vidaXL Aluminum Pole Garden Parasol (180x110 cm, Black) - Instruction Manual

Model: 47334

1. INTRODUCTION

This instruction manual provides important information for the safe assembly, operation, and maintenance of your vidaXL Aluminum Pole Garden Parasol. Please read this manual thoroughly before use and retain it for future reference.

This garden parasol is designed to provide shade and protection from harmful UV rays. Its canopy is crafted from UV-protective, fade-resistant polyester, ensuring optimal sun protection and easy cleaning. The durable aluminum poles provide a sturdy and stable structure. The parasol features a 180-degree rotation capability, allowing you to easily adjust its angle to the sun's position for continuous shade.

2. SAFETY INSTRUCTIONS

- Always close the parasol during strong winds, heavy rain, or other adverse weather conditions to prevent damage to the parasol and potential injury.
- Ensure the parasol base is stable and adequately weighted to prevent tipping. A heavy base (not always included) is highly recommended for stability.
- Keep the parasol away from open flames, heaters, or other heat sources.
- Do not allow children to play unsupervised near or with the parasol.
- Regularly inspect all components for wear and tear. Replace damaged parts immediately.
- Do not attempt to modify the parasol structure or components.

3. PACKAGE CONTENTS

Please check that all components are present and undamaged before beginning assembly. If any parts are missing or damaged, contact customer service.

- 1x Parasol Canopy (Black, 180 x 110 cm)
- 1x Aluminum Pole Set (includes lower pole, middle pole, and cross pole)
- 1x Base Component (Note: A separate, heavy parasol base is typically required for full stability and is often sold separately.)
- 1x Instruction Manual

4. SETUP AND ASSEMBLY

Assembly of the vidaXL Garden Parasol is straightforward. Follow these steps carefully:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.
2. **Assemble the Pole:** Connect the lower pole, middle pole, and cross pole sections. Ensure they are securely fastened.
3. **Attach Canopy:** Slide the parasol canopy onto the assembled pole structure. Ensure all arms of the canopy are correctly seated in their respective connectors.
4. **Secure in Base:** Insert the assembled parasol pole into a suitable, weighted parasol base (not always included). Ensure the base is heavy enough to support the parasol, especially in light winds.

