Green Heights Whole Dry Milk Powder - 24 Ounce Instruction Manual

1. PRODUCT OVERVIEW

Green Heights Whole Dry Milk Powder is a versatile dairy product made from pure milk. It is processed with a shorter pasteurization and quicker drying method to preserve flavor. This product offers a convenient and economical alternative to liquid whole milk, suitable for various culinary applications.

This whole dry milk powder is 100% natural, sourced from dairy farms in the USA, and designed for a longer shelf life. It is free from artificial hormones, GMOs, cholesterol, gluten, and BPA. It is rich in calcium and protein, making it a nutritious addition to your diet.

2. INGREDIENTS

Ingredients: Pasteurized Skim Milk & Cream.

Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition.

3. DIRECTIONS FOR USE

This whole dry milk powder is easily soluble in water to create liquid milk, and can be used in various recipes for drinking, cooking, and baking.

Preparation Instructions:

- **To make one cup of whole milk:** Mix 3 tablespoons of Whole Dry Milk Powder with 1 cup of water.
- **To make one quart of whole milk:** Mix 1/2 cup of Whole Dry Milk Powder with 3-1/2 cups of water.

For optimal reconstitution, mix the powder and water in a blender or with a wire whisk until smooth. Refrigerate the prepared milk after making.

4. NUTRITIONAL INFORMATION

Nutritional values are based on typical servings of whole dry milk powder.

Nutrient	Amount (per serving)	% Daily Value
Calories	160 Kcal	-
Calcium	295 mg	25%
Protein	8g	16%

5. STORAGE

Store the dry milk powder in a cool, dry place. Once reconstituted, liquid milk should be refrigerated and consumed within a few days, similar to fresh milk.

Product Shelf Life: 6 Months (unopened, stored properly).
