Controls and Ports

Image: Close-up view of the DUDAO Y2 speaker's side, detailing the control buttons and input ports.

- **Power Button:** Press and hold to power on/off. Short press to play/pause.
- **Mode Button (M):** Short press to switch between Bluetooth, TF Card, and AUX modes.
- **Volume Down / Previous Track Button (-):** Short press for previous track. Press and hold to decrease volume.
- **Volume Up / Next Track Button (+):** Short press for next track. Press and hold to increase volume.
- **Micro USB Port:** For charging the speaker.
- **TF Card Slot:** Insert a TF (MicroSD) card for music playback.
- **AUX Port:** Connect external audio devices using the 3.5mm audio cable.

SETUP

Charging the Speaker

Before first use, fully charge the speaker. Connect the provided USB charging cable to the speaker's Micro USB port and the other end to a USB power adapter (not included) or a computer's USB port. The charging indicator light will illuminate during charging and turn off when fully charged. A full charge typically takes 2-3 hours.

Power On/Off

- **To Power On:** Press and hold the Power button for approximately 3 seconds until you hear an audible prompt and the indicator light flashes.
- **To Power Off:** Press and hold the Power button for approximately 3 seconds until you hear an audible prompt and the indicator light turns off.

OPERATING INSTRUCTIONS

Bluetooth Pairing

1. Power on the speaker. It will automatically enter Bluetooth pairing mode, indicated by a flashing blue LED.
2. Enable Bluetooth on your smartphone, tablet, or other Bluetooth-enabled device.
3. Search for Bluetooth devices and select "DUDAO Y2" from the list.
4. Once paired, the speaker will emit an audible confirmation, and the blue LED will remain solid.
5. If pairing fails, power off the speaker and repeat the steps.

TF Card Mode

1. Insert a TF (MicroSD) card with MP3 audio files into the TF card slot.
2. If the speaker is not already in TF Card mode, short press the Mode (M) button until you hear the corresponding prompt.
3. The speaker will automatically begin playing music from the TF card.

AUX Mode

1. Connect one end of the 3.5mm audio cable to the speaker's AUX port and the other end to the audio output jack of your external device (e.g., MP3 player, computer).
2. Short press the Mode (M) button until you hear the AUX mode prompt.
3. Audio will now play through the speaker from your connected device. Control playback from your external device.

Call Function (Bluetooth Mode)

- **Answer Call:** When a call comes in, short press the Power button to answer.
- **End Call:** During a call, short press the Power button to end the call.
- **Reject Call:** When a call comes in, press and hold the Power button to reject.

Volume and Track Control

- **Volume Up:** Press and hold the "+" button.
- **Volume Down:** Press and hold the "-" button.
- **Next Track:** Short press the "+" button.
- **Previous Track:** Short press the "-" button.

MAINTENANCE

- Clean the speaker with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Avoid exposing the speaker to extreme temperatures, direct sunlight, or high humidity.
- Store the speaker in a cool, dry place when not in use for extended periods.
- Keep the speaker away from water, although it is waterproof, prolonged submersion is not recommended.

TROUBLESHOOTING

Issue	Possible Solution
Speaker does not power on.	Ensure the speaker is fully charged. Connect to a power source and try again.
Cannot pair via Bluetooth.	Ensure the speaker is in Bluetooth pairing mode (flashing blue LED). Turn off and on your device's Bluetooth. Move the speaker closer to your device.
No sound from speaker.	Check the volume level on both the speaker and your connected device. Ensure the correct mode (Bluetooth, TF Card, AUX) is selected.
Sound distortion.	Reduce the volume on both the speaker and your device. Ensure the audio source is of good quality.
TF card not recognized.	Ensure the TF card is inserted correctly and contains compatible audio files (MP3). Try a different TF card.
