NOKBABO iPad Keyboard Case User Manual

Model: f102ats+b

INTRODUCTION

This user manual provides detailed instructions for the NOKBABO iPad Keyboard Case, designed to enhance your iPad's functionality by transforming it into a versatile laptop-like device. It features a built-in keyboard with a multi-touch touchpad, 360° rotation, and 180° flip capabilities, offering multiple viewing angles and usage modes. Please read this manual carefully before using the product to ensure proper operation and maintenance.

WHAT'S IN THE Box

Upon unboxing, please ensure all items are present:

- 10.2 inch iPad case with keyboard
- Type-C Cable
- User Manual

SETUP

1. Inserting Your iPad

Gently align your iPad with the case's frame and press firmly until it snaps securely into place. Ensure all corners are properly seated to provide full protection.

2. Charging the Keyboard

Before first use, fully charge the keyboard. Connect the provided Type-C cable to the charging port on the keyboard and a USB power adapter (not included). The charging indicator light will illuminate during charging and turn off when fully charged. Charging time is approximately 2.5 hours.

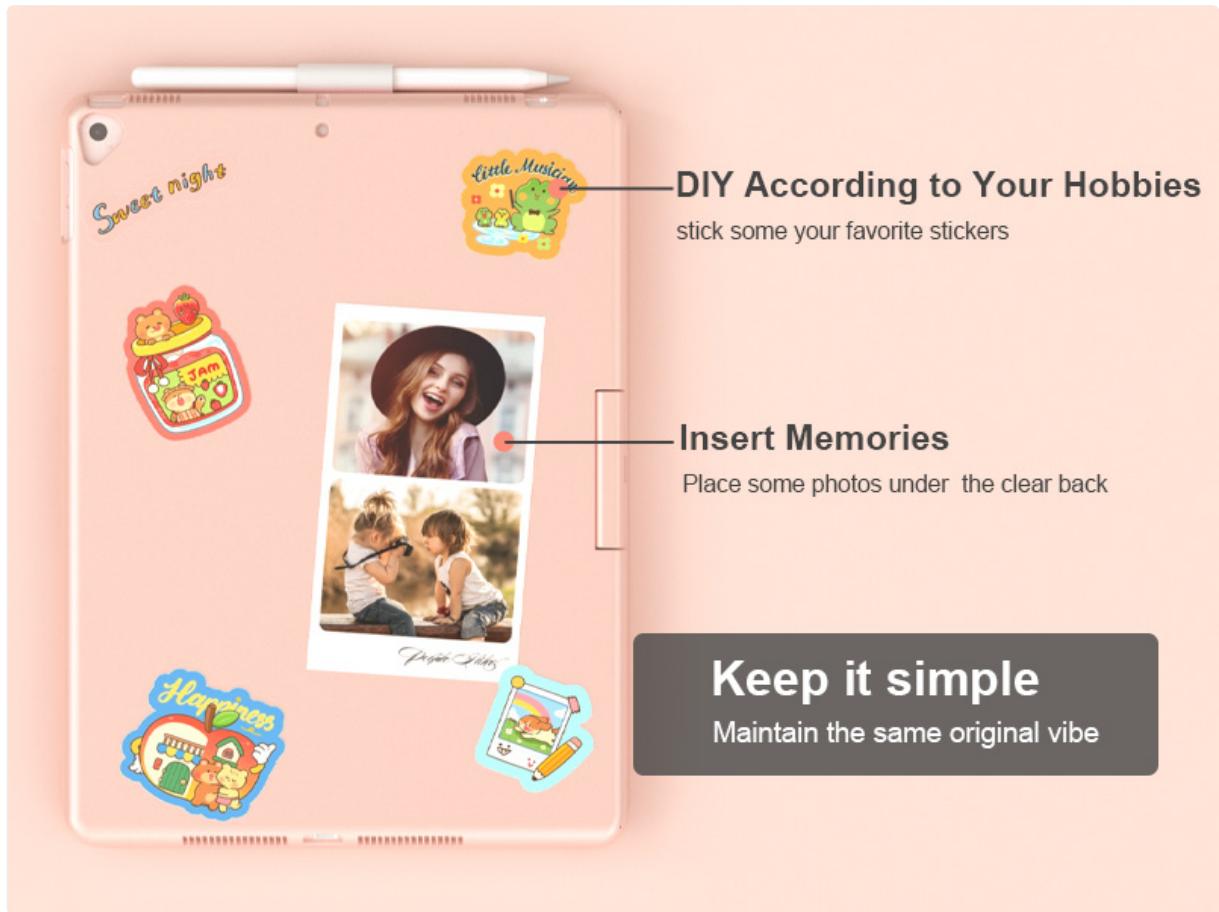

Image: Illustration of the keyboard's Type-C charging port and cable connection.

3. Bluetooth Pairing

1. Turn on the keyboard by sliding the power switch to the 'ON' position. The indicator light will flash.
2. On your iPad, go to **Settings > Bluetooth**.
3. Turn on Bluetooth. Your iPad will search for available devices.
4. Select "Bluetooth Keyboard" or similar from the list of devices.
5. Once connected, the indicator light on the keyboard will turn off.

OPERATING INSTRUCTIONS

Keyboard Functions

The keyboard features 78 standard keys and dedicated iOS/iPadOS shortcut keys for enhanced productivity.

- **Backlight Control:** Press the **Light Bulb** key to cycle through 7 different backlight colors. Press **Fn** + **Light Bulb** to adjust brightness levels (3 modes) or turn the backlight off.
- **Touchpad:** The built-in multi-touch touchpad supports various gestures for navigation, scrolling, and selection, eliminating the need for an external mouse.

7 Unique Modes

Support 360° Swivel & 180° Flip

Image: Detailed view of the keyboard's backlit keys and integrated touchpad.

