Suptek MST002 Monitor Stand Instruction Manual

Model: MST002

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Suptek MST002 Monitor Stand. Please read these instructions carefully before use to ensure proper setup and safe operation. This monitor stand is designed to elevate your screen to an ergonomic height and provide additional storage space on your desk.

PRODUCT FEATURES

- **Multipurpose Design:** Can be configured as a single-layer or two-layer stand, suitable for monitors, laptops, printers, or gaming consoles.
- **Ventilated Surface:** Features a perforated platform to promote airflow and prevent device overheating.
- **Stable and Durable Construction:** Made from heavy-duty alloy steel, capable of supporting equipment up to 20 kg (44 lbs).
- **Ergonomic Benefits:** Elevates your monitor to a comfortable viewing height, helping to improve posture and reduce neck and shoulder strain.
- **Anti-slip Pads:** Equipped with reinforced bottom rubber pads to prevent sliding and protect your desk surface from scratches.

2 Layer Structure

A good desk helper to save space

You can diy it as a single layer or 2-layer stand riser

PACKAGE CONTENTS

Please verify that all components are present before beginning assembly:

- Monitor Stand Platforms (2 pieces for two-layer configuration)
- Support Legs/Frames (U-shaped metal frames)
- Assembly Hardware (screws, nuts)
- Assembly Tools (small spanner, Allen key)
- Anti-slip Rubber Pads
- Instruction Manual

SETUP AND ASSEMBLY INSTRUCTIONS

The Suptek MST002 Monitor Stand is designed for quick and easy assembly. You can configure it as a single-layer or a two-layer stand based on your needs.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface. Verify all components listed in the "Package Contents" section are present.
2. **Attach Support Legs to Bottom Platform (Step 1):**
Align the U-shaped support legs with the pre-drilled holes on the bottom platform. Secure them using the provided screws and the small spanner. Ensure all connections are firm but do not overtighten.

Easy to Install

Easy to assemble in minutes,
saving time and effort

Image: Step 1 of assembly, showing how to attach the bottom platform using the provided spanner.

3. Attach Top Platform (Step 2 - for two-layer configuration):

If you are assembling a two-layer stand, align the top platform with the designated attachment points on the upper part of the support legs. Secure it using the provided screws and the Allen key. Ensure stability.

Ergonomic Design

Effectively relieve shoulder and neck fatigue

Image: Step 2 of assembly, demonstrating how to attach the top platform using the Allen key.

4. **Apply Anti-slip Pads:** Attach the anti-slip rubber pads to the bottom of the support legs to prevent movement and protect your desk surface.
5. **Final Check:** Gently shake the assembled stand to ensure all connections are secure and the stand is stable.

OPERATING INSTRUCTIONS

Once assembled, the monitor stand is ready for use. Place your monitor, laptop, or other devices on the top platform. Utilize the lower shelf for storing keyboards, mice, notebooks, or other office supplies.

- **Weight Capacity:** Do not exceed the maximum weight capacity of 20 kg (44 lbs) to ensure stability and prevent damage.
- **Placement:** Place the stand on a flat, stable surface to prevent tipping.
- **Ergonomic Positioning:** Position your monitor so that the top of the screen is at or slightly below eye level to maintain a comfortable posture.

Thickened Pad

Anti-slip mat, more stable on flat

Image: The monitor stand in use, demonstrating how it elevates a monitor for improved ergonomics and provides space for a keyboard underneath.

Image: Examples of the stand's versatile use with various devices such as laptops, printers, and monitors.

MAINTENANCE

To ensure the longevity and proper function of your Suptek MST002 Monitor Stand, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the stand with a soft, damp cloth. Avoid abrasive cleaners or solvents that could damage the finish.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Weight Distribution:** Ensure weight is evenly distributed on the stand to maintain stability.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Stand is wobbly or unstable.	Loose screws or uneven surface.	Ensure all screws are tightened. Place the stand on a flat, level surface.
Desk surface is scratched.	Anti-slip pads are missing or dislodged.	Verify that all anti-slip rubber pads are correctly attached to the bottom of the support legs.
Difficulty assembling.	Incorrect alignment of parts.	Refer to the "Setup and Assembly Instructions" section and ensure parts are aligned correctly before tightening screws.

SPECIFICATIONS

- **Model:** MST002
- **Material:** Alloy Steel

- **Color:** Black
- **Item Weight:** 2.4 Kilograms
- **Load Capacity:** Up to 20 kg (44 lbs)
- **Number of Levels:** 2 (configurable to 1)
- **Special Features:** Dual-height design with vented platform for heat dissipation, anti-slip pads.
- **Assembly Required:** Yes
