ZINUS Yelena Metal Platform Bed Frame - Semi-Double Instruction Manual

Model: Yelena Metal Platform Bed Frame Semi-Double

1. INTRODUCTION

Thank you for choosing the ZINUS Yelena Metal Platform Bed Frame. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Please read it thoroughly before assembly and retain it for future reference.

The Yelena Metal Platform Bed Frame is designed for durability and ease of use, featuring a sturdy steel construction, quiet design, and ample under-bed storage. ZINUS is a global brand with over 15 million mattresses sold worldwide, committed to quality and customer satisfaction.

Note: This product includes the bed frame only. The mattress is sold separately.

2. SAFETY WARNINGS

- Always use a mattress with a thickness of 15 cm (approximately 6 inches) or more to ensure proper support and longevity of the bed frame.
- If using a futon directly on the bed frame, body pressure will be directly applied to the bed slats, which may lead to damage. It is recommended to use a mattress.
- Do not jump or apply concentrated weight on the bed frame, as this may cause damage.
- Assembly requires two or more adults. Attempting to assemble alone may result in injury or damage to the product.
- During assembly, ensure sufficient space and protect the floor with a mat or blanket to prevent scratches.
- This product is intended for household furniture use only. Do not use it for purposes other than its original intent, as this may lead to unexpected accidents or injuries.

3. SETUP AND ASSEMBLY

The ZINUS Yelena Bed Frame is designed for easy assembly. All necessary parts and tools are included in a single compact package.

3.1. Package Contents

Before starting assembly, verify that all components are present. Some screw parts may be pre-attached to the frame. Please check carefully before proceeding.

3.2. Assembly Steps

1. Unpack all components from the compact box.
2. Lay out the main frame sections on a protected surface.

3. Connect the frame sections using the provided tool and hardware. The intuitive design and numbering system (if applicable) make assembly straightforward.
4. Attach the support legs securely.
5. Ensure all connections are tightened before placing a mattress on the frame.

Estimated assembly time: 15-30 minutes (recommended for 2 or more adults).

4. USAGE GUIDELINES

- Place a mattress of at least 15 cm thickness on the bed frame for optimal support and product longevity.
- The sturdy steel grid structure is designed to support your mattress and extend its life.
- The bed frame features a quiet design with multiple support legs and protective caps to minimize noise and enhance

stability.

- Utilize the 31.5 cm (approximately 12.4 inches) of under-bed clearance for convenient storage of clothes, bedding, or other items.

5. CARE AND MAINTENANCE

- To clean the bed frame, wipe it with a dry cloth. Avoid using harsh chemicals or abrasive cleaners.
- Periodically check all bolts and connections to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- Avoid exposing the frame to excessive moisture or direct sunlight for prolonged periods to prevent damage to the painted finish.

6. TROUBLESHOOTING

6.1. Squeaking Noises

- If you experience squeaking, check all bolts and connections. Tighten any loose hardware.
- Ensure the bed frame is placed on a level surface. Uneven floors can cause stress on the frame and lead to noise.

6.2. Instability

- Verify that all legs are firmly on the ground and that the frame is not wobbling. Adjust leg levelers if present, or reposition the frame on a flat surface.
- Re-check all assembly connections to ensure they are fully secured.
