SAFETY INFORMATION

- For indoor use only.
- Maximum weight capacity: 300 lbs. Do not exceed this limit.
- Use caution when adjusting chair height and recline to prevent injury.
- Ensure all screws and bolts are tightened securely before use and periodically check for looseness.
- Keep hands and fingers clear of moving parts during adjustments.
- Do not stand on the chair.

SETUP AND ASSEMBLY

Assembly is required for this chair. Please follow the steps below carefully. It is recommended to have two people for assembly.

Package Contents

ADJUSTABLE MULTI-DIRECTIONAL ARMRESTS

Allows the gamer to adjust to the position that best suits the game.

Assembly Steps

- 1. Attach the Armrests:** Securely fasten the armrests to the seat base using the provided screws. Ensure they are oriented correctly.
- 2. Connect Backrest to Seat:** Align the backrest with the seat mechanism and attach it using the designated bolts.
- 3. Install the Footrest:** Slide the footrest into its designated slots under the seat.
- 4. Assemble the Base:** Insert the casters (wheels) into the star base. Place the gas lift cylinder into the center hole of the star base.
- 5. Attach Seat to Base:** Carefully place the assembled seat and backrest onto the gas lift cylinder, ensuring it is seated firmly.
- 6. Attach Headrest and Lumbar Pillows:** Position the headrest and lumbar support pillows as desired.

OPERATING INSTRUCTIONS

Chair Adjustments

- **Seat Height Adjustment:** Pull the lever located under the right side of the seat upwards to raise or lower the seat. Release the lever at the desired height.
- **Backrest Recline:** Pull the lever on the right side of the chair upwards to recline the backrest. Lean back to the desired angle (90 to 160 degrees) and release the lever to lock it in place.
- **Armrest Adjustment:** The armrests are multi-directional. Use the buttons or levers on the armrests to adjust their height, pivot, and slide forward/backward.
- **Footrest Extension:** Pull the footrest out from under the seat when desired. Push it back in when not in use.

Bluetooth Speaker Operation

Your GTRACING GT890MF chair is equipped with dual Bluetooth 5.1 speakers for an immersive audio experience.

- 1. Power On:** Locate the power button for the Bluetooth speakers, typically on the side or back of the chair. Press and hold to power on. A sound or indicator light will confirm activation.
- 2. Pairing Mode:** The speakers will automatically enter pairing mode when powered on for the first time, or if no device is connected. An indicator light will usually flash.
- 3. Connect Device:** On your smartphone, tablet, or other Bluetooth-enabled device, go to Bluetooth settings and search for available devices. Select "GTPLAYER" or a similar name to connect.
- 4. Audio Playback:** Once connected, audio from your device will play through the chair's speakers. Adjust volume from your connected device.
- 5. Power Off:** Press and hold the power button again to turn off the speakers.

ROCK OUT WHILE YOU GAME WITH OUR BLUETOOTH SPEAKER CHAIR

A separate USB Bluetooth transmitter is shown as an option for non-Bluetooth devices.

MAINTENANCE

- Cleaning:** Wipe clean with a damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the faux leather upholstery.
- Inspection:** Periodically check all bolts and screws to ensure they are tight. Re-tighten if necessary.
- Caster Care:** Keep casters free of hair and debris to ensure smooth rolling.
- Storage:** Store the chair in a dry, cool place away from direct sunlight to prevent material degradation.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Chair does not adjust height	Gas lift lever not engaged or gas lift faulty.	Ensure the lever is fully pulled. If issue persists, contact support for gas lift replacement.
Backrest does not recline/lock	Recline lever not engaged or mechanism obstructed.	Ensure the recline lever is fully pulled/released. Check for obstructions in the recline mechanism.
Bluetooth speakers not pairing	Speakers not powered on, out of range, or already paired to another device.	Ensure speakers are charged and powered on. Move device closer to chair. Disconnect from other devices. Try restarting both chair speakers and your device.
Chair is wobbly	Loose bolts or uneven assembly.	Check and tighten all assembly bolts. Ensure the chair is on a flat, even surface.