360° Rotation and 180° Flip

The unique hinge design allows for full 360° rotation of your iPad and a 180° flip, providing unparalleled versatility for various tasks and viewing preferences.

360° Rotation

Usage Modes

Leverage the case's flexibility to switch between 7 unique modes:

- **Laptop Mode:** Traditional laptop setup for typing and productivity.
- **Tablet Mode:** Fold the keyboard back for a pure tablet experience.
- **Tent Mode:** Ideal for watching videos or presentations.
- **Stand Mode:** Perfect for viewing content without the keyboard in the way.
- **Share Mode:** Rotate the screen to share content with others.
- **Protect Mode:** Close the case to fully protect your iPad.
- **Corner Mode:** Unique angle for specific viewing needs.

7 Unique Modes

Support 360° Swivel & 180° Flip

MAINTENANCE

To ensure the longevity and optimal performance of your NOKBABO iPad Keyboard Case, follow these maintenance guidelines:

- **Cleaning:** Use a soft, damp cloth to wipe the exterior of the case. For the keyboard, use a dry, lint-free cloth. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** When not in use for extended periods, store the case in a cool, dry place. Ensure the keyboard is turned off to conserve battery.
- **Protection:** The case features a premium hardshell design for full protection. Avoid dropping the device or exposing it to extreme temperatures or liquids.

TROUBLESHOOTING

If you encounter issues with your NOKBABO iPad Keyboard Case, refer to the following common solutions:

- **Keyboard Not Connecting:**

- Ensure the keyboard is charged and turned on.
- Verify Bluetooth is enabled on your iPad.
- Forget the device in your iPad's Bluetooth settings and attempt to re-pair.
- Restart both your iPad and the keyboard.

- **Backlight Not Working:**

- Press the Light Bulb key to activate the backlight.
- Ensure the keyboard has sufficient battery charge.

- **Touchpad Unresponsive:**

- Ensure the touchpad is enabled (if there's a dedicated function key for it, refer to keyboard layout).
- Clean the touchpad surface.
- Reconnect the Bluetooth connection.

- **Keys Not Responding:**

- Ensure the keyboard is properly connected via Bluetooth.
- Check for low battery on the keyboard.
