SBU Grey Boat Cover

INSTRUCTION MANUAL FOR RANGER COMANCHE Z 521 S 2011

1. Product Overview

The SBU Grey Boat Cover is engineered to provide comprehensive, year-round protection for your Ranger Comanche Z 521 S 2011 boat. Constructed from heavy-duty, weather-resistant materials, this cover is suitable for trailering, storage, and mooring, safeguarding your vessel from environmental elements.

2. Key Features

- **Durable Material:** Made from cutting-edge 600 Denier (600D) canvas, a urethane-coated marine-grade woven polyester material that resists shrinking.
- **All-Season Protection:** Designed for continuous year-round protection against sun, rain, snow, and other environmental factors.
- **Water Repellency:** Features a high rating of water repellency to keep your boat dry.
- **Integrated Trailing System:** Includes adjustable straps with quick-release buckles for secure fitting during transport.
- **Elastic Hem:** A fully elastic bungee cord in the hem around the bottom ensures a semi-custom, snug fit.
- **Ventilation:** Equipped with rear air vents to prevent wind lofting and allow inside moisture to escape, promoting air circulation.
- **Reinforced Stress Points:** Defensive, non-scratch reinforcements at stress points enhance durability.

3. Package Contents

Upon opening your SBU Grey Boat Cover package, you should find the following items:

- 1 x SBU Grey Boat Cover
- Adjustable Tie Down Trailing Straps with Quick-Release Buckles
- 1 x Convenient Storage Bag

4. Setup and Installation

Installing your SBU Boat Cover is designed to be straightforward. Follow these steps for optimal fit and protection:

1. **Prepare Your Boat:** Ensure your boat is clean and free of sharp edges that could potentially damage the cover.
2. **Unfold the Cover:** Carefully unfold the boat cover and identify the front (bow) and rear (stern) sections. The cover is semi-custom fit for the Ranger Comanche Z 521 S 2011.
3. **Position the Cover:** Drape the cover over your boat, aligning the bow and stern. The elastic hem around the bottom will help guide the fit.
4. **Secure with Straps:** Utilize the integrated buckle and strap system. Thread the adjustable tie-down straps through the buckles and tighten them securely around the boat and trailer. Ensure straps are taut but not over-tightened to prevent damage to the cover or boat.
5. **Check Vents:** Confirm that the rear air vents are not obstructed to allow for proper air circulation and moisture escape.

Important Note:

- If your boat has a wakeboard tower, tall bow rails, or an extended swim platform, this cover might not fit properly. Please verify your boat's dimensions against the cover's design.
- Use of a support pole with the boat cover is highly recommended to prolong the life of your boat cover during storage by preventing water pooling. Support poles are sold separately.

Video 4.1: An overview of the SBU boat cover, demonstrating its features and how the strapping system works for secure fitting. This video highlights the material and design for all-weather protection.

5. Usage (Trailer, Storage, Mooring)

The SBU Grey Boat Cover is versatile and designed for multiple applications:

- **Trailer:** The integrated buckle and strap system ensures the cover remains secure during highway travel at generally accepted safe trailering speeds. Always double-check strap tension before trailering.
- **Storage:** Whether storing your boat on a trailer, dock, or boat lift, the cover provides protection from dust, debris, UV rays, and moisture. Ensure the cover is dry before long-term storage to prevent mildew.
- **Mooring:** For boats moored in water, the cover offers protection from sun and rain. Use of a sandbag kit is suggested for mooring purposes (sold separately) to help keep the cover in place.

6. Maintenance

Proper maintenance will extend the life of your SBU Boat Cover:

- **Cleaning:** Clean the cover periodically with mild soap and water. Use a soft brush or sponge to remove dirt and grime. Rinse thoroughly with clean water and allow to air dry completely before folding or storing.
- **Drying:** Always ensure the cover is completely dry before folding and placing it in the storage bag to prevent mildew and odors.
- **Inspection:** Regularly inspect the cover for any signs of wear, tears, or damage. Promptly repair any small damages to prevent them from worsening.
- **Storage:** When not in use, store the cover in its convenient storage bag in a cool, dry place away from direct sunlight.

7. Specifications

Attribute	Detail
Brand	SBU
Model Number	SBUBCCMGR-55288
Compatible Boat Model	Ranger Comanche Z 521 S (2011)
Material	600 Denier Marine Grade Woven Canvas Polyester
Color	Grey
Water Resistance Level	Water Resistant
Special Features	Water-Resistant, Sun-Protection, Adjustable, UV Protection, Lightweight
