Automatic Volume Syncing

Never get startled by accidentally blasting the volume - the speaker and your phone automatically sync volume

Image: iHome PLAYGLOW speaker with automatic volume syncing feature. The speaker features automatic volume syncing, preventing sudden loud sounds by synchronizing its volume with your connected device.

Setup

1. Charging the Speaker:

- Before first use, fully charge the speaker using the included USB charging cable.
- Connect the small end of the USB cable to the charging port on the speaker and the larger end to a USB power adapter (not included) or a computer's USB port.
- The charging indicator light will show the charging status.

2. Powering On/Off:

- Press and hold the Power button (usually located on the back or top) for a few seconds until you hear an audible prompt or see the LED lights activate.
- To power off, press and hold the Power button again until the speaker powers down.

3. Bluetooth Pairing:

- Ensure the speaker is powered on and in pairing mode (indicated by a flashing Bluetooth indicator light).

- On your mobile device, go to Bluetooth settings and enable Bluetooth.
- Look for "iHome PLAYGLOW" (or similar) in the list of available devices and select it to pair.
- Once successfully paired, you will hear a confirmation tone, and the Bluetooth indicator light will become solid.

Operating Instructions

1. Playing Audio:

- Once paired, start playing audio from your connected device.
- Use the Play/Pause button on the speaker to control playback.

2. Volume Control:

- Use the Volume Up (+) and Volume Down (-) buttons on the speaker to adjust the audio level.
- You can also control the volume directly from your connected device.

3. Changing Light Modes:

- Press the Light Mode button (often indicated by a sun or star icon) to cycle through the different color-changing modes.
- Some models may allow you to select a static color or turn off the lights completely.

4. Answering/Ending Calls:

- If connected to a smartphone, an incoming call will typically pause music playback.
- Press the Play/Pause button to answer an incoming call.
- Press the Play/Pause button again to end the call.

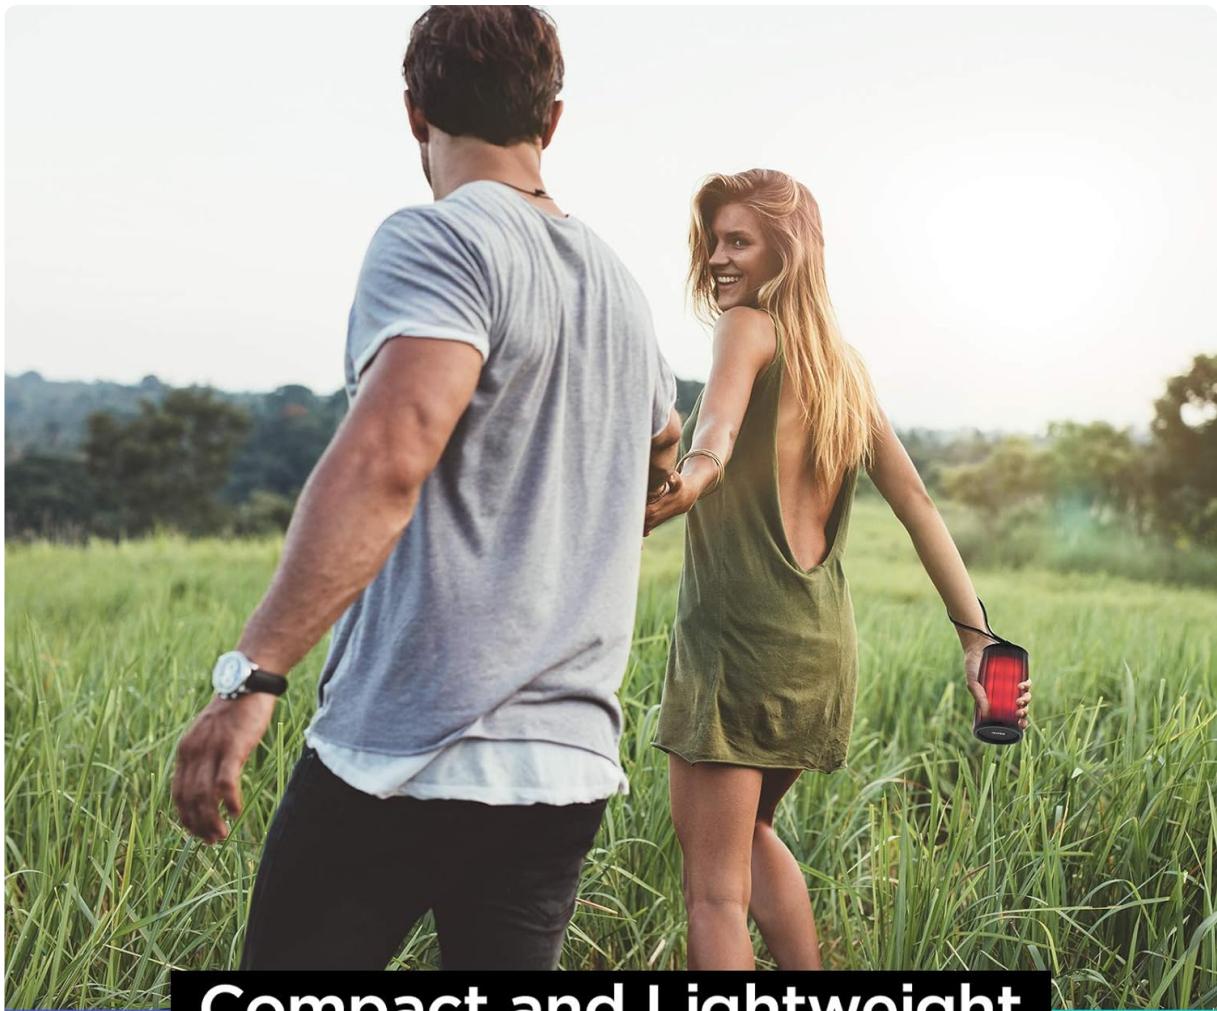

Hours of Listening Enjoyment

Each full charge provides up to 27 hours of non-stop music

Maintenance

- Cleaning:** Use a soft, dry cloth to clean the speaker. Do not use liquid cleaners or abrasive materials.
- Storage:** Store the speaker in a cool, dry place away from extreme temperatures and direct sunlight.
- Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge it regularly, even if not in use for extended periods.

Troubleshooting

Problem	Solution
Speaker does not power on	Ensure the battery is charged. Connect the speaker to a power source using the USB cable.

Problem	Solution
Cannot pair via Bluetooth	Make sure the speaker is in pairing mode. Disable and re-enable Bluetooth on your device. Move the speaker closer to your device.
No sound or low volume	Check volume levels on both the speaker and your connected device. Ensure the speaker is properly paired.
LED lights not working	Press the Light Mode button to cycle through modes or turn them on. Ensure the speaker is powered on.