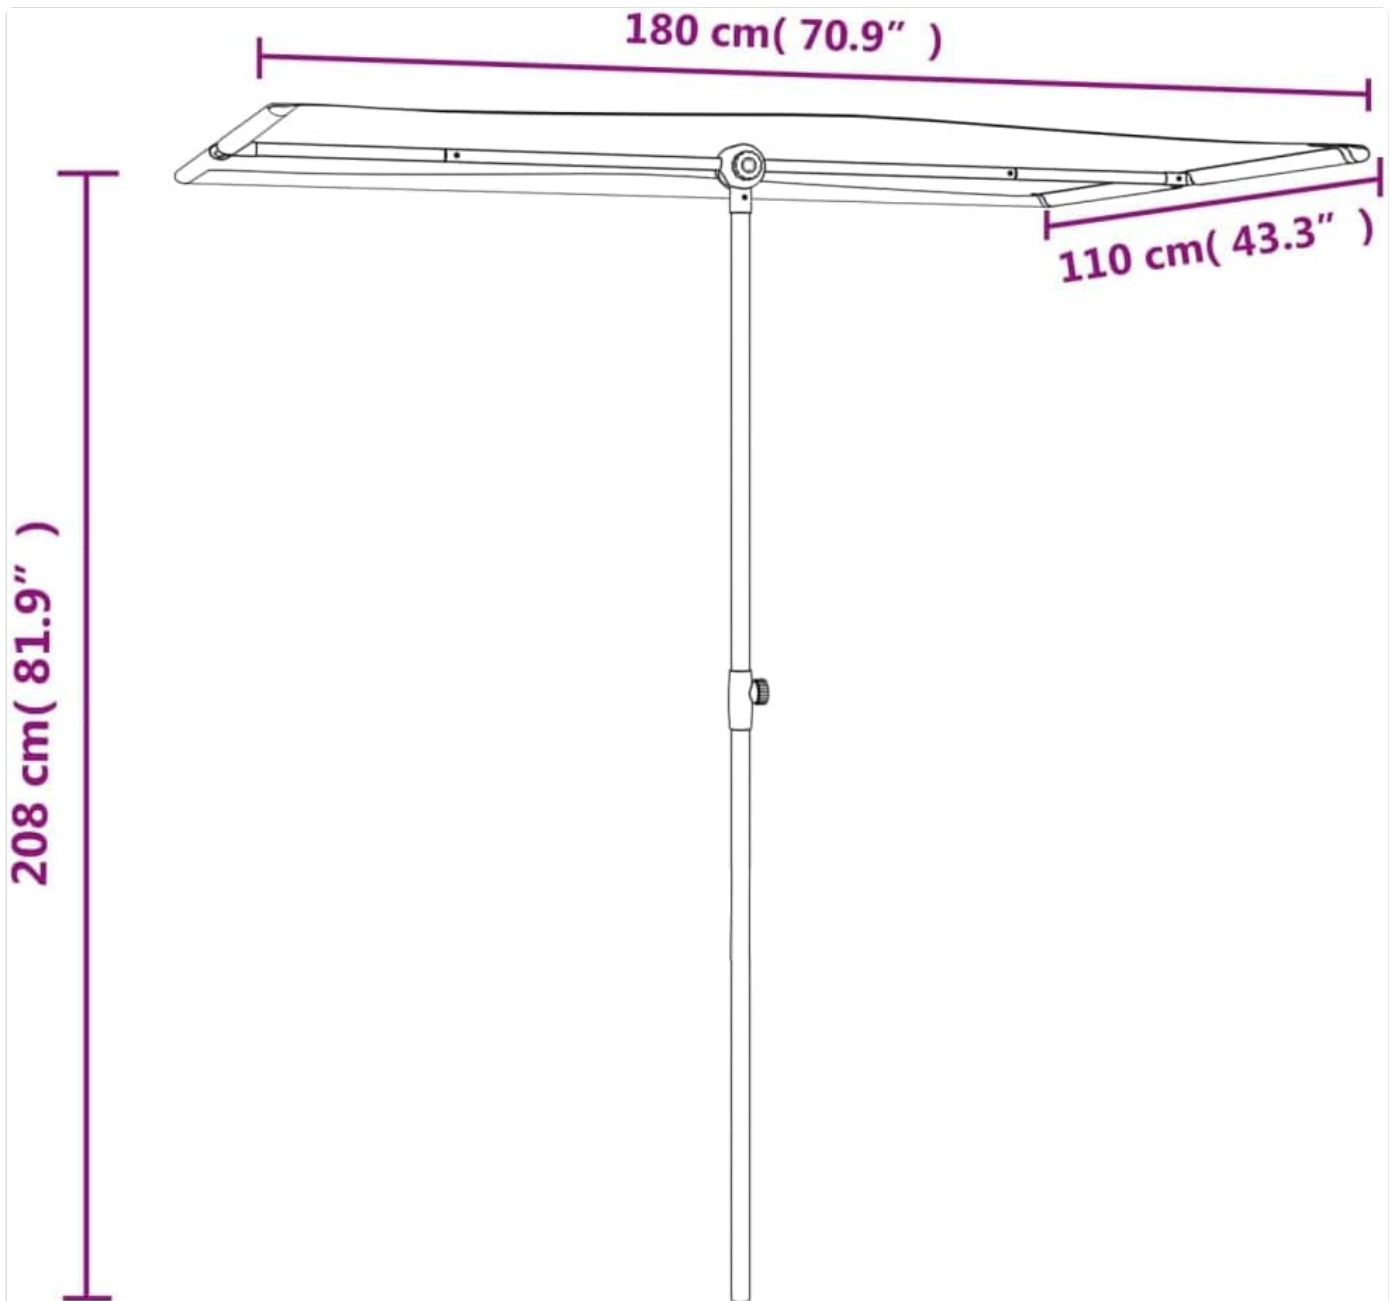

Image 4.2: Dimensional overview of the parasol, indicating its overall length, width, and height after assembly.

5. OPERATING INSTRUCTIONS

Your vidaXL Garden Parasol offers adjustable features for optimal sun protection.

5.1. Opening and Closing the Parasol

Gently push up the canopy until it locks into the open position. To close, locate the release mechanism (often a button or lever on the pole) and carefully lower the canopy.

5.2. Adjusting the Angle (180-degree Rotation)

The parasol canopy can be rotated 180 degrees to follow the sun's movement throughout the day. Loosen the adjustment knob located on the pole, rotate the canopy to the desired angle, and then tighten the knob to secure it in place.

Image 5.1: Illustration demonstrating the 180-degree rotation capability of the parasol canopy.

Image 5.2: A detailed view of the adjustment knob used to control the parasol's angle and height.

5.3. Adjusting the Height

The parasol's height can be adjusted. Loosen the height adjustment clamp on the main pole, slide the upper section of the pole to the desired height, and then securely tighten the clamp.

Image 5.3: Visual guide illustrating how to adjust the height of the parasol pole.

6. MAINTENANCE

Proper maintenance will extend the life of your parasol.

- **Cleaning the Canopy:** The polyester canopy is easy to clean. Use a mild soap solution and a soft brush or cloth to remove dirt and stains. Rinse thoroughly with clean water and allow to air dry completely before closing or storing.
- **Pole Maintenance:** Wipe aluminum poles with a damp cloth to remove dirt. Avoid abrasive cleaners.
- **Weather Protection:** While the canopy is UV-protective, it is recommended to apply a waterproofing spray if the parasol will be exposed to heavy rain.

- **Storage:** When not in use for extended periods or during off-season, close the parasol and store it in a dry, protected area. A parasol cover (not included) can provide additional protection.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Parasol is unstable or tips over easily.	Insufficiently weighted base; strong winds.	Ensure a heavy, stable base is used. Close the parasol in windy conditions.
Difficulty adjusting angle or height.	Adjustment knob/clamp is too tight or mechanism is dirty.	Loosen the knob/clamp sufficiently. Clean any dirt or debris from the mechanism. Do not force adjustments.
Canopy appears faded or damaged.	Prolonged exposure to harsh sun or weather; physical damage.	Store the parasol when not in use. Consider a protective cover. Replace canopy if severely damaged.

8. SPECIFICATIONS

Brand	vidaXL
Model Number	47334
Color	Black
Pattern	Solid
Included Components	Base (component), Cover (canopy)
Product Weight	2.9 Kilograms
Canopy Size (Length x Width)	180 x 110 cm
Overall Dimensions (L x W x H)	180 x 110 x 208 cm
Material	Fabric (100% Polyester), Aluminum, Plastic
Lower Pole Diameter	22 mm
Middle Pole Diameter	22 mm
Cross Pole Diameter	22 mm
Adjustable Height	Yes
Rotation	180 degrees

9. WARRANTY AND SUPPORT

For warranty information, product support, or to inquire about replacement parts, please refer to your purchase documentation or contact vidaXL customer service directly. You can typically find contact information on the retailer's website or on the original product packaging.
