

MIDOLA MD-H01

MIDOLA Kids Wired Headphones MD-H01 Instruction Manual

PRODUCT OVERVIEW

The MIDOLA Kids Wired Headphones MD-H01 are designed for children aged 3-15+, offering a safe and comfortable audio experience. These headphones feature volume limiting technology to protect young ears, a built-in microphone for communication, and a durable, foldable design for portability.

- **2-Stage Volume Limit Protection:** Features 85dB mode for ages 3-8 and 94dB for school-age children, switchable with a 'DB' button.
- **Stereo Sound & Built-in Mic:** Equipped with a 1.2M cord and a standard 3.5mm headphone jack, compatible with various devices. The built-in microphone allows for calls and track control.
- **Lightweight & Comfortable:** Designed with soft ear cushions and a 4-speed retractable headband to fit growing kids.
- **Durable Materials:** Constructed to withstand the active use of children.

SETUP INSTRUCTIONS

Setting up your MIDOLA Kids Wired Headphones is straightforward. Follow these steps to begin using them:

1. **Unpack:** Carefully remove the headphones and the attached 3.5mm AUX cord from the packaging.
2. **Adjust Headband:** Gently extend or retract the headband to fit the user's head comfortably. The headband is designed to be adjustable for various head sizes.
3. **Connect to Device:** Insert the 3.5mm AUX jack into the headphone port of your compatible device (e.g.,

tablet, laptop, smartphone). Ensure the connection is secure.

OPERATING INSTRUCTIONS

The MIDOLA Kids Wired Headphones are designed for ease of use, with simple controls for volume and communication.

- **Volume Limiting Switch:** Locate the 'DB' button on the in-line control. Press this button to switch between the 85dB (Study Mode) and 94dB (Travel Mode) volume limits. Choose the appropriate mode based on the listening environment and user's age to protect hearing.

- **Microphone Usage:** The built-in microphone allows for hands-free calls and online interactions. When connected to a compatible device, the microphone will automatically activate for voice input.
- **Track Control:** Use the in-line controls to play/pause audio or skip tracks, depending on your device's compatibility.

CARE AND MAINTENANCE

To ensure the longevity and optimal performance of your MIDOLA Kids Wired Headphones, follow these care and maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe down the earcups and headband. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, fold the headphones and store them in a clean, dry place away from direct sunlight and extreme temperatures.

- **Cable Care:** Avoid excessive pulling or bending of the audio cable to prevent damage. Do not wrap the cable too tightly.
- **Water Resistance:** These headphones are not water-resistant. Avoid exposure to liquids.

TROUBLESHOOTING

If you encounter any issues with your MIDOLA Kids Wired Headphones, refer to the following troubleshooting tips:

- **No Sound:**
 - Ensure the 3.5mm AUX jack is fully inserted into the device's headphone port.
 - Check the volume level on your connected device.
 - Verify that the volume limit switch on the in-line control is not set to a very low volume.
 - Test the headphones with another device to rule out a device-specific issue.
- **Microphone Not Working:**
 - Ensure the headphones are securely connected to a device that supports microphone input via the 3.5mm jack.
 - Check the microphone settings on your device to ensure it is enabled and selected as the input source.
 - Some devices may require specific software or app settings for the microphone to function correctly.
- **Uncomfortable Fit:**
 - Adjust the retractable headband to find the most comfortable fit for the user.
 - Ensure the ear cushions are properly positioned over the ears.
