Bialetti Mini Express Lichtenstein Moka Set Instruction Manual

Model: 0001405/MR

INTRODUCTION

This manual provides instructions for the safe and efficient use of your Bialetti Mini Express Lichtenstein Moka Set. This innovative coffee maker is designed to deliver espresso directly into the included cups, which are kept warm by a special aluminum plate. Please read all instructions carefully before first use.

Image: The Bialetti Mini Express Lichtenstein Moka Set, featuring a yellow base and two matching Pop Art themed espresso cups, ready for use.

SAFETY INFORMATION

- Always ensure the coffee maker is placed on a stable, heat-resistant surface during operation.
- Do not touch hot surfaces. Use the handle to move the coffee maker.
- Keep out of reach of children.
- Do not fill the boiler above the safety valve level.

- Ensure the upper and lower parts are securely screwed together before heating.
- Do not use the coffee maker without water or coffee.
- The included cups and the aluminum plate become very hot during brewing. Handle with caution.

COMPONENTS

The Bialetti Mini Express Moka Set consists of the following main components:

1. **Upper Chamber with Spouts:** Collects brewed coffee and dispenses it into cups.
2. **Filter Funnel:** Holds ground coffee.
3. **Boiler (Lower Chamber):** Holds water.
4. **Safety Valve:** Releases excess pressure.
5. **Aluminum Support Plate:** Warms the cups during brewing.
6. **Handle:** For safe handling.
7. **Espresso Cups:** Two porcelain cups designed to receive coffee directly.

Image: A close-up view of the coffee maker's dispensing spouts and the two included espresso cups.

SETUP AND FIRST USE

1. **Unpack:** Carefully remove all components from the packaging.
2. **Wash:** Before first use, wash all parts (except the boiler exterior) with warm water and mild soap. Rinse thoroughly.
3. **Seasoning (Optional but Recommended):** Brew 2-3 batches of coffee that you will discard. This helps to season the pot and remove any metallic taste.

OPERATING INSTRUCTIONS

Follow these steps to brew coffee with your Bialetti Mini Express:

1. **Fill the Boiler:** Unscrew the upper chamber from the boiler. Fill the boiler (lower chamber) with cold water up to the level of the safety valve. Do not exceed this level.

Image: Step 1 - Filling the boiler with water.

2. **Add Coffee:** Insert the filter funnel into the boiler. Fill the filter funnel with ground coffee. Do not tamp the coffee. Level the grounds gently.

Image: Step 2 - Adding ground coffee to the filter.

3. **Assemble:** Screw the upper chamber firmly onto the boiler. Ensure a tight seal to prevent steam leakage.
4. **Place Cups:** Position the two included espresso cups on the aluminum support plate beneath the spouts.
5. **Heat:** Place the coffee maker on a stovetop over medium heat. Keep the handle away from direct heat.

Image: Step 3 - Heating the moka pot with cups in position.

6. **Brewing:** As the water heats, pressure builds, forcing water through the coffee grounds and up into the upper chamber, where it is dispensed directly into the cups. You will hear a gurgling sound as the coffee brews.
7. **Serve:** Once both cups are filled, remove the coffee maker from the heat. Serve immediately.

Image: Step 4 - Enjoying the brewed coffee.

Note: The aluminum support plate and cups will be hot. Use caution when handling.

MAINTENANCE AND CLEANING

- Rinsing:** After each use, allow the coffee maker to cool completely. Disassemble and rinse all parts with warm water only.
- No Detergents:** Do not use detergents or abrasive materials, as these can damage the aluminum and affect the coffee's taste.
- Hand Wash Only:** This product is not dishwasher safe. Washing in a dishwasher can cause damage and alter the coffee flavor.
- Drying:** Dry all components thoroughly before reassembling and storing to prevent oxidation and mineral buildup.
- Gasket and Filter:** Periodically check the rubber gasket and filter plate for wear. Replace if necessary to maintain optimal brewing performance.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Coffee does not brew or brews slowly.	Insufficient water in boiler. Coffee grounds too fine or tamped too tightly. Heat too low. Loose assembly.	Ensure water is filled to the safety valve. Use medium-fine grounds; do not tamp. Increase heat to medium. Screw parts together tightly.
Water leaks from the side.	Upper and lower chambers not screwed tightly. Worn or damaged rubber gasket.	Tighten the chambers securely. Inspect and replace the gasket if necessary.
Coffee tastes burnt or bitter.	Heat too high. Coffee brewed for too long. Dirty coffee maker.	Reduce heat to medium. Remove from heat immediately after brewing is complete. Clean thoroughly after each use.
Cups get too hot.	Cups placed on plate too early.	Wait until percolation sound begins before placing cups on the warming plate.

SPECIFICATIONS

Brand: Bialetti

Model Name: Mini Express

Model Number: 0001405/MR

Capacity: 2-Cup (2.8 Oz)

Material: Aluminum

Color: Yellow (Pop Art Theme)

Operation Mode: Manual

Product Dimensions: 24"D x 24"W x 11"H (Note: These dimensions seem unusually large for a 2-cup moka pot and may refer to packaging or an error in source data. Please verify actual product dimensions.)

Item Weight: 1.44 pounds

Included Components: Coffee Maker, 2 Espresso Cups

WARRANTY INFORMATION

Specific warranty details for the Bialetti Mini Express Lichtenstein Moka Set are not provided in this manual. Please refer to the product packaging or the official Bialetti website for warranty terms and conditions.
