thoroughly.

- For deeper cleaning or to access the blade, use a blender wrench or three screwdrivers (leveraging principle) to carefully unscrew the blade assembly from the bottom of the pitcher.

Figure 6: Instructions for disassembling the blade for comprehensive cleaning.

2. Storage

Ensure the pitcher is completely dry before storing. Store in a clean, dry place away from direct sunlight and heat.

TROUBLESHOOTING

- **Pitcher not fitting securely:** Ensure the pitcher is correctly aligned with the blender base. Check for

any obstructions or debris on the base or bottom of the pitcher.

- **Leaks from the bottom of the pitcher:** Verify that the blade assembly is tightly secured. If the issue persists, inspect the seal for damage or wear.
- **Blender not operating:** Refer to the main WantJoin K90 Blender instruction manual for troubleshooting power and motor-related issues. This pitcher is a replacement part and does not contain electrical components.

If you encounter any issues not covered here, or if problems persist, please contact WantJoin customer support.
